“sub-unit” means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

(b) *Interest on Floating Rate Notes*

(i) *Interest Payment Dates*

Each Floating Rate Note bears interest on its outstanding nominal amount (or, if it is a Partly Paid Note, the amount paid up) from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) (each an “Interest Payment Date”) in each year specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each an “Interest Payment Date”) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression shall, in the General Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 3(b)(i)(B) of the General Conditions, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply mutatis mutandis or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business

Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or

- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention (Adjusted), such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (4) the Modified Following Business Day Convention (Unadjusted), (i) for the purpose of calculating the amount of interest payable under the Notes, such Interest Payment Date shall not be adjusted and (ii) for any other purpose, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (5) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In the General Conditions, “Business Day” means a day which is both:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in Amsterdam, New York City and any Additional Business Centre specified in the applicable Final Terms; and
- (B) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than Amsterdam, New York City or any Additional Business Centre and which if the Specified Currency is Australian dollars shall be Sydney and if New Zealand dollars, Auckland and Wellington) or (2) in relation to interest payable in euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET) System (the “TARGET System”) is open.

(ii) Rate of Interest

The Rate of Interest payable from time to time in respect of the Floating Rate Notes will be determined in the manner specified in the applicable Final Terms.

(iii) ISDA Determination

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (iii), “ISDA Rate” for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent under an interest rate swap transaction if the Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions (as amended and updated as

at the Issue Date of the first Tranche of the Notes) as published by the International Swaps and Derivatives Association, Inc. (the “ISDA Definitions”) under which:

- (A) the Floating Rate Option is as specified in the applicable Final Terms;
- (B) the Designated Maturity is the period specified in the applicable Final Terms; and
- (C) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London inter-bank offered rate (“LIBOR”) or on the Euro-zone inter-bank offered rate (“EURIBOR”) for a currency, the first day of that Interest Period or (ii) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (iii), “Floating Rate”, “Calculation Agent”, “Floating Rate Option”, “Designated Maturity” and “Reset Date” have the meanings given to those terms in the ISDA Definitions.

(iv) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation (if there is only one quotation on the Relevant Screen Page); or
- (B) the arithmetic mean (rounded if necessary to the fourth decimal place, with 0.00005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent. If five or more such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

The Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (A) above, no such quotation appears or, in the case of (B) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Final Terms as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the applicable Final Terms.

(v) Minimum and/or Maximum Rate of Interest

If the applicable Final Terms specify a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraphs (ii), (iii) and (iv) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specify a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance

with the provisions of paragraphs (ii), (iii) and (iv) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(vi) Determination of Rate of Interest and Calculation of Interest Amounts

The Agent, in the case of Floating Rate Notes, will, at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Agent will calculate the amount of interest (the “Interest Amount”) payable on the Floating Rate Notes in respect of each Specified Denomination (or the Calculation Amount if one is specified to be applicable in the applicable Final Terms) for the relevant Interest Period. Each Interest Amount or any other amount of interest payable in respect of any Note for any period shall (subject to the following sentence) be calculated by applying the Rate of Interest to the Specified Denomination (or the Calculation Amount if one is specified to be applicable in the applicable Final Terms), multiplying such sum by the applicable Day Count Fraction and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. If, however, the applicable Final Terms specify that Aggregate Nominal Amount Determination is applicable, then each Interest Amount or any other amount of interest payable in respect of any Note for any period shall be calculated by applying the Rate of Interest to the outstanding aggregate nominal amount of the relevant series of Notes, multiplying such sum by the applicable Day Count Fraction, dividing the resultant figure by the number of such Notes, and rounding the resultant figure(s) down to the nearest sub-unit of the relevant Specified Currency.

“Day Count Fraction” means, in respect of the calculation of an amount of interest on any Floating Rate Note for any period of time (from and including the first day of such period to but excluding the last) (whether or not constituting an Interest Period, the “Calculation Period”) in accordance with this Condition 3(b) of the General Conditions:

- (A) if “Actual/Actual” or “Actual/Actual (ISDA)” is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (i) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (ii) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);
- (B) if “Actual/365 (Fixed)” is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 365;
- (C) if “Actual/365 (Sterling)” is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (D) if “Actual/360” is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 360;
- (E) if “30/360”, “360/360” or “Bond Basis” is specified in the applicable Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y<sub>1</sub>” is the year, expressed as a number, in which the first day of the Calculation Period falls;

“Y<sub>2</sub>” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“M<sub>1</sub>” is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

“M<sub>2</sub>” is the calendar month, expressed as number, in which the day immediately following the last day included in the Calculation Period falls;

“D<sub>1</sub>” is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D<sub>1</sub> will be 30; and

“D<sub>2</sub>” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31 and D<sub>1</sub> is greater than 29, in which case D<sub>2</sub> will be 30;

- (F) if “30E/360” or “Eurobond Basis” is specified in the applicable Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y<sub>1</sub>” is the year, expressed as a number, in which the first day of the Calculation Period falls;

“Y<sub>2</sub>” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“M<sub>1</sub>” is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

“M<sub>2</sub>” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“D<sub>1</sub>” is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D<sub>1</sub> will be 30; and

“D<sub>2</sub>” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31, in which case D<sub>2</sub> will be 30; and

- (G) if “30E/360 (ISDA)” is specified in the applicable Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y<sub>1</sub>” is the year, expressed as a number, in which the first day of the Calculation Period falls;

“Y<sub>2</sub>” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“M<sub>1</sub>” is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

“M<sub>2</sub>” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“D<sub>1</sub>” is the first calendar day, expressed as a number, of the Calculation Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D<sub>1</sub> will be 30; and

“D<sub>2</sub>” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D<sub>2</sub> will be 30.

(vii) Notification of Rate of Interest and Interest Amount

The Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Floating Rate Notes are for the time being admitted to trading or listed and notice thereof to be published in accordance with Condition 12 of the General Conditions as soon as possible after their determination but in no event later than the fourth London Business Day (as defined below) thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Notes are for the time being admitted to trading or listed and to the Noteholders in accordance with Condition 12 of the General Conditions. For the purposes of Condition 3(b) (vii) of the General Conditions, the expression “London Business Day” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

(viii) Certificates to be Final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this paragraph (b), whether by the Agent or, if applicable, the Calculation Agent, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Guarantor, the Agent or, if applicable, the Calculation Agent, as the case may be, the other Paying Agents and all Noteholders, Receiptholders and Couponholders and (in the absence as aforesaid) no liability to the Issuer, the Guarantor, the Noteholders, the Receiptholders or the Couponholders shall attach to the Agent or, if applicable, the Calculation Agent, the Issuer or that other agent in

connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) *Interest on Dual Currency Interest Notes*

The rate or amount of interest payable shall be determined in the manner specified in the applicable Final Terms.

(d) *Interest on Partly Paid Notes*

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the applicable Final Terms.

(e) *Accrual of Interest*

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (1) the date on which all amounts due in respect of such Note have been paid; and
- (2) five days after the date on which the full amount of the moneys payable has been received by the Agent and notice to that effect has been given in accordance with Condition 12 of the General Conditions or individually.

(f) *Interest Rates Positive*

Unless specified otherwise in the applicable Final Terms, the rate of interest payable in respect of the Notes shall never be less than zero. If the formula or other method for determining a rate of interest applicable to the Notes would result in a negative figure, the applicable rate of interest will be deemed to be zero.

## **4 Payments**

(a) *Method of Payment*

Subject as provided below:

- (i) payments in a Specified Currency other than euro will be made by transfer to an account in the relevant Specified Currency (which, in the case of a payment in Japanese Yen to a non-resident of Japan, shall be a non-resident account) maintained and specified by the payee with, or by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars, shall be Melbourne and if New Zealand dollars, Wellington); and
- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment.

(b) *Presentation of Notes, Receipts and Coupons*

Other than in the case of definitive Bearer Notes in CF-form, payments of principal in respect of definitive Bearer Notes will (subject as provided below) be made in the manner provided in paragraph (a) above only against surrender of definitive Bearer Notes, and payments of interest in respect of definitive Bearer Notes will (subject as provided below) be made as aforesaid only against surrender of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the State and District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Payments of principal in respect of any definitive Bearer Notes in CF-form will be made in the manner provided in paragraph (a) above only against surrender of definitive Notes together with the Coupon sheet attached. Payments of interest in respect of any definitive Bearer Notes in CF-form will be made in conformity with the agreement concluded between the Issuer and Algemeen Obligatiekantoor van het Centrum voor Fondsenadministratie B.V. in Amsterdam (the “Obligatiekantoor”), under which agreement the Issuer has accepted the rules and regulations of the Obligatiekantoor.

Payments of instalments of principal in respect of definitive Bearer Notes (if any), other than the final instalment, will (subject as provided below) be made in the manner provided in paragraph (a) above against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Receipt. Payment of the final instalment will be made in the manner provided in paragraph (a) above against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Bearer Note. Each Receipt must be presented for payment of the relevant instalment together with the definitive Bearer Note to which it appertains. Receipts presented without the definitive Bearer Note to which they appertain do not constitute valid obligations of the Issuer. Upon the date on which any definitive Bearer Note becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Fixed Rate Notes in definitive bearer form (other than Dual Currency Notes or Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined below) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 7 of the General Conditions) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter. Upon any such Fixed Rate Note becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

As used herein, the “Relevant Date” means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 12 of the General Conditions.

Upon the date on which any Floating Rate Note, Dual Currency Note or Long Maturity Note in definitive bearer form becomes due and repayable, unmatured Coupons and Talons (if any) relating

thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A “Long Maturity Note” is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Bearer Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Bearer Note.

Payments of principal and interest (if any) in respect of Notes represented by any global Bearer Note will (subject as provided below) be made in the manner specified above in relation to definitive Bearer Notes and otherwise in the manner specified in the relevant global Bearer Note (in the case of a global Bearer Note not in New Global Note form, against presentation or surrender, as the case may be, of such global Bearer Note at the specified office of any Paying Agent outside the United States, and in the case of a global Bearer Note in New Global Note form, by payment to or to the order of the common safekeeper for such global Bearer Note). A record of each payment made against presentation or surrender of any such global Bearer Note not in New Global Note form, distinguishing between any payment of principal and any payment of interest, will be made on such global Bearer Note by such Paying Agent and such record shall be *prima facie* evidence that the payment in question has been made. If a global Bearer Note is in New Global Note form, the Issuer shall procure that details of each payment of principal and interest (if any) made in respect of Notes represented by the New Global Note shall be entered *pro rata* in the records of the relevant clearing system and the nominal amount of the Notes recorded in the records of the relevant clearing system and represented by the global Bearer Note will be reduced accordingly. Each payment so made will discharge the Issuer’s obligations in respect thereof. Any failure to make the entries in the records of the relevant clearing system shall not affect such discharge.

Where a global Bearer Note is a New Global Note, the Issuer shall procure that any exchange, payment, cancellation, exercise of any option or any right under the Notes, as the case may be, shall be entered in the records of the relevant clearing systems and upon any such entry being made, the nominal amount of the Notes represented by such global Bearer Note shall be adjusted accordingly.

The holder of a global Note shall be the only person entitled to receive payments in respect of Notes represented by such global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or DTC as the beneficial holder of a particular nominal amount of Notes represented by such global Note must look solely to Euroclear, Clearstream, Luxembourg or DTC, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of such global Note. No person other than the holder of such global Note shall have any claim against the Issuer in respect of any payments due on that global Note.

In the case of Notes held by Euroclear Netherlands, payment of interest or principal or any other payments on or in respect of the Notes to the Noteholders will be effected through Participants of Euroclear Netherlands. The Issuer shall deposit or cause to be deposited the funds intended for payment on the Notes in an account of Euroclear Netherlands. The Issuer will by such deposit be discharged of its obligations towards the Noteholders. No person other than the holder of the global Note shall have any claim against the Issuer in respect of any payments due on that global Note. Euroclear Netherlands will be discharged of its obligation to pay by paying the relevant funds to the

Euroclear Netherlands Participants which according to Euroclear Netherlands' record hold a share in the *girodepot* with respect to such Notes, the relevant payment to be made in proportion to the share in such *girodepot* held by each of such Euroclear Netherlands Participants. Euroclear Netherlands shall not be obliged to make any payment in excess of funds it actually received as funds free of charges of any kind whatsoever.

All amounts payable to DTC or its nominee as registered holder of a registered global Note in respect of Notes denominated in a Specified Currency other than U.S. dollars shall be paid by transfer by the Registrar to an account in the relevant Specified Currency of one or more of the Transfer Agents on behalf of DTC or its nominee for payment in such Specified Currency or conversion into U.S. dollars in accordance with the provisions of the Agency Agreement.

Notwithstanding the foregoing, U.S. dollar payments of principal and interest in respect of Bearer Notes will be made at the specified office of a Paying Agent in the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)) if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

Subject as set out below, payments of principal in respect of Registered Notes (whether in definitive or global form) will be made in the manner provided in paragraph (a) above against presentation and surrender (or, in the case of part payment of any sum due only, endorsement) of such Notes at the specified office of the Registrar or at the specified office of any Paying Agent. Payments of interest due on a Registered Note and payments of instalments (if any) of principal on a Registered Note, other than the final instalment, will be made to the person in whose name such Note is registered at the close of business on the fifteenth day (whether or not such fifteenth day is a business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) (the "Record Date")) prior to such due date. In the case of payments by cheque, cheques will be mailed to the holder (or the first named of joint holders) at such holder's registered address on the due date. If payment is required by credit or transfer as referred to in paragraph (a) above, application for such payment must be made by the holder to the Registrar not later than the relevant Record Date.

(c) *Payment Day*

Unless otherwise specified in the applicable Final Terms in relation to a Tranche of Notes, if the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes (unless otherwise specified in the applicable Final Terms), "Payment Day" means any day which (subject to Condition 7 of the General Conditions) is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
  - (A) the relevant place of presentation;
  - (B) London;
  - (C) Amsterdam;
  - (D) New York City; and
  - (E) any Additional Financial Centre specified in the applicable Final Terms;
- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than the place of presentation, London, Amsterdam, New York City or any Additional Financial Centre and which if the Specified Currency is Australian dollars shall be Sydney and if New Zealand dollars Auckland and Wellington) or (2) in relation to any sum payable in euro, a day on which the TARGET System is open; and
- (iii) in the case of any payment in respect of a Restricted Global Note denominated in a Specified Currency other than U.S. dollars and registered in the name of DTC or its nominee and, in respect of which an accountholder of DTC (with an interest in such Restricted Global Note) has elected to receive any part of such payment in U.S. dollars, not a day on which banking institutions are authorised or required by law or regulation to be closed in New York City.

Notwithstanding anything else in these General Conditions, in the event that an Interest Payment Date is brought forward under Condition 3(b) of the General Conditions through the operation of a Business Day Convention in circumstances which were not reasonably foreseeable by the Issuer, the relevant Payment Day shall be the first Payment Day after the Interest Payment Date as so brought forward.

(d) *Interpretation of Principal*

Any reference in the General Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) the amount at which each Note will be redeemed on the Maturity Date of the Notes (“Final Redemption Amount”);
- (ii) the redemption amount in respect of Notes payable on redemption for taxation reasons or following an Event of Default (“Early Redemption Amount”);
- (iii) the Optional Redemption Amount(s) (if any) of the Notes;
- (iv) in relation to Instalment Notes, the Instalment Amounts;
- (v) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 5(e)(iii) of the General Conditions); and
- (vi) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

## 5 Redemption and Purchase

### (a) At Maturity

Unless previously redeemed or purchased and cancelled as specified below, each Note (including each Dual Currency Redemption Note) will be redeemed by the Issuer at its Final Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms in the relevant Specified Currency on the Maturity Date.

### (b) *Redemption for Tax Reasons*

If the Issuer or, if the Deed of Guarantee were called, the Guarantor on the occasion of the next payment due in respect of the Notes or the Deed of Guarantee would be required to withhold or account for tax in respect of the Notes, then the Issuer shall forthwith give notice of such circumstance to Noteholders. In such event, the Issuer may, but shall not be obliged to, on giving not more than 30 nor less than 15 days' notice to the Noteholders (or such other period of notice as is specified in the applicable Final Terms), and upon expiry of such notice, redeem all but not some of the Notes at their Early Redemption Amount.

Notwithstanding the foregoing, if any of the taxes referred to above arises (i) by reason of any Noteholder's connection with any particular jurisdiction otherwise than by reason only of the holding of any Note or receiving or being entitled to principal or interest in respect thereof; or (ii) by reason of the failure by the relevant Noteholder to comply with any applicable procedures required to establish non-residence or other similar claim for exemption from such tax, then to the extent it is able to do so, the Issuer shall deduct such taxes from the amounts payable to such Noteholder and all other Noteholders shall receive the due amounts payable to them.

### (c) *Redemption at the Option of the Issuer (Issuer Call)*

If Issuer Call is specified in the applicable Final Terms, the Issuer may, having given:

- (i) not less than 15 nor more than 30 days' notice (or such other period of notice as is specified in the applicable Final Terms) to the Noteholders in accordance with Condition 12 of the General Conditions; and
- (ii) not less than 15 days before the giving of the notice referred to in (i), notice to the Agent,

(both of which notices shall be irrevocable) redeem all or some only of the Notes then outstanding on the Optional Redemption Date(s) and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date(s).

Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount (if any) or not more than the Maximum Redemption Amount (if any), in each case as specified in the applicable Final Terms. In the case of a partial redemption of Notes, the Notes to be redeemed ("Redeemed Notes") will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) and/or Euroclear Netherlands and/or, as the case may be, DTC, in the case of Redeemed Notes represented by a global Note, not more than 30 days prior to the date fixed for redemption (or such other period as is specified in the applicable Final Terms) (such date of selection being hereinafter called the "Selection Date"). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published

in accordance with Condition 12 of the General Conditions not less than 15 days (or such other period as is specified in the applicable Final Terms) prior to the date fixed for redemption. The aggregate nominal amount of Redeemed Notes represented by definitive Notes shall bear the same proportion to the aggregate nominal amount of all Redeemed Notes as the aggregate nominal amount of definitive Notes outstanding bears to the aggregate nominal amount of the Notes outstanding, in each case on the Selection Date, provided that such first mentioned nominal amount shall, if necessary, be rounded downwards to the nearest integral multiple of the Specified Denomination, and the aggregate nominal amount of Redeemed Notes represented by a global Note shall be equal to the balance of the Redeemed Notes. No exchange of the relevant global Note will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this subparagraph (c) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 12 of the General Conditions at least 5 days prior to the Selection Date.

(d) *Redemption at the Option of the Noteholders (Noteholder Put)*

If Noteholder Put is specified in the applicable Final Terms, upon the holder of any Note giving to the Issuer in accordance with Condition 12 of the General Conditions not less than 15 nor more than 30 days' notice (or such other period of notice as is specified in the applicable Final Terms) (which notice shall be irrevocable), the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, in whole (but not in part), such Note on the Optional Redemption Date at the Optional Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

To exercise the right to require redemption of this Note the holder of this Note must, if this Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg or, if applicable, Euroclear Netherlands, deliver at the specified office of any Paying Agent, any Transfer Agent or, as the case may be, the Registrar at any time during normal business hours of such Paying Agent, Transfer Agent or Registrar falling within the notice period, a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the specified office of any Paying Agent, any Transfer Agent or the Registrar (a "Put Notice") and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition 5 of the General Conditions accompanied by this Note or evidence satisfactory to the Paying Agent concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control. If this Note is represented by a global Bearer Note or is in definitive form and held through Euroclear, Clearstream, Luxembourg or, if applicable, Euroclear Netherlands, to exercise the right to require redemption of this Note the holder of this Note must, within the notice period concerned, give notice of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg or, if applicable, Euroclear Netherlands (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depositary for them or, if applicable, Euroclear Netherlands to the Agent by electronic means), in a form acceptable to Euroclear and Clearstream, Luxembourg or, if applicable, Euroclear Netherlands from time to time and, at the same time, present or procure the presentation of the relevant Global Bearer Note to the Agent for notation accordingly.

