RECENT DEVELOPMENTS AND INFORMATION INCORPORATED BY REFERENCE

On 2 May 2025, ING Group published a press release entitled “ING posts 1Q2025 net result of €1,455 million, with strong growth in customer balances and fee income” (the “**Q1 Press Release**”). On 2 May 2025, ING Group published a press release entitled “ING completes share buyback and announces new programme of up to €2.0 billion” (the “**Buy Back Press Release**”, and together with the Q1 Press Release, the “**Press Releases**”). The Q1 Press Release contains, among other things, the condensed consolidated unaudited results of ING Group as at, and for the three month period ended, 31 March 2025. For information about recent developments in the banking business of ING Group, which is conducted substantially through ING Bank N.V. and its consolidated group, during this period, see the Q1 Press Release. Copies of the Press Releases have been filed with the AFM and, by virtue of and in accordance with this Supplement, are incorporated by reference in, and form part of, the Registration Document.

Unless otherwise indicated, any references to websites or uniform resource locators (“**URLs**”) contained in the Press Releases are deemed inactive textual references and are included for information purposes only. The contents of any such website or URL shall not by virtue of this Supplement form part of, or be deemed to be incorporated into, the Registration Document, unless otherwise indicated.

Please note, however, that the consolidated operations of the Issuer, while materially the same, are not identical with the reported financial and statistical information on a segment basis for the banking business of ING Group as described in the Q1 Press Release, because the financial and statistical information reported by ING Group also contains certain financial items incurred solely at the level of ING Group (on a standalone basis) which are therefore not included in the consolidated operations of the Issuer (being a wholly-owned subsidiary of ING Group). Despite the incorporation by reference of one or more press releases published by it, ING Group is not responsible for the preparation of the Registration Document.

Finally, the Issuer has been informed about certain significant new factors in respect of legal proceedings for which it wishes to update the section entitled “*General Information – Litigation*” in the Registration Document in the manner set out herein.

2. *The paragraph entitled “Litigation by investors” in the section entitled “General Information – Litigation” beginning on page 85 of the Registration Document shall be deleted and restated as follows (with the underlined wording being added):*

“Litigation by investors: In February and March 2024, ING and certain (former) board members were served with a writ of summons for litigation in The Netherlands on behalf of investors who claim to have suffered financial losses in connection with ING’s disclosures on historic shortcomings in its financial economic crime policies, related risk management and control systems, the investigation by and settlement with the Dutch authorities in 2018 and related risks for ING. ING does not agree with the allegations and will defend itself against these and the claimed damages of EUR 587 million. In February 2025, ING and the (former) board members have filed their statement of defense against the allegations and a court hearing is scheduled for July 2025. Separately, but relating to the same matters, in July 2024 another group of investors claiming to have suffered financial losses requested disclosure of certain ING documents and to question witnesses. ING has subsequently filed its response to the requests made with the court. A hearing took place in March 2025, where parties could share their views with the court. The court has indicated that they plan to issue a decision on the request in May 2025. ING follows IFRS rules for taking legal provisions and would disclose material amounts in this regard if and when applicable – which currently is not the case.”.

3. *The third subparagraph of the paragraph entitled “Findings regarding AML processes” in the section entitled “General Information – Litigation” beginning on page 85 of the Registration Document shall be deleted and such paragraph shall therefore be amended and restated as follows:*

“Findings regarding AML processes: As previously disclosed, after its September 2018 settlement with Dutch authorities concerning anti-money laundering matters, and in the context of significantly increased attention on the prevention of financial economic crime, ING has experienced heightened scrutiny by authorities in various countries. The interactions with such regulatory and judicial authorities have included, and can be expected to continue to include, onsite visits, information requests, investigations and other enquiries. Such interactions, as well as ING’s internal assessments in connection with its global enhancement programme, have in some cases resulted in satisfactory outcomes, and also have resulted in, and may continue to result in, findings, or other conclusions which may require appropriate remedial actions by ING, or may have other consequences. ING intends to continue to work in close cooperation with authorities as it seeks to improve its management of non-financial risks in terms of policies, tooling, monitoring, governance, knowledge and behaviour.

In January 2022, a Luxembourg investigating judge informed ING Luxembourg that he intends to instruct the relevant prosecutor to prepare a criminal indictment regarding alleged shortcomings in the AML process at ING Luxembourg. In November 2024, the Court decided to refer the case to the 'Tribunal Correctionnel' for alleged shortcomings in a limited number of individual client files. ING Luxembourg filed an appeal against this procedural decision. It is currently not possible to determine how this matter will be resolved or the timing of any such resolution, ING does not expect a financial outcome of this matter to have a material effect.