Any Put Notice given by a holder of any Note pursuant to this paragraph shall be irrevocable except where prior to the due date of redemption an Event of Default shall have occurred and be continuing in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph and instead to declare such Note forthwith due and payable pursuant to Condition 8 of the General Conditions.

*(e) Early Redemption Amounts*

For the purpose of paragraph (b) above and Condition 8 of the General Conditions, each Note will be redeemed at the Early Redemption Amount calculated as follows:

- (i) in the case of a Note with a Final Redemption Amount equal to its nominal amount, at the Final Redemption Amount thereof, together with interest (if any) accrued to (but excluding) the date of redemption; or
- (ii) in the case of a Note (other than a Zero Coupon Note or a Note to which paragraph (iv) below applies, but including an Instalment Note and a Partly Paid Note) with a Final Redemption Amount which is or may be less or greater than its nominal amount or which is payable in a Specified Currency other than that in which the Notes are denominated, at the amount specified in, or determined in the manner specified in, the applicable Final Terms or, if no such amount or manner is so specified in the applicable Final Terms, at its nominal amount, together in each case with interest (if any) accrued to (but excluding) the date of redemption; or
- (iii) in the case of a Zero Coupon Note (other than a Zero Coupon Note to which paragraph (iv) below applies), at an amount (the “Amortised Face Amount”) equal to the sum of:
  - (A) the Reference Price; and
  - (B) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date of the first Tranche of Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, it shall be made (A) in the case of a Zero Coupon Note other than a Zero Coupon Note payable in euro, on the basis of a 360-day year consisting of 12 months of 30 days each or (B) in the case of a Zero Coupon Note payable in euro, on the basis of the actual number of days elapsed divided by 365 (or, if any of the days elapsed falls in a leap year, the sum of (x) the number of those days falling in a leap year divided by 366 and (y) the number of those days falling in a non-leap year divided by 365) or (in either case) on such other calculation basis as may be specified in the applicable Final Terms; or

- (iv) in the case of a Note for which the applicable Final Terms provide for the Early Redemption Amount to be equal to the Fair Market Value of the Note, the Calculation Agent shall calculate the Early Redemption Amount in its sole discretion, acting reasonably, by determining the fair market value of the Note two Business Days (or such other period as is specified in the applicable Final Terms) prior to (x) the date fixed for redemption or (y) (as the case may be) the date upon which such Note becomes due and payable (unless specified otherwise in the Final Terms, taking into account the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Note, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions).

*(f) Instalments*

Instalment Notes will be repaid in the Instalment Amounts and on the Instalment Dates. In the case of early redemption, the Early Redemption Amount will be determined pursuant to paragraph (e) above.

(g) *Partly Paid Notes*

If the Notes are Partly Paid Notes, they will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this General Condition and the applicable Final Terms.

(h) *Purchases*

The Issuer, the Guarantor or any of their subsidiaries may at any time purchase Notes (provided that, in the case of definitive Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Such Notes may be held, re-issued, resold or, at the option of the Issuer or the Guarantor (as the case may be), surrendered to any Paying Agent for cancellation.

(i) *Cancellation*

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Receipts and Coupons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and the Notes purchased and cancelled pursuant to paragraph (h) above (together with all unmatured Receipts, Coupons and Talons cancelled therewith) shall be forwarded to the Agent and cannot be re-issued or resold.

(j) *Late Payment on Zero Coupon Notes*

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph (a), (b), (c) or (d) above or upon its becoming due and repayable as provided in Condition 8 of the General Conditions is improperly withheld or refused, the amount due and payable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (e)(iii) above (if such General Condition is stated to be applicable to the Note in the applicable Final Terms) as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 12 of the General Conditions.

(k) *Redemption – Other*

The Issuer may at any time, on giving not less than 15 nor more than 30 days' notice to the Noteholders in accordance with Condition 12 of the General Conditions, redeem all but not some only of the Notes for the time being outstanding at their Early Redemption Amount if, prior to the date of such notice, 90 per cent. or more in nominal amount of the Notes hitherto issued have been redeemed.

In addition, the Issuer may (i) at any time, on giving not less than 15 nor more than 30 days' notice (or such other period of notice as specified in the applicable Final Terms) to the Noteholders in accordance with Condition 12 of the General Conditions, redeem the Notes for the time being outstanding on such other terms as may be specified in the applicable Final Terms and (ii) issue Notes which may be redeemed in other circumstances specified in the applicable Final Terms.

Unless specified otherwise in the applicable Final Terms, the Final Redemption Amount or the Early Redemption Amount (as the case may be) payable in respect of the Notes shall never be less than zero. If the formula or other method for determining the Final Redemption Amount or the Early Redemption

Amount (as the case may be) applicable to the Notes would result in a negative figure, the Final Redemption Amount or the Early Redemption Amount (as the case may be) will be deemed to be zero.

## **6 Taxation**

Neither the Issuer nor the Guarantor shall be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer, presentation or surrender for payment or enforcement of any Note or the Deed of Guarantee and all payments made by the Issuer and the Guarantor shall be made subject to any such tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted.

## **7 Prescription**

Claims against the Issuer and/or the Guarantor for payments in respect of the Notes, Receipts and Coupons will become void unless made within a period of five years after the date on which such payment first becomes due.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 7 of the General Conditions or Condition 4(b) of the General Conditions or any Talon which would be void pursuant to Condition 4(b) of the General Conditions.

## **8 Events of Default relating to Notes**

If any one or more of the following events (each an “Event of Default”) shall have occurred and be continuing:

- (i) default is made for more than 30 days in the payment of interest or principal in respect of the Notes; or
- (ii) the Issuer or the Guarantor fails to perform or observe any of its other obligations under the Notes and such failure has continued for the period of 60 days next following the service on the Issuer and the Guarantor of notice requiring the same to be remedied; or
- (iii) the Issuer is declared bankrupt or granted a suspension of payments; or
- (iv) the Guarantor is declared bankrupt, or a declaration in respect of the Guarantor is made under Chapter 3, Section 3.5.5.1 of the Dutch Financial Supervision Act (*Wet op het financieel toezicht*); or
- (v) an order is made or an effective resolution is passed for the winding up or liquidation of the Issuer or the Guarantor unless this is done in connection with a merger, consolidation or other form of combination with another company and such company assumes all obligations contracted by the Issuer in connection with the Notes or the Guarantor in connection with the Deed of Guarantee (as the case may be); or
- (vi) the Deed of Guarantee is not (or is claimed by the Guarantor not to be) in full force and effect,

then any Noteholder may, by written notice to the Issuer and the Guarantor at the specified office of the Agent, effective upon the date of receipt thereof by the Agent, declare the Note held by the holder to be forthwith due and payable whereupon the same shall become forthwith due and payable at the Early Redemption Amount (as described in Condition 5(e) of the General Conditions), without presentment, demand, protest or other notice of any kind, provided that such right to declare Notes due and payable shall terminate if the situation giving rise to it has been cured before the relevant notice has become effective.

## 9 Transfer and Exchange of Registered Notes and replacement of Notes and Coupons

Registered Notes of each Tranche sold outside the United States in reliance on Regulation S under the United States Securities Act of 1933, as amended (the “Securities Act”) will initially be represented by one or more temporary global Notes (each a “Reg. S Temporary Global Note”), which will be registered in the name of the nominee of, and deposited with a depository or common depository for, Euroclear and/or Clearstream, Luxembourg. Subject to the provisions of the applicable final terms, on or after the date that is the first date following the expiration of the Distribution Compliance Period, beneficial interests in each Reg. S Temporary Global Note will be exchangeable for beneficial interests in a permanent global Note in registered form, without interest coupons (the “Reg. S Global Note”).

Registered Notes of each Tranche sold inside the United States to qualified institutional buyers (“QIBs”) (within the meaning of Rule 144A under the Securities Act (“Rule 144A”)) in reliance on Rule 144A or to other U.S. persons in transactions exempt from the registration requirements of the Securities Act will be represented by a permanent restricted global Note in registered form, without interest coupons (the “Restricted Global Note” and, together with the “Reg. S Global Note”, the “Registered Global Notes”). Registered Notes which are represented by a Registered Global Note will be exchangeable and transferable only in accordance with the rules and operating procedures for the time being of DTC, Euroclear or Clearstream, Luxembourg, as the case may be (the “Applicable Procedures”).

Owners of beneficial interests in the Reg. S Global Note may transfer such interests, or may exchange such interests for either beneficial interests in the Restricted Global Note or Registered Notes in definitive form, and owners of beneficial interests in the Restricted Global Note may transfer such interests, or may exchange such interests for either beneficial interests in the Reg. S Global Note or Registered Notes in definitive form, in each case subject as provided below, to the provisions of the relative Registered Global Note and to the Applicable Procedures. In addition, Registered Notes in definitive form issued in exchange for beneficial interests in the Reg. S Global Note may be exchanged for beneficial interests in the Restricted Global Note, subject as provided below and to the Applicable Procedures. Registered Notes in definitive form may also be transferred as provided below.

In the case of Registered Notes in definitive form issued in exchange for interests in the Restricted Global Note, such Registered Notes in definitive form shall bear the legend set forth on the Restricted Global Note (the “Legend”). Upon the transfer, exchange or replacement of Registered Notes bearing the Legend, or upon specific request for removal of the Legend, the Issuer shall deliver only Registered Notes that bear such Legend or shall refuse to remove such Legend, as the case may be, unless there is delivered to the Issuer such satisfactory evidence as may reasonably be required by the Issuer, which may include an opinion of U.S. counsel, that neither the Legend nor the restrictions on transfer set forth therein are required to ensure compliance with the provisions of the Securities Act.

Interests in the Reg. S Global Note and the Restricted Global Note will be exchangeable for Registered Notes in definitive form if (i) Euroclear and/or Clearstream, Luxembourg or DTC, as the case may be, notifies the Issuer that it is unwilling or unable to continue as depository for such registered global Note or (ii) if applicable, DTC ceases to be a “Clearing Agency” registered under the Securities Exchange Act 1934 or either Euroclear or Clearstream, Luxembourg is closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or announces its intention permanently to cease business, and a successor depository or alternative clearing system satisfactory to the Issuer and the Agent is not available, or (iii) an Event of Default (as defined in Condition 8 of the General Conditions) has occurred and is continuing with respect to such Notes, or (iv) a written request for one or more Registered Notes in definitive form is made by a holder of a beneficial interest in a registered global Note; provided that in the case of (iv) such written notice or request, as the case may be, is submitted to the Registrar by the beneficial owner not later than 60 days prior to the requested date of such exchange and the Applicable Procedures are

followed. Upon the occurrence of any of the events described in the preceding sentence, the Issuer will cause the appropriate Registered Notes in definitive form to be delivered.

If a holder of a beneficial interest in the Reg. S Global Note deposited with the custodian in the United States wishes at any time to exchange its interest in such Reg. S Global Note for an interest in the Restricted Global Note, or to transfer its interest in such Reg. S Global Note to a person who wishes to take delivery thereof in the form of a Registered Note in definitive form, such holder may, subject to the rules and procedures of the Registrar in the United States, exchange or cause the exchange, or transfer or cause the transfer of such interest for an equivalent beneficial interest in the Restricted Global Note upon compliance with the transfer requirements of the Registrar in the United States and certification to the effect that (i) the exchange or transfer of such interest has been made in compliance with the transfer restrictions applicable to the Registered Notes under U.S. law and pursuant to and in accordance with Regulation S, where applicable, or (ii) such exchange or transfer has been made to a person which the transferor reasonably believes to be a QIB and is obtaining such beneficial interest in a transaction meeting the requirements of Rule 144A, in the case of the exchange of an interest in the Reg. S Global Note for an interest in the Restricted Global Note.

Transfers between participants in DTC will be effected in the ordinary way in accordance with the Applicable Procedures and will be settled in same-day funds. Transfers between participants in Euroclear and Clearstream, Luxembourg will be effected in the ordinary way in accordance with the Applicable Procedures.

Transfers by the owner of a beneficial interest in the Restricted Global Note to a transferee who takes delivery of such interest through the Reg. S Global Note will be made only upon receipt by the Registrar of a written certification from the transferor to the effect that such transfer is being made in accordance with Regulation S or, if available, that the interest in the Note being transferred is not a “restricted security” within the meaning of Rule 144 under the Securities Act. Investors holding a beneficial interest in a Restricted Global Note who propose any such transfer must notify the Registrar and, subject to compliance with the provisions of the Agency Agreement, the Registrar shall cause the transferor interest in the Restricted Global Note to be reduced in an amount equal to the aggregate nominal amount of Notes being transferred and shall take such other action as appropriate to register the transfer of the Notes to or for the account of the purchaser. The Issuer shall not permit any such transfers unless there is delivered to the Issuer such satisfactory evidence as may reasonably be required by the Issuer, which may include an opinion of U.S. counsel that such transfer is in compliance with the Securities Act; provided however, that the restriction in this sentence shall not apply to any transfers of an interest in a Note pursuant to Regulation S or of an interest in a Note which does not constitute a restricted security, within the meaning of Rule 144 under the Securities Act.

Upon the terms and subject to the conditions set forth in the Agency Agreement, a Registered Note in definitive form may be transferred in whole or in part (in the nominal amounts set out in the applicable Final Terms) by the holder or holders surrendering the Registered Note for registration of the transfer of the Registered Note (or the relevant part of the Registered Note) at the specified office of the Registrar or any Transfer Agent (who will, as soon as practicable, forward such surrendered Registered Note to the Registrar and will give to the Registrar all relevant details to enable it to process the transfer), with the form of transfer thereon duly executed by, or accompanied by a written instrument of transfer in form satisfactory to the Issuer and the Registrar duly executed by, the holder or holders thereof or its or their attorney or attorneys duly authorised in writing and upon the Registrar, after due and careful enquiry, being satisfied with the documents of title and the identity of the person making the request and subject to such reasonable regulations as the Issuer and the Registrar may prescribe, including any restrictions imposed by the Issuer on transfers of Registered Notes originally sold to a U.S. person. In addition, if the Registered Note in definitive form being exchanged or transferred contains a Legend, additional certificates, to the effect that such exchange or transfer is in compliance with the restrictions contained in such Legend, may be required. Subject as provided above, the Registrar will, within three business days of receipt by it (being for this purpose a day on which banks are

open for business in the city where the specified office of the Registrar is located) of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations), authenticate and deliver at its specified office to the transferee or (at the risk of the transferee) send by mail to such address as the transferee may request a new Registered Note in definitive form of a like aggregate nominal amount to the Registered Note (or the relevant part of the Registered Note) transferred. In the case of the transfer of part only of a Registered Note in definitive form, a new Registered Note in definitive form in respect of the balance of the Registered Note not transferred will be so authenticated and delivered or (at the risk of the transferor) sent to the transferor.

Exchanges or transfers by a holder of a Registered Note in definitive form to a transferee who takes delivery of such Note through a Registered Global Note will be made no later than 60 days after the receipt by the Registrar of the Registered Note in definitive form to be so exchanged or transferred and only in accordance with the Applicable Procedures, and, if applicable, upon receipt by the Registrar of a written certification from the transferor.

In the event of a partial redemption of Notes under Condition 5(c) of the General Conditions the Issuer shall not be required:

- (a) to register the transfer of Registered Notes (or parts of Registered Notes) during the period beginning on the sixty-fifth day before the date of the partial redemption and ending on the day on which notice is given specifying the serial numbers of Notes called (in whole or in part) for redemption (both inclusive); or
- (b) to register the transfer of any Registered Note, or part of a Registered Note, called for partial redemption.

The costs and expenses of effecting any exchange or registration of transfer pursuant to the foregoing provisions (except for the expenses of delivery by other than regular mail (if any) and, if the Issuer shall so require, for the payment of a sum sufficient to cover any tax or other governmental charge or insurance charges that may be imposed in relation thereto which will be borne by the Noteholder) will be borne by the Issuer.

If any Note (including a global Note) or Coupon is mutilated, defaced, stolen, destroyed or lost it may be replaced at the specified office of the Paying Agent in Luxembourg, in the case of Bearer Notes, Receipts or Coupons, or the Registrar in New York City, in the case of Registered Notes, on payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes or Coupons must be surrendered before replacements will be issued.

## **10 Agent and Paying Agents, Transfer Agents and Registrar**

The names of the initial Agent and the other initial Paying Agents, the initial Registrar and the initial Transfer Agents and their initial specified offices are set out below.

The Issuer and the Guarantor are entitled to vary or terminate the appointment of the Agent, the Registrar, any Paying Agent or any Transfer Agent and/or appoint additional or other Paying Agents or Transfer Agents and/or approve any change in the specified office through which the Agent, the Registrar, any Paying Agent or any Transfer Agent acts, provided that:

In addition, the Issuer and the Guarantor shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in the penultimate paragraph of Condition 4(b) of the General Conditions. Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 or more than 45 days' prior notice thereof shall have been given to the Noteholders in accordance with Condition 12 of the General Conditions.

## 11 Exchange of Talons

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 7 of the General Conditions. Each Talon shall, for the purposes of these General Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

## 12 Notices

All notices regarding the Bearer Notes shall be published (i) in at least one daily newspaper of wide circulation in The Netherlands, (ii) in a leading English language daily newspaper of general circulation in London, (iii) if and for so long as the Bearer Notes are admitted to trading on the market of the Luxembourg Stock Exchange appearing on the list of regulated markets issued by the European Commission and the rules of such exchange so require, in a daily newspaper of general circulation in Luxembourg or on the website of the Luxembourg Stock Exchange, and (iv) in respect of any Bearer Notes admitted to trading on Euronext Amsterdam by NYSE Euronext, a regulated market of Euronext Amsterdam N.V. ("Euronext Amsterdam") and for so long as the rules of such exchange so require, in the Daily Official List of Euronext Amsterdam (*Officiële Prijscourant*). It is expected that such publication will be made in *Het Financieele Dagblad* in The Netherlands, in the *Financial Times* in London and either in *Luxemburger Wort* in Luxembourg or on the website of the Luxembourg Stock Exchange ([www.bourse.lu](http://www.bourse.lu)). Any such notice will be deemed to have been

given on the date of the first publication in all the newspapers and/or on the website in which such publication is required to be made.

All notices to holders of Registered Notes will be valid if mailed to their registered addresses appearing on the register and published, for so long as the Notes are admitted to trading on the market of the Luxembourg Stock Exchange appearing on the list of regulated markets issued by the European Commission and the rules of such exchange so require, either in *Luxemburger Wort* in Luxembourg or on [www.bourse.lu](http://www.bourse.lu) and, in respect of any Registered Notes admitted to trading on Euronext Amsterdam and for so long as the rules of such exchange so require, in the Daily Official List of Euronext Amsterdam. A notice delivered after 4.00 p.m. (local time) on a business day in the city in which it is delivered will be deemed to have been given to the holders of the Notes on the next following business day in such city..

Notices to be given by any holder of the Notes shall be in writing and given by lodging the same, together with the relative Note or Notes, with the Agent. Whilst any of the Notes are represented by a global Note, such notice may be given by any holder of a Note to the Agent and/or Registrar via Euroclear and/or Clearstream, Luxembourg or DTC, as the case may be, in such manner as the Agent and/or Registrar and Euroclear and/or Clearstream, Luxembourg or DTC, as the case may be, may approve for this purpose.

### **13 Meetings of Noteholders, Modification and Waiver**

The Agency Agreement contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Notes, the Receipts, the Coupons or certain provisions of the Agency Agreement. Such a meeting may be convened by the Issuer, the Guarantor or Noteholders holding not less than five per cent. in nominal amount of the Notes for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing not less than 50 per cent. in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes, Receipts or Coupons (including modifying the date of maturity of the Notes or any date for payment of interest thereof, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Notes or altering the currency of payment of the Notes, Receipts or Coupons), the necessary quorum for passing an Extraordinary Resolution will be one or more persons holding or representing not less than 75 per cent., or at any adjourned such meeting not less than a clear majority, in nominal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed at any meeting of the Noteholders shall be binding on all the Noteholders, whether or not they are present at the meeting, and on all Receiptholders and Couponholders.

The Agent, the Issuer and the Guarantor may agree, without the consent of the Noteholders, Receiptholders or Couponholders, to:

- (i) any modification (except as mentioned above) of the Agency Agreement which is not materially prejudicial to the interests of the Noteholders; or
- (ii) any modification of the Notes, the Receipts, the Coupons, the Agency Agreement or the Deed of Guarantee which is of a formal, minor or technical nature or is made to correct a manifest or proven error or to comply with mandatory provisions of the law of the jurisdiction in which the Issuer or the Guarantor (as the case may be) is incorporated.

Any such modification shall be binding on the Noteholders, the Receiptholders and the Couponholders and any such modification shall be notified to the Noteholders in accordance with Condition 12 of the General Conditions as soon as practicable thereafter.

## **14 Further Issues**

The Issuer shall be at liberty from time to time without the consent of the Noteholders, Receiptholders or Couponholders to create and issue further notes having the same terms and conditions as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon and so that the same shall be consolidated and form a single Series with the outstanding Notes.

## **15 Substitution of the Issuer**

- (a) The Issuer may, without any further consent of the Noteholders or Couponholders being required, when no payment of principal or interest on any of the Notes is in default, be replaced and substituted by any directly or indirectly wholly owned subsidiary of the Guarantor (the “Substituted Debtor”) as principal debtor in respect of the Notes and the relative Receipts and Coupons provided that:
  - (i) such documents shall be executed by the Substituted Debtor, the Issuer and the Guarantor as may be necessary to give full effect to the substitution (together the “Documents”) and (without limiting the generality of the foregoing) pursuant to which the Substituted Debtor shall undertake in favour of each Noteholder and Couponholder to be bound by the General Conditions of the Notes and the provisions of the Agency Agreement as fully as if the Substituted Debtor had been named in the Notes and the relative Receipts and Coupons and the Agency Agreement as the principal debtor in respect of the Notes and the relative Receipts and Coupons in place of the Issuer and pursuant to which the Guarantor shall guarantee, which guarantee shall be unconditional and irrevocable, (the “Substitution Guarantee”) in favour of each Noteholder and each holder of the relative Receipts and Coupons the payment of all sums payable in respect of the Notes and the relative Receipts and Coupons;
  - (ii) the Documents shall contain a covenant by the Substituted Debtor and the Guarantor to indemnify and hold harmless each Noteholder and Couponholder against all liabilities, costs, charges and expenses (provided that insofar as the liabilities, costs, charges and expenses are taxes or duties, the same arise by reason of a law or regulation having legal effect or being in reasonable contemplation thereof on the date such substitution becomes effective) which may be incurred by or levied against such holder as a result of any substitution pursuant to this General Condition and which would not have been so incurred or levied had such substitution not been made (and, without limiting the foregoing, such liabilities, costs, charges and expenses shall include any and all taxes or duties which are imposed on any such Noteholder or Couponholder by any political sub-division or taxing authority of any country in which such

Noteholder or Couponholder resides or is subject to any such tax or duty and which would not have been so imposed had such substitution not been made);

- (iii) the Documents shall contain a warranty and representation by the Substituted Debtor, the Issuer and the Guarantor (a) that each of the Substituted Debtor, the Issuer and the Guarantor has obtained all necessary governmental and regulatory approvals and consents for such substitution and the performance of its obligations under the Documents, and that all such approvals and consents are in full force and effect and (b) that the obligations assumed by each of the Substituted Debtor, the Issuer and the Guarantor under the Documents are all valid and binding in accordance with their respective terms and enforceable by each Noteholder;
  - (iv) each stock exchange which has Notes listed or admitted to trading thereon shall have confirmed that following the proposed substitution of the Substituted Debtor such Notes would continue to be listed or admitted to trading (as the case may be) on such stock exchange;
  - (v) the Substituted Debtor shall have delivered to the Agent or procured the delivery to the Agent of a legal opinion from a leading firm of local lawyers acting for the Substituted Debtor to the effect that the Documents constitute legal, valid and binding obligations of the Substituted Debtor, such opinion to be dated not more than three days prior to the date of substitution of the Substituted Debtor for the Issuer and to be available for inspection by Noteholders and Couponholders at the specified office of the Agent;
  - (vi) the Issuer and the Guarantor shall have delivered to the Agent or procured the delivery to the Agent of legal opinions from the internal legal adviser(s) to the Issuer and the Guarantor to the effect that the Documents (including the Substitution Guarantee) constitute legal, valid and binding obligations of the Issuer and the Guarantor, such opinions to be dated not more than three days prior to the date of substitution of the Substituted Debtor for the Issuer and to be available for inspection by Noteholders and Couponholders at the specified office of the Agent;
  - (vii) the Issuer and the Guarantor shall have delivered to the Agent or procured the delivery to the Agent of a legal opinion from a leading firm of English lawyers to the effect that the Documents (including the Substitution Guarantee) constitute legal, valid and binding obligations of the Substituted Debtor, the Issuer and the Guarantor under English law, such opinion to be dated not more than three days prior to the date of substitution of the Substituted Debtor for the Issuer and to be available for inspection by Noteholders and Couponholders at the specified office of the Agent; and
  - (viii) the Substituted Debtor (if not incorporated in England) shall have appointed a process agent as its agent in England to receive service of process on its behalf in relation to any legal action or proceedings arising out of or in connection with the Notes, the relative Receipts or Coupons and the Documents.
- (b) In connection with any substitution effected pursuant to this General Condition, the Issuer, the Substituted Debtor and the Guarantor need not have any regard to the consequences of any such substitution for individual Noteholders or Couponholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory and no Noteholder or Couponholder, except as provided in Condition 15(a)(ii) of the General Conditions, shall be entitled to claim from the Issuer, any Substituted Debtor or the Guarantor under the Notes and the relative Receipts and Coupons any indemnification or payment in respect of any tax or other consequences arising from such substitution.

- (c) Upon the execution of the Documents as referred to in paragraph (i) above, and subject to the notification as referred to in paragraph (e) below having been given, the Substituted Debtor shall be deemed to be named in the Notes and the relative Receipts and Coupons as the principal debtor in place of the Issuer and the Notes and the relative Receipts and Coupons shall thereupon be deemed to be amended to give effect to the substitution. The execution of the Documents shall operate to release the Issuer as issuer from all of its obligations as principal debtor in respect of the Notes and the relative Receipts and Coupons save that any claims under the Notes and the relative Receipts and Coupons prior to release shall enure for the benefit of Noteholders and Couponholders.
- (d) The Documents shall be deposited with and held by the Agent for so long as any Notes or Coupons remain outstanding and for so long as any claim made against the Substituted Debtor by any Noteholder or Couponholder in relation to the Notes or the relative Receipts and Coupons or the Documents shall not have been finally adjudicated, settled or discharged. The Substituted Debtor, the Issuer and the Guarantor shall acknowledge in the Documents the right of every Noteholder and Couponholder to the production of the Documents for the enforcement of any of the Notes or the relative Receipts and Coupons or the Documents.
- (e) Not later than 15 business days after the execution of the Documents, the Substituted Debtor shall give notice thereof to the Noteholders in accordance with Condition 12 of the General Conditions.

## **16 Governing Law and Jurisdiction**

The Notes, the Receipts, the Coupons, the Talons and the Deed of Guarantee are governed by, and shall be construed in accordance with, English law.

The Courts of England are to have jurisdiction to settle any disputes that may arise out of or in connection with any Notes, Receipts, Coupons or Talons and accordingly any legal action or proceedings arising out of or in connection with any Notes, Receipts, Coupons or Talons (“Proceedings”) may be brought in such courts. The Issuer and the Guarantor irrevocably submit to the jurisdiction of the courts of England and waive any objection to Proceedings in such courts on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum. These submissions are made for the benefit of each of the holders of the Notes, Receipts, Coupons and Talons and shall not affect the right of any of them to take Proceedings in any other court of competent jurisdiction nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not).

Each of the Issuer and the Guarantor irrevocably appoints the General Manager for the time being of the Guarantor’s London Branch, currently at 60 London Wall, London EC2M 5TQ as its agent in England to receive, for it and on its behalf, service of process in any Proceedings in England. Such service shall be deemed completed on delivery to such process agent (whether or not it is forwarded to and received by the Issuer or the Guarantor, as the case may be). If for any reason such process agent ceases to be able to act as such or no longer has an address in London, the Issuer and the Guarantor irrevocably agree to appoint a substitute process agent and shall immediately notify Noteholders of such appointment in accordance with Condition 12 of the General Conditions. Nothing shall affect the right to serve process in any manner permitted by law.

## **17 Contracts (Rights of Third Parties) Act 1999**

No person shall have any right to enforce any term or condition of the Notes, the Receipts, the Coupons, the Talons or the Deed of Guarantee under the Contracts (Rights of Third Parties) Act 1999.

## 18 Determinations by the Calculation Agent, the Issuer and/or the Guarantor

For the purposes of the Notes, any determinations, calculations or other decisions made by the Calculation Agent, the Issuer and/or the Guarantor under or pursuant to the terms of the Notes shall be made in its/their sole and absolute discretion. All such determinations, calculations or other decisions of the Calculation Agent, the Issuer and/or the Guarantor shall (save in the case of manifest error) be final, conclusive and binding on all parties, and none of the Calculation Agent, the Issuer nor the Guarantor shall have any liability to any person therefore.

## 19 FX and Benchmark Notes

### (a) *FX Notes*

The following provisions of this Condition 19(a) of the General Conditions shall apply to the Notes if the FX Provisions are specified to be applicable in the applicable Final Terms.

#### (i) FX Market Disruption Event

If the Issuer determines that an FX Market Disruption Event has occurred or is continuing on a Scheduled Valuation Date or on any other date on which any amount is to be determined by reference to the Primary FX Rate, the calculation of any amount which is to be determined by reference to the Primary FX Rate on such Scheduled Valuation Date or on such other date (for the purposes of this Condition 19(a) of the General Conditions, the “Relevant FX Amount”) shall be postponed until the next Business Day on which there is no FX Market Disruption Event.

If, however, an FX Market Disruption Event is in existence on the day that is 30 calendar days (or such other period as is specified in the applicable Final Terms) following the relevant Scheduled Valuation Date or the other relevant date on which any amount is to be determined by reference to the Primary FX Rate, then the Fallback FX Rate (if one is specified in the applicable Final Terms) on the first Business Day following the expiry of that period shall be used to determine the Relevant FX Amount. However, if the Fallback FX Rate is not available on such Business Day, or if no Fallback FX Rate is specified in the applicable Final Terms, the Calculation Agent shall determine the Relevant FX Amount as soon as reasonably possible in its sole discretion in good faith and in a commercially reasonable manner, having regard to any relevant market practice.

#### (ii) Unscheduled Holiday

If the Issuer determines that an Unscheduled Holiday has occurred or is continuing on a Scheduled Valuation Date or on any other date on which any amount is to be determined by reference to the Primary FX Rate, the calculation of the Relevant FX Amount shall be postponed until the next Business Day on which no Unscheduled Holiday occurs, provided that no such postponement shall occur for a period longer than 30 calendar days (or such other period as is specified in the applicable Final Terms) following such Scheduled Valuation Date or such other date.

If, however, an Unscheduled Holiday is in existence on the day that is 30 calendar days (or such other period as is specified in the applicable Final Terms) following the relevant Scheduled Valuation Date or the other relevant date on which any amount which is to be determined by reference to the Primary FX Rate, then the Primary FX Rate (if available) or the Fallback FX Rate (if the Primary FX Rate is not available and a Fallback FX Rate is specified in the

applicable Final Terms) on the first calendar day following the expiry of that period shall be used by the Calculation Agent to determine the Relevant FX Amount. However, if neither the Primary FX Rate nor (if a Fallback FX Rate is specified in the applicable Final Terms) the Fallback FX Rate is available on such calendar day, the Calculation Agent shall determine the Relevant FX Amount as soon as reasonably possible in its sole discretion in good faith and in a commercially reasonable manner, having regard to any relevant market practice.

(iii) Cumulative Events

Notwithstanding anything herein to the contrary, in no event shall the period during which either (x) a calculation is postponed due to an Unscheduled Holiday or (y) a calculation is postponed due to an FX Market Disruption Event (or any combination of (x) and (y)) exceed the Maximum Period of Postponement. Accordingly, if, upon the lapse of the Maximum Period of Postponement, an Unscheduled Holiday or FX Market Disruption Event shall have occurred or be continuing, then the Primary FX Rate or (if the Primary FX Rate is not available) the Fallback FX Rate (if one is specified in the applicable Final Terms) on the first Business Day (including any day which would have been a Business Day but for the occurrence of an Unscheduled Holiday) following the expiry of the Maximum Period of Postponement shall be used by the Calculation Agent to determine the Relevant FX Amount. However, if neither the Primary FX Rate nor (if the Primary FX Rate is not available) the Fallback FX Rate (if one is specified in the applicable Final Terms) is available on that Business Day, the Calculation Agent shall determine the Relevant FX Amount as soon as reasonably possible in its sole discretion in good faith and in a commercially reasonable manner, having regard to any relevant market practice.

(iv) Relevant FX Rate Inappropriate

If, in the determination of the Calculation Agent (acting in its sole discretion in good faith and in a commercially reasonable manner, having regard to any relevant market practice), the Primary FX Rate or Fallback FX Rate used to determine the Relevant FX Amount in accordance with Condition 19(a)(i), (ii) or (iii) of the General Conditions above is inappropriate, the Calculation Agent shall determine the Relevant FX Amount as soon as reasonably possible in its sole discretion in good faith and in a commercially reasonable manner, having regard to any relevant market practice.

(v) Payment

The Relevant FX Amount will be payable two Business Days (or such other number of Business Days as is specified in the applicable Final Terms) following the day on which it is determined by the Calculation Agent in accordance with Condition 19(a)(i), (ii), (iii) or (iv) of the General Conditions above. For the avoidance of doubt, no additional amounts shall be payable by the Issuer in respect of the postponement of any payment in accordance with this Condition 19(a) of the General Conditions.

(b) *Benchmark Notes*

(i) The following provisions of this Condition 19(b) of the General Conditions shall apply to the Notes if the Benchmark Provisions are specified to be applicable in the applicable Final Terms.

If the Issuer determines that a Benchmark Market Disruption Event has occurred or is continuing on a Scheduled Valuation Date or on any other date on which any amount is to be determined by reference to the Primary Benchmark, then:

(x) if the Relevant Benchmark Amount Postponement Provisions are specified to be applicable in the Final Terms, the calculation of any amount which is to be determined by reference to the Primary Benchmark on such Scheduled Valuation Date (for the purposes of this Condition 19(b) of the General Conditions, the “Relevant Benchmark Amount”) shall be postponed to the next Business Day on which there is no Benchmark Market Disruption Event, unless on each of the eight Business Days following such Scheduled Valuation Date or such other date (or such other period as may be specified in the applicable Final Terms) a Benchmark Market Disruption Event occurs. In that case, the Fallback Benchmark (if one is specified in the applicable Final Terms) on the first Business Day following the expiry of that period shall be used to determine the Relevant Benchmark Amount. However, if the Fallback Benchmark is not available on such Business Day, or if no Fallback Benchmark is specified in the applicable Final Terms, the Relevant Benchmark Amount shall be determined by the Calculation Agent as soon as reasonably possible in its sole discretion in good faith and in a commercially reasonable manner, having regard to any relevant market practice; and

(y) if the Relevant Benchmark Amount Postponement Provisions are not specified to be applicable in the Final Terms, the Relevant Benchmark Amount shall be determined as soon as reasonably possible by the Calculation Agent in its sole discretion in good faith and in a commercially reasonable manner, having regard to any relevant market practice.

(ii) Relevant Benchmark Inappropriate

If, in the determination of the Calculation Agent (acting in its sole discretion in good faith and in a commercially reasonable manner, having regard to any relevant market practice), the Primary Benchmark or Fallback Benchmark used to determine the Relevant Benchmark Amount in accordance with Condition 19(b)(i) of the General Conditions above is inappropriate, the Calculation Agent shall determine the Relevant Benchmark Amount as soon as reasonably possible in its sole discretion in good faith and in a commercially reasonable manner, having regard to any relevant market practice.

(iii) Payment

The Relevant Benchmark Amount will be payable two Business Days (or such other number of Business Days as is specified in the applicable Final Terms) following the day on which such amount is determined. For the avoidance of doubt, no additional amounts shall be payable in respect of the postponement of any payment in accordance with this Condition 19(b) of the General Conditions.

(c) *FX Convertibility Event and FX Transferability Event*

The following provisions of this Condition 19(c) of the General Conditions shall apply to the Notes if the FX Convertibility Event Provisions and/or FX Transferability Event Provisions are specified to be applicable in the applicable Final Terms.

- (i) If (x) the FX Convertibility Event Provisions are specified to be applicable in the applicable Final Terms and the Issuer determines that an FX Convertibility Event has occurred or is continuing on any date on which the Issuer is required to make any payment in the Relevant Currency in respect of the Notes by the transfer and/or exchange of the Relevant Currency outside or within the Relevant Jurisdiction or (y) the FX Transferability Event Provisions are specified to be applicable in the applicable Final Terms and the Issuer determines that an FX Transferability Event has occurred or is continuing on any date on which the Issuer is required to make any payment in the Relevant Currency in respect of the Notes by the transfer and/or

exchange of the Relevant Currency outside or within the Relevant Jurisdiction, then in either such case the Issuer shall use reasonable endeavours to pay such amount in the Relevant Currency to the Noteholder's Relevant Currency account or, in the absence of such account or in the case of the Noteholder's failure to notify the Issuer of the details of such account in a timely manner, to any other account as the Issuer may determine (including, for the avoidance of doubt, an account which is or may be subject to limitations on conversion and/or repatriation) in which account any such amount shall be held for the benefit of the Noteholder. Payment of any such amount by the Issuer shall discharge the Issuer of its remaining obligations under the Notes in respect of such payment in the Relevant Currency. Should any account be opened by the Issuer for the Noteholder, such account will be opened on the normal terms and conditions of the relevant institution, and in the event any interest accrues on the amounts held in such account, such interest will be for the benefit of the Noteholder.

Any costs incurred by the Issuer in connection with the opening or maintenance of such account will be borne by the Noteholder, and the Issuer reserves the right to use the funds in such account to pay for such costs. The amount payable by the Issuer to the Noteholder in respect of the Notes shall be reduced by the amount of any such costs incurred by the Issuer. Such right of set-off is without prejudice to any additional right to claim such costs. In the event that the costs incurred by the Issuer in connection with the opening and/or maintenance of such account exceed the amount payable by the Issuer to the Noteholder in respect of the Notes or the amount held in such account for the Noteholder, the Issuer reserves the right to forego opening or to close such account.

- (ii) If the Issuer determines, in its sole discretion, that any payment due on the Notes cannot, or cannot reasonably, be made following an FX Convertibility Event (if the FX Convertibility Event Provisions are specified to be applicable in the applicable Final Terms) or FX Transferability Event (if the FX Transferability Event Provisions are specified to be applicable in the applicable Final Terms), then such payment shall be postponed until the next Payment Day on which such payment can, in the sole discretion of the Issuer, reasonably be made. For the avoidance of doubt, no additional amounts shall be payable by the Issuer in respect of the postponement of any payment in accordance with this Condition 19(c) of the General Conditions.

If the Issuer determines, in its sole discretion, that any payment due on the Notes cannot, or cannot reasonably, be made following an FX Convertibility Event (if the FX Convertibility Event Provisions are specified to be applicable in the applicable Final Terms) or FX Transferability Event (if the FX Transferability Event Provisions are specified to be applicable in the applicable Final Terms) for a period of five years (or such other period as may be specified in the applicable Final Terms) from the date on which payment was originally due to be made but for the FX Convertibility Event or the FX Transferability Event, as the case may be, then the Issuer shall be entitled to all amounts in any account opened by it pursuant to Condition 19(c)(i) of the General Conditions above, including accrued interest, if any, and no additional amounts shall be payable to the relevant Noteholder.