ING continues to take steps to enhance its management of compliance risks and embed stronger awareness across the whole organisation. These steps are part of the global KYC programme and set of initiatives, which includes enhancing KYC files and working on various structural improvements in compliance policies, tooling, monitoring, governance, knowledge and behaviour.”.

4. *The paragraph entitled “Claims regarding accounts with predecessors of ING Bank Türkiye” in the section entitled “General Information – Litigation” beginning on page 85 of the Registration Document shall be deleted and restated as follows (with the underlined wording being added):*

“Claims regarding accounts with predecessors of ING Bank Türkiye: ING Bank Türkiye has received numerous claims from (former) customers of legal predecessors of ING Bank Türkiye. The claims are based on offshore accounts held with these banks, which banks were seized by the Savings Deposit Insurance Fund (“SDIF”) prior to the acquisition of ING Bank Türkiye in 2007 from OYAK. Pursuant to the acquisition contract, ING Bank Türkiye can claim compensation from SDIF if a court orders ING Bank Türkiye to pay amounts to the offshore account holders. SDIF has made payments to ING Bank Türkiye pursuant to such compensation requests, but filed various lawsuits to receive those amounts back. In April 2022 the Turkish Supreme Court decided that the prescription period for the offshore account holders’ compensation claims starts on the transfer date of the account holders to the offshore accounts. As of March 2025, four lawsuits have been finalized in favour of ING Bank Türkiye with the Turkish Supreme Court’s verdict, which are likely to be precedent decisions for the other ongoing files.

In 2024 SDIF initiated enforcement procedures against ING Bank Türkiye, based on the decision in April 2022 by the Turkish Supreme Court referred to above. SDIF alleges that this decision means that ING Bank Türkiye has to return certain payments made by SDIF regarding the offshore depositors' receivables cases, as the statute of limitations had already expired.

Additionally, ING Bank Türkiye has initiated enforcement proceedings against SDIF regarding accumulated receivables that SDIF has either partially or completely failed to pay.

At this moment it is not possible to assess the outcome of these procedures nor to provide an estimate of the (potential) financial effect of these claims.”.

5. *The paragraph entitled “Interest rate derivatives claims” in the section entitled “General Information – Litigation” beginning on page 85 of the Registration Document shall be deleted in its entirety.*
6. *The paragraph entitled “Interest surcharges claims” in the section entitled “General Information – Litigation” beginning on page 85 of the Registration Document shall be deleted in its entirety.*
7. *The paragraph entitled “Imtech claims” in the section entitled “General Information – Litigation” beginning on page 85 of the Registration Document shall be deleted in its entirety.*
8. *The paragraph entitled “Certain Consumer Credit Products” in the section entitled “General Information – Litigation” beginning on page 85 of the Registration Document shall be deleted and restated as follows (with the underlined wording being added):*

“Certain Consumer Credit Products: In October 2021, ING announced that it would offer compensation to its Dutch retail customers in connection with certain revolving consumer loans with variable interest rates that allegedly did not sufficiently follow market rates. This announcement was made in response to several rulings by the Dutch Institute for Financial Disputes (Kifid) regarding similar products at other banks. ING has recognized a provision of EUR 180 million in 2021 for compensation and costs in connection with this matter. On 22 December 2021, ING announced that it reached an agreement with the Dutch Consumers’ Association (*Consumentenbond*) on the compensation methodology for revolving credits. Based on a Kifid ruling regarding similar products, ING has amended its previously announced compensation scheme by also compensating interest on interest. In the third quarter of 2022, ING increased its provision for this matter by EUR 75 million. In the fourth quarter of 2022, ING and the Dutch Consumers’ Association reached an agreement on the compensation of customers who have had an overdraft facility or a revolving credit card with a variable interest rate. ING has started compensating such customers in line with Kifid rulings about revolving credits including ‘interest-on-interest’-effect in these cases. Timelines for compensation vary depending on customer and product segmentation and are dependent on the availability of data. In 2024 the compensation process was expedited. The compensation process is still ongoing. ING expects to substantially finalize the compensation process in the first half of 2025, with a spill-over to the third quarter of 2025 for after-care in individual cases. ING has reached out to its customers with respect to the latest KIFID ruling, to also compensate amounts under EUR 50.”

9. *The paragraph entitled “Climate litigation” in the section entitled “General Information – Litigation” beginning on page 85 of the Registration Document shall be deleted and restated as follows (with the underlined wording being added):*

“Climate litigation: In January 2024, Friends of the Earth Netherlands (*Milieudefensie*) announced that it holds ING liable for alleged contribution to climate change and threatened to initiate legal proceedings against ING. In March 2025, Milieudefensie started legal proceedings at the Court in Amsterdam against ING by serving the writ of summons. ING will defend its science-based climate approach in court.”