(d) *Tax Event*

If the Tax Event Provisions are specified to be applicable in the applicable Final Terms, all payments made under the Notes will be subject to the deductions of any taxes, fees or costs that may be incurred or arise as a result of any Tax Event in relation to the Notes and any transactions associated with them. The determination of the amount of any such taxes, fees or costs shall be made by the Issuer in its sole discretion.

In the event of any inconsistency between the General Conditions and the Single Share Linked Conditions, the Single Share Linked Conditions set out below shall prevail. In the event of any inconsistency between (i) the General Conditions and/or the Single Share Linked Conditions and (ii) the Final Terms, the Final Terms shall prevail.

**“Settlement Disruption Event”** means, if “Share Delivery” is specified as being applicable in the Final Terms, an event determined by the Calculation Agent to be beyond the control of the Issuer as a result of which the Issuer cannot transfer (or it would be contrary to applicable laws and regulations for the Issuer to transfer) the Shares comprised in the Share Amount(s) in accordance with the terms and conditions of the Notes.

“**Share Issuer**” has the meaning ascribed to it in the Final Terms.

“**Shares**” has the meaning ascribed to it in the Final Terms.

### 3 Disrupted Days

For the purposes of the Notes, Condition 5 of the General Conditions shall be amended by the addition of a new Condition 5(l) as follows:

*“(l) Disrupted Days*

If the Calculation Agent determines that the Strike Date, the Expiration Date, any Averaging Date, any Automatic Early Redemption Valuation Date or any Observation Date, as the case may be, in respect of the Shares is a Disrupted Day, then the Strike Date, the Expiration Date, such Averaging Date, such Automatic Early Redemption Valuation Date or such Observation Date, as the case may be, shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the original date that, but for the determination by the Calculation Agent of the occurrence of a Disrupted Day, would have been the Strike Date, the

Expiration Date, such Averaging Date, such Automatic Early Redemption Valuation Date or such Observation Date, as the case may be, is a Disrupted Day. In that case:

- (a) that eighth Scheduled Trading Day shall be deemed to be the Strike Date, the Expiration Date, such Averaging Date, such Automatic Early Redemption Valuation Date or such Observation Date, as the case may be, in respect of the Shares, notwithstanding the fact that such day is a Disrupted Day; and
- (b) the Calculation Agent shall determine the price of one Share as its good faith estimate of the price of one Share that would have prevailed, but for the occurrence of a Disrupted Day, at the Valuation Time on that eighth Scheduled Trading Day.

Notwithstanding the provisions of any other Condition, if the Calculation Agent determines that a Disrupted Day has occurred on the Expiration Date and/or on any Observation Date, Automatic Early Redemption Valuation Date or Averaging Date, payment of the Final Redemption Amount, the Automatic Early Redemption Amount (if such amount is payable) and/or any amount of interest (if the payment of interest is share-linked), as the case may be, shall be postponed to the later of (i) the Maturity Date, the Automatic Early Redemption Date and/or the relevant Interest Payment Date and (ii) the date that is three Business Days (or such other period as specified in the Final Terms) following the postponed Expiration Date, Observation Date, Automatic Early Redemption Valuation Date or Averaging Date, as the case may be. For the avoidance of doubt, no additional amounts shall be payable in respect of the postponement of any payment of the Final Redemption Amount, the Automatic Early Redemption Amount and/or any amount of interest in accordance with this Condition 5(l) of the General Conditions.

The Issuer shall give notice to the holders of the Notes, in accordance with Condition 12 of the General Conditions, of the occurrence of a Disrupted Day if it results in the postponement of any payment in respect of the Notes.”

#### **4 Adjustments**

For the purposes of the Notes, Condition 5 of the General Conditions shall be amended by the addition of a new Condition 5(m) as follows:

*“(m) Adjustments, Consequences of Certain Events and Currency*

(i) **Adjustments**

If the Calculation Agent determines that a Potential Adjustment Event has occurred or that there has been an adjustment to the settlement terms of listed contracts on the Shares traded on a Related Exchange, the Calculation Agent will determine whether such Potential Adjustment Event or adjustment has a diluting or concentrative effect on the theoretical value of the Shares and, if so, will (a) make the corresponding adjustment(s), if any, to any one or more of the Final Redemption Amount and/or the Strike Price and/or any of the terms and conditions of the Notes (including the amount of interest payable, if any) as the Calculation Agent determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividend, stock loan rate or liquidity) and (b) determine the effective date(s) of the adjustment(s). The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event or adjustment to settlement terms made by an options exchange to options on the Shares traded on that options exchange.

## (ii) Consequences of a Merger Event

If the Calculation Agent determines that a Merger Event has occurred, the Issuer may:

- (a) redeem each Note at its fair market value (as determined by the Calculation Agent) as at the Merger Date less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Note, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions, on such date as the Issuer may notify to Noteholders in accordance with Condition 12 of the General Conditions; and/or
- (b) make such adjustment to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Merger Event (provided that no adjustments will be made to solely account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Shares or to the Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Merger Event by an options exchange to options on the Shares traded on such options exchange and determine the effective date of that adjustment; and/or
- (c) save in respect of a Reverse Merger, on or after the relevant Merger Date, deem the New Shares and/or the amount of Other Consideration, if applicable (as subsequently modified in accordance with any relevant terms and including the proceeds of any redemption, if applicable), and their issuer (if any) to be the “Shares” and the “Share Issuer”, respectively, and if the Calculation Agent determines to be appropriate, the Issuer will adjust any relevant terms of the Notes as it may determine.

The Issuer shall give notice of such redemption, adjustment or deemed change to Noteholders in accordance with Condition 12 of the General Conditions.

## (iii) Consequences of a Tender Offer

If the Calculation Agent determines that a Tender Offer has occurred, then on or after the relevant Tender Offer Date the Issuer may:

- (a) redeem each Note at its fair market value (as determined by the Calculation Agent) as at the Tender Offer Date less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Note, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions, on such date as the Issuer may notify to Noteholders in accordance with Condition 12 of the General Conditions; and/or
- (b) make such adjustment to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Tender Offer (provided that no adjustments will be made to account solely for changes in volatility or liquidity relevant to the Shares or to the Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Tender Offer by an options exchange to options on the Shares traded on such options exchange and determine the effective date of that adjustment.

The Issuer shall give notice of such redemption or adjustment to Noteholders in accordance with Condition 12 of the General Conditions.

(iv) Nationalisation, Insolvency or De-listing

If in respect of the Shares or the Share Issuer the Calculation Agent determines that there has been a Nationalisation, an Insolvency or a De-listing, the Issuer may (i) request the Calculation Agent to determine the appropriate adjustment, if any, to be made to any one or more of the Final Redemption Amount and/or the Strike Price and/or any of the other terms and conditions of the Notes (including the amount of interest payable, if any) to account for the Nationalisation, Insolvency or Delisting, as the case may be, and determine the effective date of that adjustment or (ii) redeem each Note at its fair market value (as determined by the Calculation Agent) as at the date of redemption taking into account the Nationalisation, Insolvency or De-listing less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Note, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions. Notice of any redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with Condition 12 of the General Conditions.

(v) Change of Exchange

If the Exchange is changed, the Issuer may make such consequential modifications to the Strike Price, Final Redemption Amount, Valuation Time and such other terms and conditions of the Notes (including the amount of interest payable, if any) as it may deem necessary.

(vi) Price Correction

In the event that any price or level published on the Exchange and which is utilised for any calculation or determination made under the Notes is subsequently corrected and the correction is published by the Exchange within three Business Days (or such other period specified in the Final Terms) after the original publication, the Calculation Agent will determine the amount (if any) that is payable following that correction, and, to the extent necessary, the Issuer will adjust the terms and conditions of the Notes to account for such correction.

(vii) Currency

If the Calculation Agent determines that any event occurs affecting the Specified Currency or the currency in which any of the Shares are quoted, listed and/or dealt in on the Exchange (whether relating to the convertibility of any such currency into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to the Final Redemption Amount, Strike Price (if applicable) and/or any other relevant term of the Notes (including the date on which any amount is payable by the Issuer and the amount of interest payable, if any), the Issuer may make such adjustment or adjustments to the Final Redemption Amount, Strike Price (if applicable) and/or any other relevant term of the Notes (including the amount of interest payable, if any) as it deems necessary. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 12 of the General Conditions.

(viii) Additional Disruption Events

If the Calculation Agent determines that an Additional Disruption Event has occurred, the Issuer may redeem each Note at its fair market value (as determined by the Calculation Agent) as at

the date of redemption taking into account the Additional Disruption Event less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Note, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions. Notice of any redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with Condition 12 of the General Conditions.

(ix) Change in currency

If, at any time after the Issue Date, there is any change in the currency in which the Shares are quoted, listed and/or dealt on the Exchange, then the Issuer will adjust such of the terms and conditions of the Notes as the Calculation Agent determines appropriate to preserve the economic terms of the Notes. The Calculation Agent will make any conversion necessary for purposes of any such adjustment as of the Valuation Time at an appropriate mid-market spot rate of exchange determined by the Calculation Agent prevailing as of the Valuation Time. No adjustments under this section will affect the currency denomination of any payment obligation arising out of the Notes.”

## 5 Delivery of Share Amount

For the purposes of the Notes, if “Share Delivery” is specified as being applicable in the Final Terms, Condition 5 of the General Conditions shall be amended by the addition of a new Condition 5(n) as follows:

*“(n) Delivery of Share Amounts:*

(i) Delivery of Share Amounts

If the Notes are to be redeemed by the delivery of the Share Amounts, the Issuer shall, on the Share Delivery Date, deliver or procure the delivery of the Share Amount in respect of each Note to such account in such clearing system as may be specified by the relevant Noteholder, at the risk and expense of the relevant Noteholder. If a Noteholder does not provide the Issuer with sufficient instructions in a timely manner to enable the Issuer to effect any required delivery of Shares, the due date for such delivery shall be postponed accordingly. The Issuer shall determine whether any instructions received by it are sufficient and whether they have been received in time to enable delivery on any given date. As used herein, “delivery” in relation to any Share Amount means the carrying out of the steps required of the Issuer (or such person as it may procure to make the relevant delivery) in order to effect the transfer of the relevant Share Amount and “deliver” shall be construed accordingly. The Issuer shall not be responsible for any delay or failure in the transfer of such Share Amount once such steps have been carried out, whether resulting from settlement periods of clearing systems, acts or omissions of registrars or otherwise and shall have no responsibility for the lawfulness of the acquisition of the Shares comprising the Share Amount or any interest therein by any Noteholder or any other person.

In respect of each Share comprising the Share Amount, the Issuer shall not be under any obligation to register or procure the registration of the Noteholder or any other person as the registered shareholder in any register of members of the Share Issuer.

Noteholders should note that the actual date on which they become holders of the Shares comprising their Share Amount will depend, among other factors, on the procedures of the

relevant clearing systems and any share registrar and the effect of any Settlement Disruption Events.

The Issuer shall not at any time be obliged to account to a Noteholder for any amount or entitlement that it receives by way of a dividend or other distribution in respect of any of the Shares. Dividends and distributions in respect of the Shares which constitute a Potential Adjustment Event may however result in an adjustment being made pursuant to Condition 5(m) of General Conditions.

Neither the Issuer nor any other person shall (a) be under any obligation to deliver (or procure any other person to deliver) to the Noteholders or any other person any letter, certificate, notice, circular or any other document received by that person in its capacity as the holder of the Shares, (b) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to the Shares or (c) be under any liability to the Noteholders or any subsequent beneficial owners of the Shares in respect of any loss or damage which any Noteholder or subsequent beneficial owner may sustain or suffer as a result, whether directly or indirectly, of that person being registered at any time as the legal owner of the Shares.

(ii) Settlement Disruption

If the Issuer determines that delivery of any Share Amount in respect of any Note by the Issuer in accordance with the terms and conditions of the Notes is not practicable or permitted by reason of a Settlement Disruption Event subsisting, then the Share Delivery Date in respect of such Share Amount shall be postponed to the first following Delivery Day in respect of which no such Settlement Disruption Event is subsisting and notice thereof shall be given in accordance with Condition 12 of the General Conditions, provided that the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Note by delivering or procuring the delivery of such Share Amount using such other commercially reasonable manner as it may select and in such event the Share Delivery Date shall be such day as the Issuer deems appropriate in connection with delivery of such Share Amount in such other commercially reasonable manner. No Noteholder shall be entitled to any payment whether of interest or otherwise on such Note in the event of any delay in the delivery of the Share Amount pursuant to this paragraph and no liability in respect thereof shall attach to the Issuer.

Where a Settlement Disruption Event affects some but not all of the Shares comprising the Share Amount, the Share Delivery Date for the Shares comprising such Share Amount which are not affected by the Settlement Disruption Event will be the originally designated Share Delivery Date.

For so long as delivery of the Share Amount in respect of any Note is not practicable or permitted by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of each Note by payment to the relevant Noteholder of the Disruption Cash Settlement Price on the third Business Day following the date that notice of such election is given to the Noteholders in accordance with Condition 12 of the General Conditions. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Noteholders in accordance with Condition 12 General Conditions.

The Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 12 of the General Conditions if a Settlement Disruption Event has occurred.

## (iii) Aggregate Share Amount

The aggregate Share Amount to which a Noteholder may be entitled will be determined on the basis of the separate (for the avoidance of doubt, not aggregate) number of Notes held by the relevant Noteholder. The Issuer shall not be obliged to deliver fractions of a Share but shall be obliged to account for the Fractional Cash Amount of any such fractions to the relevant Noteholder on the Share Delivery Date and each such Share Amount to be delivered shall be rounded down to the next integral number of Shares.”

**6 Automatic Early Redemption**

For the purposes of the Notes, if “Automatic Early Redemption” is specified as being applicable in the Final Terms, Condition 5 of the General Conditions shall be amended by the addition of a new Condition 5(o) as follows:

*“(o) Automatic Early Redemption:*

Unless previously redeemed or purchased and cancelled, if on any Automatic Early Redemption Valuation Date or during any Observation Period the Automatic Early Redemption Event occurs, then the Notes will be automatically redeemed in whole, but not in part, on the Automatic Early Redemption Date immediately following such Automatic Early Redemption Valuation Date or (in the case of the occurrence of an Automatic Early Redemption Event during an Observation Period) on the date that is five Business Days (or such other period as is specified in the applicable Final Terms) following the occurrence of such Automatic Early Redemption Event, and in any such case the Final Redemption Amount payable by the Issuer on such date upon redemption of each Note shall be an amount equal to the relevant Automatic Early Redemption Amount.”

**7 Prescription**

For the avoidance of doubt, Condition 7 of the General Conditions shall apply to the Notes and claims for delivery of any Share Amount in respect of the Notes shall become void upon the expiry of five years from the Share Delivery Date.

### 3 Disrupted Days

For the purposes of the Notes, Condition 5 of the General Conditions shall be amended by the addition of a new Condition 5(l) as follows:

*“(l) Disrupted Days*

If the Calculation Agent determines that the Strike Date, the Expiration Date, any Averaging Date, any Automatic Early Redemption Valuation Date or any Observation Date, as the case may be, is a

Disrupted Day in respect of a Share, then the Strike Date, the Expiration Date, such Averaging Date, such Automatic Early Redemption Valuation Date or such Observation Date, as the case may be, in respect of that Share shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day in respect of that Share, unless each of the eight Scheduled Trading Days immediately following the original date that, but for the determination by the Calculation Agent of the occurrence of a Disrupted Day, would have been the Strike Date, the Expiration Date, such Averaging Date, such Automatic Early Redemption Valuation Date or such Observation Date for such Share, as the case may be, is a Disrupted Day. In that case:

- (a) that eighth Scheduled Trading Day shall be deemed to be the Strike Date, the Expiration Date, such Averaging Date, such Automatic Early Redemption Valuation Date or such Observation Date, as the case may be, for such Share notwithstanding the fact that such day is a Disrupted Day; and
- (b) the Calculation Agent shall determine the price of one such Share as its good faith estimate of the price of one such Share that would have prevailed, but for the occurrence of a Disrupted Day, at the Valuation Time on that eighth Scheduled Trading Day.

Notwithstanding the provisions of any other Condition, if the Calculation Agent determines that a Disrupted Day has occurred on the Expiration Date and/or on any Observation Date, Automatic Early Redemption Valuation Date or Averaging Date, payment of the Final Redemption Amount, the Automatic Early Redemption Amount (if such amount is payable) and/or any amount of interest (if the payment of interest is share-linked), as the case may be, shall be postponed to the later of (i) the Maturity Date, the Automatic Early Redemption Date and/or the relevant Interest Payment Date and (ii) the date that is three Business Days (or such other period as specified in the Final Terms) following the postponed Expiration Date, Observation Date, Automatic Early Redemption Valuation Date or Averaging Date, as the case may be. For the avoidance of doubt, no additional amounts shall be payable in respect of the postponement of any payment of the Final Redemption Amount, the Automatic Early Redemption Amount and/or any amount of interest in accordance with this Condition 5(l) of the General Conditions.

The Issuer shall give notice to the holders of the Notes, in accordance with Condition 12 of the General Conditions, of the occurrence of a Disrupted Day if it results in the postponement of any payment in respect of the Notes.”

#### **4 Adjustments**

For the purposes of the Notes, Condition 5 of the General Conditions shall be amended by the addition of a new Condition 5(m) as follows:

*“(m) Adjustments, Consequences of Certain Events and Currency*

- (i) Adjustments

If the Calculation Agent determines that a Potential Adjustment Event has occurred in respect of one or more of the Shares in the Basket or that there has been an adjustment to the settlement terms of listed contracts on one or more of the Shares in the Basket traded on a Related Exchange, the Calculation Agent will determine whether such Potential Adjustment Event or adjustment has a diluting or concentrative effect on the theoretical value of the relevant Shares and, if so, will (a) make the corresponding adjustment(s), if any, to any one or more of the Final Redemption Amount and/or the Strike Price and/or any of the terms and conditions of the Notes (including the amount of interest payable, if any) as the Calculation Agent determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividend, stock loan rate or

liquidity) and (b) determine the effective date(s) of the adjustment(s). The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event or adjustment to settlement terms made by an options exchange to options on the relevant Shares traded on that options exchange.

(ii) Consequences of a Merger Event

If the Calculation Agent determines that a Merger Event has occurred in respect of one or more of the Shares in the Basket, the Issuer may:

- (a) redeem each Note at its fair market value (as determined by the Calculation Agent) as at the Merger Date less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Note, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions, on such date as the Issuer may notify to Noteholders in accordance with Condition 12 of the General Conditions; and/or
- (b) make such adjustment to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Merger Event (provided that no adjustments will be made to solely account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the relevant Shares or to the Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Merger Event by an options exchange to options on the relevant Shares traded on such options exchange and determine the effective date of that adjustment; and/or
- (c) save in respect of a Reverse Merger, on or after the relevant Merger Date, deem the New Shares and/or the amount of Other Consideration, if applicable (as subsequently modified in accordance with any relevant terms and including the proceeds of any redemption, if applicable), and their issuer (if any) to be the relevant “Shares” and the relevant “Share Issuer”, respectively, and if the Calculation Agent determines to be appropriate, the Issuer will adjust any relevant terms of the Notes as it may determine.

The Issuer shall give notice of such redemption, adjustment or deemed change to Noteholders in accordance with Condition 12 of the General Conditions.

(iii) Consequences of a Tender Offer

If the Calculation Agent determines that a Tender Offer has occurred in respect of one or more of the Shares in the Basket, then on or after the relevant Tender Offer Date the Issuer may:

- (a) redeem each Note at its fair market value (as determined by the Calculation Agent) as at the Tender Offer Date less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Note, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions, on such date as the Issuer may notify to Noteholders in accordance with Condition 12 of the General Conditions; and/or
- (b) make such adjustment to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Tender Offer (provided that no adjustments

will be made to account solely for changes in volatility or liquidity relevant to the Shares or to the Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Tender Offer by an options exchange to options on the relevant Shares traded on such options exchange and determine the effective date of that adjustment.

The Issuer shall give notice of such redemption or adjustment to Noteholders in accordance with Condition 12 of the General Conditions.

(iv) Nationalisation, Insolvency or De-listing

If in respect of one or more of the Shares in the Basket or a Share Issuer the Calculation Agent determines that there has been a Nationalisation, an Insolvency or a De-listing, the Issuer may (i) request the Calculation Agent to determine the appropriate adjustment, if any, to be made to any one or more of the Final Redemption Amount and/or the Strike Price and/or any of the other terms and conditions of the Notes (including the amount of interest payable, if any) to account for the Nationalisation, Insolvency or De-listing, as the case may be, and determine the effective date of that adjustment or (ii) redeem each Note at its fair market value (as determined by the Calculation Agent) as at the date of redemption taking into account the Nationalisation, Insolvency or De-listing less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Note, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions. Notice of any redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with Condition 12 of the General Conditions.

(v) Change of Exchange

If an Exchange is changed, the Issuer may make such consequential modifications to the Strike Price, Final Redemption Amount, Valuation Time and such other terms and conditions of the Notes (including the amount of interest payable, if any) as it may deem necessary.

(vi) Price Correction

In the event that any price or level published on an Exchange and which is utilised for any calculation or determination made under the Notes is subsequently corrected and the correction is published by the relevant Exchange within three Business Days (or such other period as may be specified in the Final Terms) after the original publication, the Calculation Agent will determine the amount (if any) that is payable following that correction, and, to the extent necessary, the Issuer will adjust the terms and conditions of the Notes to account for such correction.

(vii) Currency

If the Calculation Agent determines that any event occurs affecting the Specified Currency or the currency in which any of the Shares are quoted, listed and/or dealt in on the Exchange (whether relating to the convertibility of any such currency into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to the Final Redemption Amount, Strike Price (if applicable) and/or any other relevant term of the Notes (including the date on which any amount is payable by the Issuer and the amount of interest payable, if any), the Issuer may make such adjustment or adjustments to the Final Redemption Amount, Strike Price (if applicable) and/or any other relevant term of the Notes (including the amount of interest payable, if any) as it deems necessary. The Issuer shall give notice to the

holders of the Notes of any such adjustment in accordance with Condition 12 of the General Conditions.

(viii) Additional Disruption Events

If the Calculation Agent determines that an Additional Disruption Event has occurred in respect of one or more of the Shares in the Basket, the Issuer may redeem each Note at its fair market value (as determined by the Calculation Agent) as at the date of redemption taking into account the Additional Disruption Event less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Note, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions. Notice of any redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with Condition 12 of the General Conditions.

(ix) Change in currencies

If, at any time after the Issue Date, there is any change in the currency in which the Shares are quoted, listed and/or dealt on the Exchange, then the Issuer will adjust such of the terms and conditions of the Notes as the Calculation Agent determines appropriate to preserve the economic terms of the Notes. The Calculation Agent will make any conversion necessary for purposes of any such adjustment as of the Valuation Time at an appropriate mid-market spot rate of exchange determined by the Calculation Agent prevailing as of the Valuation Time. No adjustments under this section will affect the currency denomination of any payment obligation arising out of the Notes.

## 5 Delivery of Share Amount

For the purposes of the Notes, if “Share Delivery” is specified as being applicable in the Final Terms, Condition 5 of the General Conditions shall be amended by the addition of a new Condition 5(n) as follows:

*“(n) Delivery of Share Amounts:*

(i) Delivery of Share Amounts

If the Notes are to be redeemed by the delivery of the Share Amounts, the Issuer shall, on the Share Delivery Date, deliver or procure the delivery of the Share Amount in respect of each Note to such account in such clearing system as may be specified by the relevant Noteholder, at the risk and expense of the relevant Noteholder. If a Noteholder does not provide the Issuer with sufficient instructions in a timely manner to enable the Issuer to effect any required delivery of Shares, the due date for such delivery shall be postponed accordingly. The Issuer shall determine whether any instructions received by it are sufficient and whether they have been received in time to enable delivery on any given date. As used herein, “delivery” in relation to any Share Amount means the carrying out of the steps required of the Issuer (or such person as it may procure to make the relevant delivery) in order to effect the transfer of the relevant Share Amount and “deliver” shall be construed accordingly. The Issuer shall not be responsible for any delay or failure in the transfer of such Share Amount once such steps have been carried out, whether resulting from settlement periods of clearing systems, acts or omissions of registrars or otherwise and shall have no responsibility for the lawfulness of the acquisition of the Shares comprising the Share Amount or any interest therein by any Noteholder or any other person.

In respect of each Share comprising the Share Amount, the Issuer shall not be under any obligation to register or procure the registration of the Noteholder or any other person as the registered shareholder in any register of members of the relevant Share Issuer.

Noteholders should note that the actual date on which they become holders of the Shares comprising their Share Amount will depend, among other factors, on the procedures of the relevant clearing systems and any share registrar and the effect of any Settlement Disruption Events.

The Issuer shall not at any time be obliged to account to a Noteholder for any amount or entitlement that it receives by way of a dividend or other distribution in respect of any of the Shares. Dividends and distributions in respect of the Shares which constitute a Potential Adjustment Event may however result in an adjustment being made pursuant to Condition 5(m) of the General Conditions.

Neither the Issuer nor any other person shall (a) be under any obligation to deliver (or procure any other person to deliver) to the Noteholders or any other person any letter, certificate, notice, circular or any other document received by that person in its capacity as the holder of the Shares, (b) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to the Shares or (c) be under any liability to the Noteholders or any subsequent beneficial owners of the Shares in respect of any loss or damage which any Noteholder or subsequent beneficial owner may sustain or suffer as a result, whether directly or indirectly, of that person being registered at any time as the legal owner of the Shares.

(ii) Settlement Disruption

If the Issuer determines that delivery of any Share Amount (or part thereof) in respect of any Note by the Issuer in accordance with the terms and conditions of the Notes is not practicable or permitted by reason of a Settlement Disruption Event subsisting, then the Share Delivery Date in respect of such Share Amount (or part thereof) shall be postponed to the first following Delivery Day in respect of which no such Settlement Disruption Event is subsisting and notice thereof shall be given in accordance with Condition 12 of the General Conditions, provided that the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Note by delivering or procuring the delivery of such Share Amount (or part thereof) using such other commercially reasonable manner as it may select and in such event the Share Delivery Date shall be such day as the Issuer deems appropriate in connection with delivery of such Share Amount (or part thereof) in such other commercially reasonable manner. No Noteholder shall be entitled to any payment whether of interest or otherwise on such Note in the event of any delay in the delivery of the Share Amount pursuant to this paragraph and no liability in respect thereof shall attach to the Issuer.

Where a Settlement Disruption Event affects some but not all of the Shares comprising the Share Amount, the Share Delivery Date for the Shares comprising such Share Amount which are not affected by the Settlement Disruption Event will be the originally designated Share Delivery Date.

For so long as delivery of the Share Amount (or part thereof) in respect of any Note is not practicable or permitted by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of each Note by payment to the relevant Noteholder of the Disruption Cash Settlement Price on the third Business Day following the date that notice of such election is given to the Noteholders in accordance with Condition 12 of

the General Conditions. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Noteholders in accordance with Condition 12 of the General Conditions.

The Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 12 of the General Conditions if a Settlement Disruption Event has occurred.

(iii) **Aggregate Share Amount**

The aggregate Share Amount to which a Noteholder may be entitled will be determined on the basis of the separate (for the avoidance of doubt, not aggregate) number of Notes held by the relevant Noteholder. The Issuer shall not be obliged to deliver fractions of a Share but shall be obliged to account for the Fractional Cash Amount of any such fractions to the relevant Noteholder on the Share Delivery Date and each such Share Amount to be delivered shall be rounded down to the next integral number of Shares.”

## **6 Automatic Early Redemption**

For the purposes of the Notes, if “Automatic Early Redemption” is specified as being applicable in the Final Terms, Condition 5 of the General Conditions shall be amended by the addition of a new Condition 5(o) as follows:

*“(o) Automatic Early Redemption:*

Unless previously redeemed or purchased and cancelled, if on any Automatic Early Redemption Valuation Date or during any Observation Period the Automatic Early Redemption Event occurs, then the Notes will be automatically redeemed in whole, but not in part, on the Automatic Early Redemption Date immediately following such Automatic Early Redemption Valuation Date or (in the case of the occurrence of an Automatic Early Redemption Event during an Observation Period) on the date that is five Business Days (or such other period as is specified in the applicable Final Terms) following the occurrence of such Automatic Early Redemption Event, and in any such case the Final Redemption Amount payable by the Issuer on such date upon redemption of each Note shall be an amount equal to the relevant Automatic Early Redemption Amount.”

## **7 Prescription**

For the avoidance of doubt, Condition 7 of the General Conditions shall apply to the Notes and claims for delivery of any Share Amount in respect of the Notes shall become void upon the expiry of five years from the Share Delivery Date.

Calculation Agent of the occurrence of a Disrupted Day, would have been the Strike Date, the Expiration Date, such Averaging Date, such Automatic Early Redemption Valuation Date or such Observation Date, as the case may be, is a Disrupted Day. In that case:

- (a) that eighth Scheduled Trading Day shall be deemed to be the Strike Date, the Expiration Date, such Averaging Date, such Automatic Early Redemption Valuation Date or such Observation Date, as the case may be, in respect of the Index, notwithstanding the fact that such day is a Disrupted Day; and
- (b) the Calculation Agent shall determine the level of the Index on that eighth Scheduled Trading Day in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange-traded or quoted price as of the Valuation Time on that eighth Scheduled Trading Day of each security comprised in the Index (or, if the Calculation Agent determines that an event giving rise to a Disrupted Day has occurred in respect of a relevant security on that eighth Scheduled Trading Day, its good faith estimate of the value for the relevant security as of the Valuation Time on that eighth Scheduled Trading Day).

Notwithstanding the provisions of any other Condition, if the Calculation Agent determines that a Disrupted Day has occurred on the Expiration Date and/or any Observation Date, Automatic Early Redemption Valuation Date or Averaging Date, payment of the Final Redemption Amount, the Automatic Early Redemption Amount (if such amount is payable) and/or any amount of interest (if the payment of interest is index-linked), as the case may be, shall be postponed to the later of (i) the Maturity Date, the Automatic Early Redemption Date and/or the relevant Interest Payment Date and (ii) the date that is three Business Days (or such other period specified in the Final Terms) following the postponed Expiration Date, Observation Date, Automatic Early Redemption Valuation Date or Averaging Date, as the case may be. For the avoidance of doubt, no additional amounts shall be payable in respect of the postponement of any payment of the Final Redemption Amount, the Automatic Early Redemption Amount and/or any amount of interest in accordance with this Condition 5(l) of the General Conditions.

The Issuer shall give notice to the holders of the Notes, in accordance with Condition 12 of the General Conditions, of the occurrence of a Disrupted Day if it results in the postponement of any payment in respect of the Notes.”

The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 12 of the General Conditions.

## (iv) Currency

If the Calculation Agent determines that any event occurs affecting the Specified Currency (whether relating to its convertibility into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to the Final Redemption Amount, Strike Price and/or any other relevant term of the Notes (including the date on which any amount is payable by the Issuer and the amount of interest payable, if any), the Issuer may make such adjustment or adjustments to the Final Redemption Amount, Strike Price and/or any other relevant term of the Notes (including the amount of interest payable, if any) as it deems necessary. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 12 of the General Conditions.

## (v) Additional Disruption Event

If the Calculation Agent determines that an Additional Disruption Event has occurred, the Issuer may redeem each Note at its fair market value (as determined by the Calculation Agent) as at the date of redemption taking into account the Additional Disruption Event less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Note, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions. case of the occurrence of an Automatic Early Redemption Event during an Observation Period) on the date that is five Business Days (or such other period as is specified in the applicable Final Terms) following the occurrence of such Automatic Early Redemption Event, and in any such case the Final Redemption Amount payable by the Issuer on such date upon redemption of each Note shall be an amount equal to the relevant Automatic Early Redemption Amount.”

## CHAPTER 20: CREDIT LINKED NOTES ISSUED BY ING AMERICAS ISSUANCE B.V.

### PART 1: TERMS AND CONDITIONS OF CREDIT LINKED NOTES

The terms and conditions applicable to Credit Linked Notes issued by ING Americas Issuance B.V. and guaranteed by ING Bank N.V. shall comprise the Terms and Conditions of the Medium Term Notes issued by ING Americas Issuance B.V. and guaranteed by ING Bank N.V. set out in Chapter 17, Part 1 (the “General Conditions”), and the additional Terms and Conditions set out below (the “Credit Linked Conditions”), in each case subject to completion and/or amendment in the applicable Final Terms. In the event of any inconsistency between the General Conditions and the Credit Linked Conditions, the Credit Linked Conditions set out below shall prevail. The applicable Final Terms shall specify whether the Notes are Single Name Credit Linked Notes, First-to-Default Credit Linked Notes, *N<sup>th</sup>*-to-Default Credit Linked Notes or any other type of Credit Linked Notes. In the event of any inconsistency between (i) the General Conditions and/or the Credit Linked Conditions and (ii) the applicable Final Terms, the applicable Final Terms shall prevail.

#### 1 Redemption upon the occurrence of a Termination Event

- (a) If the Calculation Agent determines on any day during the Observation Period that a Termination Event has occurred and the Conditions to Settlement are satisfied, interest shall cease to accrue on the Notes with effect from the Interest Period Date immediately preceding the Event Determination Date or, if no Interest Period Date has occurred, the Interest Commencement Date, unless “Alternative Interest Cessation Date” is stated as applying in the applicable Final Terms in which case interest shall cease to accrue on the Notes on the date specified in the relevant Termination Event Notice, and the Issuer’s obligation to redeem each Note at its Final Redemption Amount on the Final Payment Date shall cease and be replaced by an obligation to redeem each Note as follows:
  - (i) if “Cash Settlement” is specified as the Settlement Basis in the applicable Final Terms, by payment on the Cash Settlement Date of the Cash Settlement Amount;
  - (ii) if “Physical Settlement” is specified as the Settlement Basis in the applicable Final Terms, by Delivery of the Relevant Proportion of the Deliverable Obligation(s) by the Physical Settlement Date; or
  - (iii) if “Cash or Physical Settlement” is specified as the Settlement Basis in the applicable Final Terms, as set out in sub-paragraph (i) or (ii) above at the option of the Issuer in its sole and absolute discretion and notified to Noteholders in the relevant Termination Event Notice,

in each case subject to Condition 12 of these Credit Linked Conditions and provided that any such payment or delivery shall be subject to the FX Convertibility Event and FX Transferability Event provisions of these Credit Linked Conditions.

Upon discharge by the Issuer of such payment or delivery obligation on the Cash Settlement Date (or, if the Cash Settlement Amount is zero, upon the occurrence of the Cash Settlement Date) or by the Physical Settlement Date, as the case may be, or otherwise as provided herein, the Issuer’s obligations in respect of the Notes shall be discharged in full.

- (b) If the applicable Final Terms or (where “Cash or Physical Settlement” is specified as the Settlement Basis in the applicable Final Terms) the Termination Event Notice specifies that Cash Settlement shall apply then the provisions of Condition 2 of these Credit Linked Conditions shall apply and if Physical

Settlement is so specified then the provisions of Condition 3 of these Credit Linked Conditions shall apply.

## 2 Cash Settlement

- (a) Subject to Condition 12 of these Credit Linked Conditions, where “Cash Settlement” is the applicable Settlement Basis, then on the Cash Settlement Date the Issuer shall, subject as aforesaid, redeem each Note by payment of the Cash Settlement Amount.
- (b) The Cash Settlement Amount in respect of each Note shall be the amount specified as such in the applicable Final Terms (which may be a *pro rata* share of the Recovery Amount or the Spread Event Amount) or, if no such amount is specified, an amount determined by the Calculation Agent to be the greater of (a) zero and (b) the outstanding principal amount of such Note multiplied by the Final Price of the Reference Obligation(s), provided that if the applicable Final Terms specify that “Hedge Unwind Adjustment” shall apply, then the Cash Settlement Amount, Recovery Amount or Spread Event Amount, as the case may be, shall be adjusted upwards or downwards to reflect the *pro rata* Hedge Unwind Costs.
- (c) If the Cash Settlement Amount is to be determined by reference to the Final Price of the Reference Obligation(s), such Final Price shall be determined in accordance with the Valuation Method specified in the applicable Final Terms, or, if no such Valuation Method is specified, the Final Price shall be determined (a) with respect to one Reference Obligation and one Valuation Date, in accordance with the “Market” Valuation Method; (b) with respect to one Reference Obligation and more than one Valuation Date, in accordance with the “Average Market” Valuation Method; (c) with respect to more than one Reference Obligation and one Valuation Date, in accordance with the “Blended Market” Valuation Method; or (d) with respect to more than one Reference Obligation and more than one Valuation Date, in accordance with the “Average Blended Market” Valuation Method.
- (d) Notwithstanding sub-paragraph (a) above, if “Cash Settlement” is specified as the Settlement Basis in the applicable Final Terms or Termination Event Notice and the Issuer is unable to sell or dispose of the Reference Obligation(s) within 180 days (or such other period as may be specified in the applicable Final Terms) following the Event Determination Date, the Issuer shall notify the Noteholders of the same in accordance with Condition 10 of these Credit Linked Conditions (an “Alternative Settlement Notice”), whereupon the Issuer shall endeavour to Deliver to each Noteholder the Relevant Proportion of the Deliverable Obligation(s) in accordance with Condition 3 of these Credit Linked Conditions, for which purposes the “Physical Settlement Date” and “Cut-off Date” shall be such dates as may be specified by the Issuer in the Alternative Settlement Notice.

## 3 Physical Settlement

- (a) Subject to Condition 12 of these Credit Linked Conditions, where “Physical Settlement” is the applicable Settlement Basis, then the Issuer shall, during the Notice Delivery Period, deliver to the Noteholders a notice (the “Notice of Physical Settlement”) in which the Issuer shall give a detailed description of the Deliverable Obligation(s), being the type of Deliverable Obligation(s) that the Issuer reasonably expects to Deliver to the Noteholders, including the outstanding principal balance or Due and Payable Amount of such Deliverable Obligation(s), which, unless otherwise specified in the applicable Final Terms, shall be equal to the Aggregate Nominal Amount of the Notes outstanding as at the Event Determination Date, provided that if any of Payment, Borrowed Money, Loan or Bond or Loan is specified as the Deliverable Obligation Category and more than one of Assignable Loan,

Consent Required Loan and Direct Loan Participation are specified as Deliverable Obligation Characteristics, the Deliverable Obligation(s) may include any Loan that satisfies any one of such Deliverable Obligation Characteristics specified and need not satisfy all such Deliverable Obligation Characteristics.

- (b) On or prior to the Physical Settlement Date the Issuer shall, subject to Condition 3(c) of these Credit Linked Conditions, Deliver to each Noteholder the Relevant Proportion of the Deliverable Obligation(s). In the event that the Issuer, for any reason whatsoever, is unable to effect Delivery of the Relevant Proportion of the Deliverable Obligation(s) to any Noteholder by the Physical Settlement Date, the Issuer may continue to attempt such Delivery for an additional sixty Business Days after the Physical Settlement Date. Subject to Condition 3(f) of these Credit Linked Conditions, failure by the Issuer to Deliver to a Noteholder the Relevant Proportion of the Deliverable Obligation(s) on or prior to the date that is sixty Business Days after the Physical Settlement Date shall not constitute an Event of Default.
- (c) In order to obtain Delivery of the Relevant Proportion of the Deliverable Obligation(s), each Noteholder must deliver to the Issuer or the Agent (or, in the case of Registered Notes, the Registrar) within five Business Days of the date of delivery of the Notice of Physical Settlement (the "Cut-Off Date"), a duly completed Asset Transfer Notice in accordance with Condition 3(h) of these Credit Linked Conditions, the form of which may be obtained from the specified office of the Issuer, the Agent or the Registrar and, in the case of a holding of a Definitive Note or Registered Note, the Note (which expression shall, for the purposes of this Condition 3(c), include Certificate(s), Receipt(s) and, if applicable, all unmatured Coupons and unmatured and unexchanged Talons). In the event that the Note is represented by a Global Note, an Asset Transfer Notice must be delivered to the Issuer via the relevant clearing system, by such method of delivery as the relevant clearing system shall have approved.
- (d) After delivery of a valid Asset Transfer Notice, no transfers of the Notes specified therein which are represented by a Global Note may be effected by any relevant clearing system and no transfers of Registered Notes specified therein may be effected by the Registrar.
- (e) Upon receipt of a duly completed Asset Transfer Notice and, in the case of Definitive Notes or Registered Notes, the Note to which such notice relates, the Issuer, any relevant clearing system, the Agent or the Registrar, as the case may be, shall verify that the person specified therein as the accountholder or registered holder, as the case may be, is the Holder of the Note referred to therein according to its books or the Register, as the case may be.

Subject as provided herein, in relation to each Note, the Relevant Proportion of the Deliverable Obligation(s) will be Delivered to the relevant Noteholder at the risk of such Noteholder.

If the Asset Transfer Notice and (with respect to Definitive Notes and Registered Notes) the relevant Note are delivered to the Issuer, the Agent or (as the case may be) the Registrar later than close of business in Amsterdam on the Cut-Off Date, then the Relevant Proportion of the Deliverable Obligation(s) will be Delivered as soon as practicable after the date on which Delivery of the same would otherwise be made, at the risk of such Noteholder in the manner provided above. For the avoidance of doubt, such Noteholder shall not be entitled to any payment or to other assets, whether in respect of interest or otherwise, in the event of the Delivery of the Relevant Proportion of the Deliverable Obligation(s) taking place after the date on which Delivery of the same would otherwise be made pursuant to the provisions of this Condition 3(e) or otherwise due to circumstances beyond the control of the Issuer.

If the relevant Noteholder fails to deliver an Asset Transfer Notice in the manner set out herein or delivers an Asset Transfer Notice on any day falling after the day that is 180 calendar days after the Cut-Off Date or, in the case of Definitive Notes or Registered Notes, fails to deliver the Note related thereto or fails to pay the Delivery Expenses and, if applicable, the Hedge Unwind Costs as referred to in Condition 3(j) of these Credit Linked Conditions, the Issuer shall be discharged from its obligations in respect of such Note and shall have no further obligation or liability whatsoever in respect thereof.

(f)

(i) If due to an event beyond the control of the Issuer it is impossible, impracticable or illegal for the Issuer to Deliver, or due to an event beyond the control of any Noteholder or its designated nominee, it is impossible, impracticable or illegal for such Noteholder or its designated nominee to accept Delivery of, all or a portion of the Deliverable Obligation(s) by the Physical Settlement Date (including, without limitation, failure of the relevant clearing system or due to any law, regulation or court order, but not including market conditions or failure to obtain any requisite consent with respect to the Delivery of Loans) then by such date the Issuer or the Noteholder, as applicable, shall provide a description in reasonable detail of the facts giving rise to such impossibility, impracticability or illegality and the Issuer shall Deliver and such Noteholder or its designated nominee shall take Delivery of that portion (if any) of the Relevant Proportion of the Deliverable Obligation(s) for which it is possible, practicable and legal to take Delivery. As soon as possible thereafter, the Issuer shall Deliver and such Noteholder, its originally designated nominee or any new designated nominee shall take Delivery of the remaining portion of the Relevant Proportion of the Deliverable Obligation(s).

(ii) If:

- (A) following the occurrence of any impossibility, impracticability or illegality referred to in sub-paragraph (i) above all of the Relevant Proportion of the Deliverable Obligation(s) is not Delivered on or prior to the Latest Permissible Physical Settlement Date; or
- (B) all or a portion of the Deliverable Obligation(s) includes Assignable Loans or Consent Required Loans that, due to the non-receipt of any requisite consents, are not, by the Physical Settlement Date, capable of being assigned or novated to any relevant Noteholder or its nominee and such consents are not obtained or deemed given by the Latest Permissible Physical Settlement Date; or
- (C) all or a portion of the Deliverable Obligation(s) includes Direct Loan Participations and the relevant participation is not effected on or before the Latest Permissible Physical Settlement Date,

then Partial Cash Settlement pursuant to sub-paragraph (iii) below shall be deemed to apply with respect to that portion of the Deliverable Obligation(s) that cannot be Delivered for the reasons specified in (A) above (the “Undeliverable”) or that portion of the Deliverable Obligation(s) of the type referred to in (B) above that cannot be assigned to a Noteholder or its nominee (the “Undeliverable Loan Obligations”) or that portion of the Deliverable Obligation(s) of the type referred to in (C) above in respect of which the relevant participation is not effected (the “Undeliverable Participations”).

(iii) On the Partial Cash Settlement Date, the Issuer shall pay to each relevant Noteholder the Partial Cash Settlement Amount and upon discharge by the Issuer of such payment obligation on the Partial Cash Settlement Date, the Issuer’s obligations in respect of the relevant Note shall be discharged. For the purposes of this Condition 3(f) of these Credit Linked Conditions:

“Partial Cash Settlement Amount” means, for each Undeliverable Obligation, Undeliverable Loan Obligation or Undeliverable Participation, save as otherwise specified in the applicable

Final Terms, an amount equal to the Recovery Amount in respect of such Undeliverable Obligation, Undeliverable Loan Obligation or Undeliverable Participation; and

“Partial Cash Settlement Date” has the meaning given to it in the applicable Final Terms, or, if such a meaning is not so specified, means the date that is three Business Days after the Latest Permissible Physical Settlement Date.

- (g) If, in accordance with Conditions 3 (d), (e) and (f) of these Credit Linked Conditions, the Relevant Proportion of the Deliverable Obligation(s) is Delivered later than the Physical Settlement Date, then until Delivery of the Relevant Proportion of the Deliverable Obligation(s) is made to the relevant Noteholder, the Issuer or any person holding such assets on behalf of the Issuer shall continue to be the legal owner of those assets. None of the Issuer and any such other person shall (i) be under any obligation to deliver or procure delivery to such Noteholder or any subsequent transferee any letter, certificate, notice, circular or any other document or payment whatsoever received by that person in its capacity as the holder of such assets, (ii) be under any obligation to exercise or procure the exercise of any or all rights (including voting rights) attaching or appertaining to such assets until the date of Delivery or (iii) be under any liability to such Noteholder or subsequent transferee for any loss, liability, damage, cost or expense that such Noteholder or subsequent transferee may sustain or suffer as a result, whether directly or indirectly, of that person not being the legal owner of such assets until the date of Delivery.
- (h) An Asset Transfer Notice is irrevocable and must:
  - (i) specify the account details or name of the person to whom Delivery of the Relevant Proportion of the Deliverable Obligation(s) is to be made;
  - (ii) specify the number of Notes which are the subject of such notice;
  - (iii) in the event such Notes are represented by a Global Note:
    - (A) specify the number of the Noteholder’s account at the relevant clearing system to be debited with such Notes; and
    - (B) irrevocably instruct and authorise the relevant clearing system to debit the relevant Noteholder’s account with such Notes on the due date for redemption of the Notes;
  - (iv) in the event that such Notes are Registered Notes, irrevocably instruct and authorise the Registrar to effect the transfer of the relevant Notes;
  - (v) authorise the production of such notice in any applicable administrative or legal proceedings; and
  - (vi) unless otherwise specified in the applicable Final Terms, specify the manner in which Delivery Expenses and Hedge Unwind Costs, if applicable, will be borne by the Noteholders in accordance with Condition 3(j) of these Credit Linked Conditions.

Failure properly to complete and deliver an Asset Transfer Notice and, in the case of Definitive Notes or Registered Notes, to deliver the relevant Note, may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided in these Credit Linked Conditions shall be made by the Issuer in its sole and absolute discretion and shall be conclusive and binding on the relevant Noteholder.

- (i) If the Relevant Proportion of the Deliverable Obligation(s) comprises less than a multiple of a whole number of the Deliverable Obligation(s) at the relevant time, then (i) the Issuer shall not Deliver and the relevant Noteholder shall not be entitled to receive in respect of its Notes that fraction of an asset which is less than a whole number (the “Fractional Entitlement”) and (ii) the Issuer shall pay to the relevant Noteholder a cash amount (to be paid at the same time as Delivery of the Relevant Proportion of the Deliverable Obligation(s)) equal to the market value (as determined by the Calculation Agent) of such Fractional Entitlement.
- (j) The costs and expenses including any stamp, registration documentation or similar tax and any transfer or similar fee (the “Delivery Expenses”) of effecting any Delivery of the Relevant Proportion of the Deliverable Obligation(s) and, if the applicable Final Terms specify that “Hedge Unwind Adjustment” shall apply, a *pro rata* share of the Hedge Unwind Costs, shall, in the absence of any provision to the contrary in the applicable Final Terms, be borne by the Noteholder and shall, unless otherwise specified in the applicable Final Terms, at the option of each Noteholder as specified in the Asset Transfer Notice either be:
  - (A) paid to the Issuer by such Noteholder prior to the Delivery of the Relevant Proportion of the Deliverable Obligation(s) (and, for the avoidance of doubt, the Issuer shall not be required to Deliver any portion of the Deliverable Obligation(s) to such Noteholder until it has received such payment); or
  - (B) deducted by the Issuer from the amount which may be payable to such Noteholder, in accordance with Condition 3(i) of these Credit Linked Conditions.

If there is not a cash amount owing from the Issuer under such Note to a Noteholder sufficient to cover the Delivery Expenses and, if applicable, its *pro rata* share of the Hedge Unwind Costs, the Issuer may convert such amount of the Relevant Proportion of the Deliverable Obligation(s) into cash sufficient to cover the Delivery Expenses and, if applicable, a *pro rata* share of the Hedge Unwind Costs, in respect of such Note from which the Issuer shall deduct such amounts. Each Note will then be redeemed by delivery of the remaining portion of the Deliverable Obligation(s) in respect of such Note and, if applicable, payment of a cash amount in respect of any Fractional Entitlement arising, together with any other amounts to which such Noteholder is entitled upon redemption of such Note.

- (k) The Issuer shall not be under any obligation to register or procure the registration of any Noteholder or any other person as the registered holder of any of the Deliverable Obligation(s) to be delivered in the register of members or holders of debt securities of any company whose securities form part of the Deliverable Obligation(s). The Issuer shall not be obliged to account to any Noteholder for any entitlement received or receivable in respect of any of the Deliverable Obligation(s) to be delivered if the date on which such are first traded ex such entitlement is on or prior to the date of Delivery. The Issuer shall determine, in its sole and absolute discretion, the date on which such assets are so first traded ex any such entitlement.

#### **4 Interest Payment Date and Final Payment Date Postponement**

- (a) If Failure to Pay is listed as a Credit Event in the applicable Final Terms and “Interest Payment Date and Final Payment Date Postponement” is stated as being applicable, if prior to any Interest Payment Date or the Observation End Date under the Notes, (i) a Potential Failure to Pay has occurred with respect to one or more of the Obligations; (ii) under the terms of such Obligation(s), a grace period is applicable to payments under the Obligation(s); and (iii) such grace period does not expire on or prior to such Interest Payment Date or the Observation End Date, then such Interest Payment Date or, as the

case may be, the Final Payment Date, shall be postponed until the second Business Day (or such other day or period as may be specified in the applicable Final Terms) after such Potential Failure to Pay has been remedied, provided that a Credit Event shall be deemed to have occurred, and no payment shall be made, if the Potential Failure to Pay has not been remedied during the applicable grace period.

- (b) No adjustment shall be made to the amount of any interest as a result of any such delay as described in sub-paragraph (a) above. The Issuer shall endeavour to give notice to the Noteholders in accordance with the General Conditions as soon as reasonably practicable should any Interest Payment Date or the Final Payment Date be postponed pursuant to the foregoing.

## **5 Repudiation/Moratorium Final Payment Date Postponement**

- (a) If Repudiation/Moratorium is listed as a Credit Event in the applicable Final Terms and “Repudiation/Moratorium Final Payment Date Postponement” is stated as being applicable, if prior to the Observation End Date under the Notes (i) a Potential Repudiation/Moratorium has occurred with respect to one or more of the Obligations and (ii) such Potential Repudiation/Moratorium has not been remedied or rescinded prior to the Observation End Date, then the Final Payment Date shall be postponed until the second Business Day (or such other day or period as may be specified in the applicable Final Terms) after such Potential Repudiation/Moratorium has been remedied or rescinded, provided that a Credit Event shall be deemed to have occurred, and no payment shall be made, if (x) such Potential Repudiation/Moratorium has not been remedied or rescinded by the Repudiation/Moratorium Evaluation Date and (y) a Failure to Pay (determined without regard to the Payment Requirement or any change or amendment to such Obligation as a result of the Potential Repudiation/Moratorium), or a Restructuring (determined without regard to the Default Requirement), has occurred with respect to any such Obligations.
- (b) No adjustment shall be made to the amount of any interest as a result of any such delay as described in sub-paragraph (a) above. The Issuer shall endeavour to give notice to the Noteholders in accordance with the General Conditions as soon as reasonably practicable should the Final Payment Date be postponed pursuant to the foregoing.

## **6 Succession Event**

- (a) Where the Notes are Single Name Credit Linked Notes:
  - (i) Where a Succession Event has occurred and more than one Successor has been identified by the Calculation Agent, each such Successor will be deemed to be a Reference Entity for purposes of the Notes, and to the extent applicable, the Calculation Agent shall apportion any outstanding principal amounts or any other relevant calculation amounts equally in relation to each Successor.
  - (ii) Where a Termination Event occurs in respect of a Reference Entity after such a Succession Event, the provisions of the relevant Credit Linked Conditions shall be deemed to apply to the principal amount represented by that Reference Entity only (the “Partial Principal Amount”) and all the provisions shall be construed accordingly. Each Note shall thereafter be redeemed in part (such redeemed part being equal to the relevant proportion of the Partial Principal Amount).
  - (iii) The Notes shall be deemed to be redeemed *pro rata* in an amount equal to the Partial Principal Amount only. The Notes in an amount equal to the Aggregate Nominal Amount less the Partial

Principal Amount shall remain outstanding (the “Remaining Amount”) and interest shall accrue on the Remaining Amount as provided for in the General Conditions and the applicable Final Terms (adjusted in such manner as the Calculation Agent determines to be appropriate).

- (iv) The provisions of these Credit Linked Conditions shall apply to any subsequent Termination Event Notices delivered in respect of any of the other Reference Entities that are identified as a result of the Succession Event.
  - (v) The applicable Final Terms may be amended and restated at such time to reflect the effect of a Succession Event without the consent of the Noteholders and the Noteholders are deemed to agree to this provision by the purchase of the Notes.
- (b) Where the Notes are First-to-Default Credit Linked Notes or  $N^{th}$ -to-Default Credit Linked Notes:
- (i) Where a Succession Event has occurred in respect of a Reference Entity (each such Reference Entity and any Reference Entity previously the subject of a Succession Event, a “Succession Event Reference Entity” and the Reference Entities unaffected by such Succession Event or any previous Succession Event, the “Non-Succession Event Reference Entities”) and more than one Successor has been identified by the Calculation Agent, each such Successor will be deemed to be a Reference Entity for the purposes of the Notes (in such respect, each a “Successor Reference Entity”) and, to the extent applicable, the Calculation Agent shall apportion any outstanding principal amounts or any other relevant calculation amounts equally in relation to each Successor Reference Entity.
  - (ii) Following the occurrence of a Succession Event, satisfaction of the Conditions to Settlement following a Termination Event with respect to any of the Non-Succession Event Reference Entities will cause the Notes to be redeemed in full in accordance with the provisions of these Credit Linked Conditions; provided that, in the case of  $N^{th}$ -to-Default Credit Linked Notes, satisfaction of the Conditions to Settlement following a Termination Event with respect to any of the Non-Succession Event Reference Entities will only cause the Notes to be redeemed in full as aforesaid where such Non-Succession Event Reference Entity is the  $N^{th}$  Reference Entity with respect to which the Conditions to Settlement have been satisfied.
  - (iii) Where a Termination Event occurs in respect of a Successor Reference Entity, the relevant provisions of these Credit Linked Conditions shall be deemed to apply to the principal amount of the Notes represented by the relevant Successor Reference Entity only (the “Partial Principal Amount”); provided that, in the case of  $N^{th}$ -to-Default Credit Linked Notes, that such Successor Reference Entity is the  $N^{th}$  Reference Entity with respect to which the Conditions to Settlement have been satisfied, and all the provisions shall be construed accordingly. Subject as aforesaid, the Notes shall thereafter be redeemed in a proportion equal to the relevant proportion which the Partial Principal Amount forms of the aggregate outstanding principal amount of the Notes as of the Issue Date.
  - (iv) Following a partial redemption of the Notes pursuant to sub-paragraph (c) above, interest shall accrue on the remaining outstanding principal amount of the Notes immediately following the partial redemption as provided for in the General Conditions and these Credit Linked Conditions (adjusted in such manner as the Calculation Agent in its sole and absolute discretion determines to be appropriate).
  - (v) The provisions of these Credit Linked Conditions shall apply to any subsequent Termination Event Notices delivered in respect of any other Successor Reference Entities formed as a result of one or more Succession Events and/or any of the Non-Succession Event Reference Entities.

For the avoidance of doubt, the provisions of this Condition (6)(II) of these Credit Linked Conditions shall apply to each Succession Event.

- (vi) Where the effect of the foregoing provisions would be to specify a Reference Entity more than once with respect to the Notes, that Reference Entity shall be deemed to be specified only once.
- (vii) Save as otherwise provided in the applicable Final Terms, where any Reference Entity (the “Surviving Reference Entity”) (other than a Reference Entity that is subject to a Succession Event) would be a Successor to any other Reference Entity (the “Legacy Reference Entity”) pursuant to a Succession Event through the application of the foregoing provisions, such Surviving Reference Entity shall be deemed a Successor to the Legacy Reference Entity.
- (viii) Save as otherwise provided in the applicable Final Terms, in the event that (x) the Issuer becomes a Successor to any Reference Entity as a result of the application of the foregoing provisions, (y) the Issuer and any Reference Entity become Affiliates or (z) the Issuer or a Reference Entity consolidates or amalgamates with, or merges into, or transfers all or substantially all its assets to, a Reference Entity or the Issuer (as applicable), then the Issuer shall forthwith give notice of such circumstance to Noteholders. In such event, the Issuer may, but shall not be obliged to, on giving not more than 30 nor less than 15 days’ notice to Noteholders (the “Seller Merger Notice”), redeem all but not some of the Notes at the Early Redemption Amount specified in the Seller Merger Notice.
- (ix) The applicable Final Terms may be amended and restated at such time to reflect the effect of a Succession Event without the consent of the Noteholders and the Noteholders are deemed to agree to this provision by the purchase of the Notes.

## 7 Restructuring Credit Event

- (a) Where Restructuring is specified in the applicable Final Terms as being an applicable Credit Event and, unless otherwise specified in such Final Terms, the Issuer may deliver multiple Termination Event Notices with respect to such Restructuring Credit Event. Accordingly, notwithstanding anything to the contrary in these Credit Linked Conditions, where a Restructuring Credit Event has occurred and the Issuer has delivered a Termination Event Notice for an amount that is less than the Aggregate Nominal Amount of the Notes immediately prior to the delivery of such Termination Event Notice (the “Exercise Amount”), the provisions of these Credit Linked Conditions shall be deemed to apply to a principal amount equal to the Exercise Amount only and all the provisions shall be construed accordingly. Each such Note shall be redeemed in part (such redeemed part being equal to the relevant proportion of the Exercise Amount).
- (b) The Notes shall be deemed to be redeemed *pro rata* in an amount equal to the Exercise Amount only. The Notes in an amount equal to the Aggregate Nominal Amount less the Exercise Amount shall remain outstanding (the “Outstanding Amount”) and interest shall accrue on the Outstanding Amount as provided for in the General Conditions, these Credit Linked Conditions and the applicable Final Terms (adjusted in such manner as the Calculation Agent determines to be appropriate).
- (c) In respect of any subsequent Termination Event Notices delivered:
  - (i) the Exercise Amount in connection with a Termination Event Notice describing a Termination Event other than a Restructuring Credit Event must be equal to the outstanding principal amount of the Notes at such time (and not a portion thereof); and

- (ii) the Exercise Amount in connection with a Termination Event Notice describing a Restructuring Credit Event must be an amount that is at least 1,000,000 units of the currency (or, if Japanese Yen, 100,000,000 units) in which the Notes are denominated or any integral multiple thereof or the entire outstanding principal amount of the Notes at such time.
- (d) For the avoidance of doubt, in the case of a First-to-Default Credit Linked Note, once a Restructuring Credit Event has occurred in respect of a Reference Entity, no further Termination Event Notices may be delivered in respect of any Reference Entity other than the Reference Entity that was the subject of the first occurring Restructuring Credit Event. For the further avoidance of doubt, in the case of an  $N^{th}$ -to-Default Credit Linked Note, if a Restructuring Credit Event has occurred in respect of the  $N^{th}$  Reference Entity, no further Termination Event Notices may be delivered in respect of any Reference Entity other than the  $N^{th}$  Reference Entity.
- (e) If “Restructuring Maturity Limitation and Fully Transferable Obligation Applicable” is specified in the applicable Final Terms and Restructuring is the only Credit Event specified in a Termination Event Notice, then a Deliverable Obligation may be specified in the Notice of Physical Settlement and may be included in the Relevant Proportion of the Deliverable Obligation(s) only if it (i) is a Fully Transferable Obligation and (ii) has a final maturity date not later than the Restructuring Maturity Limitation Date.
- (f) If “Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable” is specified in the applicable Final Terms and Restructuring is the only Credit Event specified in a Termination Event Notice, then a Deliverable Obligation may be specified in the Notice of Physical Settlement and may be included in the Relevant Proportion of the Deliverable Obligation(s) only if it (i) is a Conditionally Transferable Obligation and (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date.
- (g) If the provisions of this Condition 7 of these Credit Linked Conditions apply in respect of the Notes, on redemption of part of each such Note, the relevant Note or, if the Notes are represented by a Global Note, such Global Note shall be endorsed to reflect such partial redemption.

## 8 Adjustment Event

If the applicable Final Terms specify that Adjustment Event(s) shall apply, then following the occurrence of an Adjustment Event at any time during the Observation Period, the Final Redemption Amount and/or the Fixed Coupon Amounts or Interest Amounts otherwise payable in respect of the Notes shall be reduced by any loss suffered, or costs or expenses incurred, as determined by the Calculation Agent, by the Issuer in connection with the Notes as a result of the occurrence of such Adjustment Event, so as to put the Issuer in the same position in which it would have been but for the occurrence of such Adjustment Event. The Issuer shall endeavour to give notice to the Noteholders in accordance with the General Conditions as soon as reasonably practicable following the occurrence of an Adjustment Event (an “Adjustment Notice”). The Adjustment Notice shall specify the relevant adjustments to the Final Redemption Amount and/or the Fixed Coupon Amounts or Interest Amounts required as a result of such Adjustment Event.

## 9 The Calculation Agent

The Calculation Agent shall be responsible for:

- (i) determining the identity of any Successor to the Reference Entity;

- (ii) determining whether an event specified in sub-paragraph (i) of the definition of “Substitute Reference Obligation” has occurred;
- (iii) identifying and determining a Substitute Reference Obligation;
- (iv) obtaining Quotations (and, if necessary, determining whether such Quotations shall include or exclude accrued but unpaid interest) and determining the Final Price;
- (v) converting the Quotation Amount into the relevant Obligation Currency;
- (vi) determining the Dealers, if any are to be appointed, and substituting Dealers;
- (vii) obtaining the Best Currency Rate or determining the Best Currency Rate, as the case may be;
- (viii) determining the Cash Settlement Amount (if necessary); and
- (ix) determining the Partial Cash Settlement Amount (if necessary).

The Calculation Agent shall, as soon as practicable after obtaining any Quotation (if applicable), notify the Noteholders in writing of each such Quotation that it receives in connection with the calculation of the Final Price and shall provide to the Noteholders a written computation showing its calculation of the Final Price.

## 10 Modifications to the General Conditions

For the purposes of Credit Linked Notes:

- (a) all references to the “Maturity Date” in the General Conditions shall be construed as references to the “Final Payment Date” as defined in these Credit Linked Conditions, except for the reference to “Maturity Date” in the first paragraph under Condition 3(a) of the General Conditions;
- (b) if Interest Period Dates are specified in the applicable Final Terms, then, notwithstanding Condition 3(a) of the General Conditions, “Fixed Interest Period” and “Interest Period” shall mean the period from (and including) an Interest Period Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Period Date. In such circumstances, interest shall accrue on the Notes at the Rate of Interest during the relevant Fixed Interest Period or Interest Period (as the case may be) and shall be payable on the Interest Payment Date or Specified Interest Payment Date (as the case may be) immediately following such Fixed Interest Period or Interest Period (as the case may be); and
- (c) references to “Interest Payment Date” in the definition of “Day Count Fraction” in Condition 3 of the General Conditions shall be construed as references to “Interest Period Date” as defined in these Credit Linked Conditions.

## 11 FX Convertibility Event and FX Transferability Event

If (x) FX Convertibility Event is specified to be applicable in the applicable Final Terms and a FX Convertibility Event has occurred or is continuing, as determined by the Calculation Agent, on any date on which the Issuer is required to make any payment in respect of the Notes by the exchange of the Relevant Currency and/or the Specified Currency outside or within the Relevant Jurisdiction or (y) FX Transferability Event is specified to be applicable in the applicable Final Terms and a FX Transferability Event has occurred or is continuing, as determined by the Calculation Agent, on any date on which the Issuer is required to make

any payment in respect of the Notes by the transfer of the Relevant Currency and/or the Specified Currency outside or within the Relevant Jurisdiction, then in either case the Issuer shall use reasonable endeavours (i) to pay such amount in the Relevant Currency to such Noteholder's Relevant Currency account or (ii) in the absence of such account or in the case of such Noteholder's failure to notify the Issuer of the details of such account in a timely manner, to any other account as the Issuer may determine (including, for the avoidance of doubt, an account which is or may be subject to limitations on conversion and/or repatriation) in which account any such amount shall be held for the benefit of such Noteholder. Payment of any such amount by the Issuer shall discharge the Issuer of its remaining obligations under the Notes in respect of such payment in the Relevant Currency. Should any account be opened by the Issuer for the Noteholder according to (ii) above, such account will be opened and maintained on the normal terms and conditions of the relevant institution, and in the event any interest accrues on the amount held in such account, such interest will be for the benefit of the relevant Noteholder. Any costs incurred by the Issuer in connection with the opening or maintenance of such account will be borne by the Noteholder, and the Issuer reserves the right to use the funds in such account to pay for such costs. The amount payable by the Issuer to the Noteholder in respect of the Notes shall be reduced by the amount of any such costs incurred by the Issuer. Such right of set-off is without prejudice to any additional right to claim such costs. In the event that the costs incurred by the Issuer in connection with the opening and/or maintenance of such account exceed the amount payable by the Issuer to the Noteholder in respect of the Notes or the amount held in such account for the Noteholder, the Issuer reserves the right to forego opening or to close such account.

If the Issuer determines, in its sole discretion, that any payment due on the Notes cannot, or cannot reasonably, be made following a FX Convertibility Event (if FX Convertibility Event is specified to be applicable in the applicable Final Terms) or a FX Transferability Event (if FX Transferability Event is specified to be applicable in the applicable Final Terms), then such payment shall be postponed until the next Payment Day on which such payment can, in the sole discretion of the Issuer, reasonably be made. For the avoidance of doubt, no additional amounts shall be payable by the Issuer in respect of the postponement of any payment in accordance with this provision.

Notwithstanding the above, if, following a FX Convertibility Event or a FX Transferability Event, as the case may be, the Issuer is unable to convert the Relevant Currency into the Permitted Currency in accordance with these Credit Linked Conditions for a period of five years (or such other period as may be specified in the applicable Final Terms) from the date on which payment was originally due to be made but for the FX Convertibility Event or the FX Transferability Event, as the case may be, then the Issuer shall be entitled to all amounts in such account, including accrued interest, if any, and no additional amounts shall be payable to the relevant Noteholder;

## **12 ISDA Settlement Protocol**

Notwithstanding any other provisions in these Credit Linked Conditions, if the Issuer determines that an ISDA Settlement Protocol exists in respect of a Reference Entity or Relevant Obligation that is the subject of a Credit Event, then the Issuer may elect to settle the Credit Event in respect of such Reference Entity in accordance with such ISDA Settlement Protocol and these Credit Linked Conditions shall be deemed to be amended (without further action by any parties) to be consistent with the provisions of such ISDA Settlement Protocol, as determined by the Issuer in its sole and absolute discretion. The Issuer may give notice of such election to apply the ISDA Settlement Protocol at any time prior to the settlement of the Credit Event in respect of a Reference Entity.

### 3 Delay in Publication

For the purposes of the Notes, Condition 5 of the General Conditions shall be amended by the addition of a new Condition 5(l) as follows:

*“(l) Delay in Publication*

If the Calculation Agent determines that a Delayed Index Level Event has occurred with respect to any Determination Date, then the Index Level with respect to any Reference Month which is to be utilised in any calculation or determination to be made by the Calculation Agent and/or the Issuer with respect to such Determination Date (the “Substitute Index Level”) shall be determined by the Calculation Agent (subject to Condition 5(n)(ii) of the General Conditions) as follows:

- (i) if Related Bond is specified as applicable in the relevant Final Terms, the Calculation Agent shall determine the Substitute Index Level by reference to the corresponding index level determined under the terms and conditions of the Related Bond; or
- (ii) if (I) Related Bond is specified as not applicable in the relevant Final Terms, or (II) the Calculation Agent is not able to determine a Substitute Index Level under (i) above, the Calculation Agent shall determine the Substitute Index Level by reference to the following formula:
- (iii)  $\text{Substitute Index Level} = \text{Base Level} \times (\text{Latest Level}/\text{Reference Level})$ ; or
- (iv) in accordance with any formula specified in the relevant Final Terms.

The Issuer shall promptly give notice to the holders of the Notes in accordance with Condition 12 of the General Conditions of any Substitute Index Level.”

#### 4 Successor Index

For the purposes of the Notes, Condition 5 of the General Conditions shall be amended by the addition of a new Condition 5(m) as follows:

*“(m) Successor Index*

If the Calculation Agent determines that the level of an Index is not calculated and announced by the Index Sponsor for two consecutive months and/or the Index Sponsor announces that it will not longer continue to publish or announce the Index and/or the Index Sponsor cancels the Index then the Calculation Agent shall determine a successor index (a “**Successor Index**”) (in lieu of any previously applicable Index) for the purposes of the Notes as follows:

- (i) if the Index Sponsor announces that it will no longer publish or announce the Index but that it will be superseded by a replacement Index specified by the Index Sponsor, and the Calculation Agent determines that such replacement Index is calculated using the same or a substantially similar formula or method of calculation as used in the calculation of the Index, such replacement index shall be designated a “Successor Index”;
- (ii) if (i) above does not apply and if Related Bond is specified as applicable in the Final Terms, the successor index (if any) designated pursuant to the terms and conditions of the Related Bond and such successor index shall be designated a “Successor Index”; or
- (iii) if (i) above does apply and if Related Bond is specified as not applicable in the Final Terms or a Related Bond Redemption Event has occurred, the Calculation Agent shall determine an appropriate alternative index and such index will be deemed a “Successor Index”; or
- (iv) if the Calculation Agent determines that neither (i), (ii) nor (iii) above apply, there will be deemed to be no Successor Index and an Index Cancellation will be deemed to have occurred.

For the avoidance of doubt, the Calculation Agent shall determine the date on which the Successor Index shall be deemed to replace the Index for the purposes of the Notes. Notice of the determination of a Successor Index, the effective date of the Successor Index or the occurrence of an Index Cancellation will be given to holders of the Notes by the Issuer in accordance with Condition 12 of the General Conditions.”

## 5 Adjustments

For the purposes of the Notes, Condition 5 of the General Conditions shall be amended by the addition of a new Condition 5(n) as follows:

*“(n) Adjustments and Currency*

(i) Successor Index

If a Successor Index is determined in accordance with Condition 5(m) of the General Conditions, the Issuer may make any adjustment or adjustments (without limitation) to the final Redemption Amount, interest payable under the Notes (if any) and/or any other relevant term of the Notes as the Calculation Agent deems necessary. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 12 of the General Conditions.

(ii) Substitute Index Level

If the Calculation Agent determines a Substitute Index Level in accordance with Condition 5(l) of the General Conditions, the Issuer may make any adjustment or adjustments (without limitation) to (I) the Substitute Index Level determined in accordance with Condition 5(l) of the General Conditions and/or (II) the Final Redemption Amount, interest payable under the Notes (if any) and/or any other relevant term of the Notes, in each case, as the Calculation Agent deems necessary. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 12 of the General Conditions.

(iii) Index Level Adjustment Correction

(I) The first publication or announcement of the Index Level (disregarding estimates) by the Index Sponsor for any Reference Month shall be final and conclusive and, subject to Condition 5(n)(iii)(II) of the General Conditions, later revisions to the level for such Reference Month will not be used in any calculations, save that in respect of the EUR-All Items-Revised Consumer Price Index, the ESPNational- Revised Consumer Price Index (CPI) and the ESP-Harmonised-Revised Consumer Price Index HCPI, revisions to the Index Level which are published or announced up to and including the day that is two Business Days prior to any relevant Determination Date will be valid and the revised Index Level for the relevant Reference Month will be deemed to be the final and conclusive Index Level for such Reference Month. The Issuer shall give notice to the holders of the Notes of any valid revision in accordance with Condition 12 of the General Conditions.

(II) If, within thirty days of publication or at any time prior to a Determination Date in respect of which an Index Level will be used in any calculation or determination in respect of such Determination Date, the Calculation Agent determines that the Index Sponsor has corrected the Index Level to correct an error which the Calculation Agent determines is material, the Issuer may make any adjustment to the Final Redemption Amount, interest payable under the Notes (if any) and/or any other relevant term of the Notes as the Calculation Agent deems appropriate as a result of such correction and/or determine the amount (if any) that is payable as a result of that correction. The Issuer shall give notice to the holders of the Notes of any such adjustment and/or amount in accordance with Condition 12 of the General Conditions.

(III) If a Relevant Level is published or announced at any time after the Cut-Off Date in respect of a Determination Date in respect of which a Substitute Index Level was determined, the Calculation Agent may either (A) determine that such Relevant Level shall not be used in any calculation or determination under the Notes and that the Substitute Index Level shall be deemed to be the definitive Index Level for the relevant Reference Month, or (B) request the Issuer to make any adjustment to the Final Redemption Amount, interest payable under the Notes (if any) and/or any other relevant term of the Notes as it deems appropriate as a result of the announcement or publication of the Relevant Level and/or determine the amount (if any) that is payable as a result of such publication or announcement. The Issuer shall give notice to the holders of the Notes of any determination in respect of (A) or (B), together with any adjustment or amount in respect thereof, in accordance with Condition 12 of the General Conditions.

(iv) Currency

If the Calculation Agent determines that any event occurs affecting the Specified Currency (whether relating to its convertibility into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to the Final Redemption Amount, Strike Price and/or any other relevant term of the Notes (including the date on which any amount is payable by the Issuer), the Issuer may make such adjustment or adjustments to the Final Redemption Amount, Strike Price and/or any other relevant term of the Notes as the Calculation Agent deems necessary. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 12 of the General Conditions.

(v) Rebasing

If the Calculation Agent determines that the Index has been or will be rebased at any time, the Index as so rebased (the “**Rebased Index**”) will be used for purposes of determining the Index Level from the date of such rebasing; provided, however, that the Issuer may make (A) if Related Bond is specified as applicable in the relevant Final Terms, any adjustments as are made pursuant to the terms and conditions of the Related Bond, if any, to the past levels of the Rebased Index so that the Rebased Index levels prior to the date of rebasing reflect the same rate of inflation as before the rebasing, and/or (B) if Related Bond is specified as not applicable in the relevant Final Terms or a Related Bond Redemption Event has occurred, the Calculation Agent may make such adjustments to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Index before it was rebased, and in each case the Issuer may make any adjustment(s) to the Final Redemption Amount, interest payable under the Notes (if any) and/or any other term of the Notes as the Calculation Agent may deem necessary. If the Calculation Agent determines that neither (A) nor (B) above would produce a commercially reasonable result, the Issuer may redeem each Note on a date notified by the Issuer to Noteholders in accordance with Condition 12 of the General Conditions at its fair market value as determined by the Calculation Agent (unless otherwise provided in the relevant Final Terms) as at the date of redemption taking into account the rebasing, less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Note, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions. Notice of any adjustment, redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with Condition 12 of the General Conditions.

(vi) Index Modification

- (I) If, on or prior to the Cut-Off Date in respect of any Determination Date, the Calculation Agent determines that an Index Modification has occurred the Issuer may (A) if Related Bond is specified as applicable in the relevant Final Terms, make any adjustments to the Index, any Index Level and/or any other relevant term of the Notes (including, without limitation, the Final Redemption Amount and/or interest payable under the Notes (if any)), consistent with any adjustments made to the Related Bond as the Calculation Agent deems necessary, or (B) if Related Bond is specified as not applicable in the Final Terms or a Related Bond Redemption Event has occurred, make only those adjustments to the Index, any Index Level and/or any other term of the Notes (including, without limitation, the Final Redemption Amount and/or interest payable under the Notes (if any)), as the Calculation Agent deems necessary for the modified Index to continue as the Index and to account for the economic effect of the Index Modification.
- (II) If the Calculation Agent determines that an Index Modification has occurred at any time after the Cut-Off Date in respect of any Determination Date, the Issuer may determine either to ignore such Index Modification for the purposes of any calculation or determination made by the Calculation Agent with respect to such Determination Date, in which case the relevant Index Modification will be deemed to have occurred with respect to the immediately succeeding Determination Date such that the provisions of (I) above will apply, or, notwithstanding that the Index Modification has occurred following the Cut-Off Date, to make any adjustments as the Calculation Agent deems fit in accordance with (I) above.

(vii) Change in Law

If the Calculation Agent determines that a Change in Law has occurred, the Issuer may redeem each Note on the date notified by the Issuer to Noteholders in accordance with Condition 12 of the General Conditions at its fair market value (as determined by the Calculation Agent) as at the date of redemption taking into account the Change in Law, less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Note, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions. Notice of any redemption of the Notes shall be given to Noteholders in accordance with Condition 12 of the General Conditions.

(viii) Index Cancellation

If the Calculation Agent determines that an Index Cancellation has occurred, the Issuer may redeem each Note on the date notified by the Issuer to Noteholders in accordance with Condition 12 of the General Conditions at its fair market value (as determined by the Calculation Agent) as at the date of redemption taking into account the Index Cancellation, less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Note, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions. Notice of any redemption of the Notes pursuant to this paragraph shall be given to Noteholders in accordance with Condition 12 of the General Conditions.”

Covered Bonds of one Specified Denomination may not be exchanged for Covered Bonds of another Specified Denomination.

This Covered Bond may either have a hard bullet maturity (a “HB Covered Bond”) or a soft bullet maturity (a “SB Covered Bond”) as indicated in the applicable Final Terms. A Tranche of HB Covered Bonds can never form part of a Series of SB Covered Bonds and *vice versa*.

This Covered Bond may be a Fixed Rate Covered Bond, a Floating Rate Covered Bond, a Zero Coupon Covered Bond, an Index Linked Interest Covered Bond, a Share Linked Interest Covered Bond, a Dual Currency Interest Covered Bond or a combination of any of the foregoing, depending upon the Interest Basis shown in the applicable Final Terms.

Under Dutch law, the valid transfer of Covered Bonds requires, among other things, delivery (*levering*) thereof.

For Covered Bonds held by Euroclear Netherlands deliveries will be made in accordance with the Dutch Giro Securities Transfer Act (*Wet giraal effectenverkeer*).

The Global Issuer, the CBC, the CB Paying Agents and the CB Trustee may (except as otherwise required by law) deem and treat the holder of any Bearer Covered Bond or Coupon as the absolute owner thereof, whether or not any payment is overdue and regardless of any notice of ownership, trust or any other interest therein, any writing thereon or any notice of any previous loss or theft thereof and no person shall be liable for so treating such bearer for all purposes but, in the case of any Global Covered Bond, without prejudice to the provisions set out in the first succeeding paragraph. The signatures on this Covered Bond or the relevant Registered Covered Bonds Deed, as applicable, are manual and/or in facsimile.

For so long as any of the Bearer Covered Bonds are represented by a Global Covered Bond in bearer form (a “Bearer Global Covered Bond”; and “Global Covered Bond” means either a Temporary Global Covered Bond or a Permanent Global Covered Bond or a Registered Global Covered Bond) held by a common safekeeper on behalf of Euroclear Bank S.A./N.V. as operator of the Euroclear System (“Euroclear”) and/or Clearstream Banking, société anonyme (“Clearstream, Luxembourg”), each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Bearer Covered Bonds (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to such nominal amount of such Bearer Covered Bonds standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Global Issuer, the CBC, the CB Paying Agents and the CB Trustee as the holder of such nominal amount of such Bearer Covered Bonds for all purposes other than with respect to the payment of principal or interest or other amounts on such nominal amount of such Bearer

Covered Bonds, for which purpose the bearer of the relevant Bearer Global Covered Bond shall be treated by the Global Issuer, the CBC, any CB Paying Agent and the CB Trustee as the holder of such nominal amount of such Bearer Covered Bonds in accordance with and subject to the terms of the relevant Bearer Global Covered Bond and the expressions “Covered Bondholder” and “holder of Covered Bonds” and related expressions shall be construed accordingly. In determining whether a particular person is entitled to a particular nominal amount of Bearer Covered Bonds as aforesaid, the CB Trustee may rely on such evidence and/or information and/or certification as it shall, in its absolute discretion, think fit and, if it does so rely, such evidence and/or information and/or certification shall, in the absence of manifest error or an error established as such to the satisfaction of the Trustee, be conclusive and binding on all concerned. Bearer Covered Bonds which are represented by a Bearer Global Covered Bond will be transferable only in accordance with the rules and procedures for the time being of Euroclear, Clearstream, Luxembourg and Euroclear Netherlands, as the case may be.

Where Covered Bonds represented by a Permanent Global Covered Bond are deposited with Euroclear Netherlands, a Covered Bondholder shall not have the right to request delivery (*uitlevering*) of his Covered Bonds under the Dutch Securities Giro Transfer Act (*Wet giraal effectenverkeer*) other than as set out in the Global Covered Bond.

References to Euroclear, Clearstream, Luxembourg and/or DTC shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the Global Issuer, the CB Principal Paying Agent and the CB Trustee but shall not include Euroclear Netherlands. Any amendments to the Conditions required in connection with such additional or alternative clearing system shall be specified in the applicable Final Terms.

## 2 STATUS OF THE COVERED BONDS

The Covered Bonds and any related Receipts and Coupons constitute unsubordinated and unsecured obligations of the Global Issuer, guaranteed by the CB Guarantee and rank *pari passu* without any preference among themselves and at least *pari passu* with all other unsecured and unsubordinated obligations of the Global Issuer, present and future, other than any obligations preferred by mandatory provisions of applicable law.

## 3 THE CB GUARANTEE

Pursuant to a guarantee issued under the CB Trust Deed, the CBC has as an independent obligation irrevocably undertaken to pay the Guaranteed Amounts when the same shall become Due for Payment (the “CB Guarantee”). However, the CBC shall have no such obligation under the CB Guarantee until (i) the occurrence of a Global Issuer Event of Default, service by the CB Trustee on the Global Issuer of an Issuer Acceleration Notice and service by the CB Trustee on the CBC of a Notice to Pay or (ii) the occurrence of a CBC Event of Default and the service by the CB Trustee of a CBC Acceleration Notice on the Global Issuer and the CBC. In addition, if this Covered Bond is part of any Series of SB Covered Bonds and the CBC is obliged under the CB Guarantee to pay a Guaranteed Final Redemption Amount in relation to such Series, then:

- (a) the obligation of the CBC to pay such Guaranteed Final Redemption Amount in respect of such Series of SB Covered Bonds shall be deferred to, and shall under the CB Guarantee be due on, the Extended Due for Payment Date, unless on the date when such Guaranteed Final Redemption Amount is Due for Payment (the “Extension Date”) or any subsequent Interest Payment Date which applies pursuant to paragraph (b) below and which falls prior to the Extended Due for Payment Date, any moneys are available to the CBC after the CBC shall under the relevant Priority of Payments have paid or provided

for (1) all higher and *pari passu* ranking amounts, (2) all Guaranteed Final Redemption Amounts pertaining to any Series of HB Covered Bonds with a CB Final Maturity Date falling in or prior to the CBC Payment Period in which the Extended Due for Payment Date for such Series of SB Covered Bonds falls and (3) all Guaranteed Final Redemption Amounts pertaining to any Series of SB Covered Bonds with an Extended Due for Payment Date falling prior to the CBC Payment Period in which the Extended Due for Payment Date for this Series of SB Covered Bonds falls, in which case the CBC shall (i) give notice thereof to the relevant holders of the SB Covered Bonds (in accordance with Condition 13 (Notices)), the Rating Agencies, the CB Trustee, the CB Principal Paying Agent and the CB Registrar (in the case of Registered Covered Bonds) as soon as reasonably practicable and in any event at least two Business Days prior to the Extension Date and/or such Interest Payment Date, respectively, and (ii) apply such remaining available moneys in payment, in whole or in part, of such Guaranteed Final Redemption Amount, if applicable pro rata with any Guaranteed Final Redemption Amount pertaining to a Series of SB Covered Bonds with an Extended Due for Payment Date falling in the same CBC Payment Period in which the Extended Due for Payment Date for this Series of SB Covered Bonds falls (and to such extent such Guaranteed Final Redemption Amount shall for the purpose of the relevant Priority of Payments and all other purposes be due) on the Extension Date and/or such Interest Payment Date, respectively; and

- (b) the CBC shall under the CB Guarantee owe interest over the unpaid portion of such Guaranteed Final Redemption Amount, which shall accrue and be payable on the basis set out in the applicable Final Terms or, if not set out therein, Condition 4 (Interest), provided that for this purpose only all references in Condition 4 to the CB Final Maturity Date of such Series of SB Covered Bonds are deemed to be references to the Extended Due for Payment Date, *mutatis mutandis*,

all without prejudice to the CBC's obligation to pay any other Guaranteed Amount (i.e. other than the Guaranteed Final Redemption Amount) when Due for Payment.

Alternatively, if this Covered Bond is part of a Series of HB Covered Bonds and the CBC is obliged under the CB Guarantee to pay a Guaranteed Final Redemption Amount relating to such Series, such Guaranteed Amount shall be payable on the CB Final Maturity Date relating to such Series (and therefore no deferral to any Extended Due for Payment Date shall apply to any Series of HB Covered Bonds).

The rights under the CB Guarantee (a) form an integral part of the Covered Bonds, (b) are of interest to a holder of Covered Bonds only if, to the extent that, and for so long as, it holds Covered Bonds and (c) can only be transferred together with all other rights under the relevant Covered Bond. The obligations of the CBC under the CB Guarantee are unsubordinated and unguaranteed obligations of the CBC, which are secured (indirectly, through a parallel debt) as set out below.

As security for a parallel debt corresponding to the CBC's obligations under the CB Guarantee and the other CB Transaction Documents to which it is a party, the CBC has granted the following security rights to the CB Trustee:

- (i) a first ranking right of pledge over the Transferred Assets;
- (ii) a first ranking right of pledge over the moneys standing to the credit of the CBC Accounts from time to time; and
- (iii) a first ranking right of pledge over the CBC's present and future rights (*vorderingen*) vis-à-vis any debtors of the CBC under any CB Transaction Document to which the CBC is a party, other than the Management Agreement (CBC).

The holders of the Covered Bonds of each Series will, through the CB Trustee, benefit from the Security and are deemed to have acknowledged, and are bound by, Clause 8 (*Parallel Debt*) of the CB Trust Deed.

For the purposes of these Conditions:

“Extended Due for Payment Date” means, with respect to any Series of SB Covered Bonds only, the date falling one year after the CB Final Maturity Date, as specified as such in the applicable Final Terms; and

“Guaranteed Final Redemption Amount” means a Guaranteed Amount relating to Scheduled Principal payable on the CB Final Maturity Date in respect of any Series of Covered Bonds.

## 4 INTEREST

### (a) *Interest on Fixed Rate Covered Bonds*

Each Fixed Rate Covered Bond bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date at the rate(s) per annum equal to the applicable Rate of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the CB Final Maturity Date.

Except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

If interest is required to be calculated for a period other than a Fixed Interest Period, such interest shall be calculated by applying the Rate of Interest to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of the Fixed Rate Covered Bond, divided by the Calculation Amount.

In these Conditions:

“**Day Count Fraction**” means, in respect of the calculation of an amount of interest in accordance with this Condition 4(a):

- (i) if “Actual/Actual (ICMA)” is specified in the applicable Final Terms:
  - (A) in the case of Covered Bonds where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, in the case of the first interest period, the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date (the “Accrual Period”) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
  - (B) in the case of Covered Bonds where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
    - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and

- (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
- (ii) if “30/360” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360x(Y_2 - Y_1)] + [30x(M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y<sub>1</sub>" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y<sub>2</sub>" is the year, expressed as a number, in which the day immediately following the last day included in the Interest Period falls;

"M<sub>1</sub>" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M<sub>2</sub>" is the calendar month, expressed as a number, in which the day immediately following the last day included in the Interest Period falls;

"D<sub>1</sub>" is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D<sub>1</sub> will be 30; and

"D<sub>2</sub>" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D<sub>1</sub> is greater than 29, in which case D<sub>2</sub> will be 30;

“Determination Period” means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date);

“CB Final Maturity Date” means in respect of a Series of Covered Bonds, the Interest Payment Date which falls no more than 30 years after the Issue Date of such Series and on which the Covered Bonds of such Series are expected to be redeemed at their Principal Amount Outstanding in accordance with these Conditions, as specified in the relevant Final Terms;

“Fixed Interest Period” means the period from (and including) an Interest Payment Date (or, in the case of the first interest period, the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

“Principal Amount Outstanding” means, on any date:

- (i) in respect of a Covered Bond outstanding, the principal amount of that Covered Bond on the relevant Issue Date, less the aggregate amount of any principal payments in respect of such Covered Bond which have been paid to the CB Paying Agent on or prior to that date; and
- (ii) in relation to the Covered Bonds outstanding at any time, the aggregate of the amount in (i) in respect of all Covered Bonds outstanding; and

“sub-unit” means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, one cent.

(b) *Interest on Floating Rate Covered Bonds, Index Linked Interest Covered Bonds and Share Linked Interest Covered Bonds*

(i) *Interest Payment Dates*

Each Floating Rate Covered Bond, Index Linked Interest Covered Bond and Share Linked Interest Covered Bond bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an “Interest Payment Date”) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. In these Conditions, the expression “Interest Period” shall mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 4(b)(i)(B) above, the “Floating Rate Convention”, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (2) the “Following Business Day Convention”, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the “Modified Following Business Day Convention”, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (4) the “Preceding Business Day Convention”, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In the Conditions, “Business Day” means, save as otherwise specified in the applicable Final Terms, a day which is both:

- (A) a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer payment system which utilises a single shared platform and which was

launched on 19 November 2007 (“TARGET2”) is open and a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in Amsterdam, London and in any Additional Business Centre specified in the applicable Final Terms; and

- (B) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than Amsterdam, London and any Additional Business Centre and which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively).

(ii) *Rate of Interest*

The Rate of Interest payable from time to time in respect of Floating Rate Covered Bonds, Index Linked Interest Covered Bonds and Share Linked Interest Covered Bonds will be determined in the manner specified in the applicable Final Terms.

(A) ISDA Determination for Floating Rate Covered Bonds

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (A), “ISDA Rate” for an Interest Period means a rate equal to the Floating Rate that would be determined by the CB Principal Paying Agent under an interest rate swap transaction if the CB Principal Paying Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Covered Bonds (the “ISDA Definitions”) and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms;
- (2) the Designated Maturity is a period as specified in the applicable Final Terms; and
- (3) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London inter-bank offered rate (“LIBOR”) or on the Euro-zone inter-bank offered rate (“EURIBOR”), the first day of that Interest Period or (ii) in any other case, as specified in the applicable Final Terms.

For the purposes of this subparagraph (A), “Floating Rate”, “Calculation Agent”, “Floating Rate Option”, “Designated Maturity” and “Reset Date” have the meanings given to those terms in the ISDA Definitions.

(B) Screen Rate Determination for Floating Rate Covered Bonds

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation; or

- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations, (expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question,

plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Principal Paying Agent.

If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the CB Principal Paying Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

The CB Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (1) above, no such offered quotation appears or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

If the Reference Rate from time to time in respect of Floating Rate Covered Bonds is specified in the applicable Final Terms as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Covered Bonds will be determined as provided in the applicable Final Terms.

(iii) *Minimum Rate of Interest and/or Maximum Rate of Interest*

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(iv) *Determination of Rate of Interest and calculation of Interest Amounts*

The CB Calculation Agent, in the case of Floating Rate Covered Bonds, Index Linked Interest Covered Bonds and Share Linked Interest Covered Bonds, will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period. The CB Calculation Agent will notify the CB Principal Paying Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same. The CB Calculation Agent will calculate the amount of interest ("the Interest Amount") payable on the Floating Rate Covered Bonds, Index Linked Covered Bonds and Share Linked Covered Bonds in respect of each Specified Denomination for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half of any such sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of the Floating Rate Covered Bond, Index Linked

Interest Covered Bond and/or Share Linked Interest Covered Bond divided by the Calculation Amount.

“Day Count Fraction” means, in respect of the calculation of an amount of interest in accordance with this Condition 4(b):

- (a) if “Actual/Actual (ISDA)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (b) if “Actual/365 (Fixed)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (c) if “Actual/365 (Euro)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (d) if “Actual/360” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (e) if “30/360”, “360/360” or “Bond Basis” is specified in the applicable Final Terms, the number of days in the Calculation Period in respect of which payment is being made divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360x(Y_2 - Y_1)] + [30x(M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y<sub>1</sub>” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y<sub>2</sub>” is the year, expressed as a number, in which the day immediately following the last day included in the Interest Period falls;

“M<sub>1</sub>” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M<sub>2</sub>” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Interest Period falls;

“D<sub>1</sub>” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D<sub>1</sub> will be 30; and

“D<sub>2</sub>” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D<sub>2</sub> will be 30; and

- (f) if “30E/360” or “Eurobond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360x(Y_2 - Y_1)] + [30x(M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y<sub>1</sub>" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y<sub>2</sub>" is the year, expressed as a number, in which the day immediately following the last day included in the Interest Period falls;

"M<sub>1</sub>" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M<sub>2</sub>" is the calendar month, expressed as a number, in which the day immediately following the last day included in the Interest Period falls;

"D<sub>1</sub>" is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D<sub>1</sub> will be 30; and

"D<sub>2</sub>" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D<sub>1</sub> is greater than 29, in which case D<sub>2</sub> will be 30.

(v) *Notification of Rate of Interest and Interest Amounts*

The CB Calculation Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the CB Principal Paying Agent, the Global Issuer, the CB Trustee and any competent listing authority, stock exchange and/or quotation system on or by which the relevant Floating Rate Covered Bonds, Index Linked Interest Covered Bonds or Share Linked Interest Covered Bonds are for the time being listed, quoted and/or traded and notice thereof to be published in accordance with Condition 13 (*Notices*) as soon as possible after their determination but in no event later than the fourth Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each competent listing authority, stock exchange and/or quotation system on or by which the relevant Floating Rate Covered Bonds, Index Linked Interest Covered Bonds or Share Linked Interest Covered Bonds are for the time being listed, quoted and/or traded and to the Covered Bondholders in accordance with Condition 13 (*Notices*). For the purposes of this paragraph, the expression "Business Day" means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in Amsterdam. If the Calculation Amount is less than the minimum Specified Denomination the CB Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Floating Rate Covered Bond, Index Linked Interest Covered Bond and/or Share Linked Interest Covered Bond having the minimum Specified Denomination.

(vi) *Determination or Calculation by CB Trustee*

If for any reason at any relevant time the CB Principal Paying Agent or, as the case may be, the CB Calculation Agent defaults in its obligation to determine the Rate of Interest or the CB Principal Paying Agent defaults in its obligation to calculate any Interest Amount in accordance with subparagraph (ii)(A) or (B) above or as otherwise specified in the applicable Final Terms, as the case may be, and in each case in accordance with paragraph (iv) above, the CB Trustee shall determine the Rate of Interest at such rate as, in its absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition, but subject always to any

Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms), it shall deem fair and reasonable in all the circumstances or, as the case may be, the CB Trustee shall calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the CB Principal Paying Agent or the CB Calculation Agent, as applicable.

(vii) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4(b), whether by the CB Principal Paying Agent or, if applicable, the CB Calculation Agent, or the CB Trustee shall (in the absence of wilful default, bad faith or manifest error or an error established as such to the satisfaction of the CB Trustee) be binding on the Global Issuer, the CBC, the CB Principal Paying Agent, the CB Calculation Agent (if applicable), the other CB Paying Agents, the CB Trustee and all Covered Bondholders, the Receiptholders and Couponholders and (in the absence of wilful default or bad faith) no liability to the Global Issuer, the CBC, the Covered Bondholders, the Receiptholders or the Couponholders shall attach to the CB Principal Paying Agent or, (if applicable), the CB Calculation Agent or the CB Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) *Interest on Dual Currency Interest Covered Bonds*

The rate or amount of interest payable in respect of Dual Currency Interest Covered Bonds shall be determined in the manner specified in the applicable Final Terms.

(d) *Interest on Partly Paid Covered Bonds*

In the case of Partly Paid Covered Bonds (other than Partly Paid Covered Bonds which are Zero Coupon Covered Bonds) interest will accrue as aforesaid on the paid-up nominal amount of such Covered Bonds and otherwise as specified in the applicable Final Terms.

(e) *Accrual of interest*

Each Covered Bond (or in the case of the redemption of part only of a Covered Bond, that part only of such Covered Bond) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue as provided in the CB Trust Deed.

## 5 PAYMENTS

(a) *Method of payment*

Subject as provided below:

- (i) payments in a Specified Currency other than euro and U.S. Dollars will be made by credit or transfer to an account in the relevant Specified Currency (which, in the case of a payment in Japanese Yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively);

- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque; and
- (iii) payments in U.S. Dollars will be made by transfer to a U.S. Dollar account, which in the case of any Covered Bond, other than a Registered Covered Bond, shall be maintained by the payee with a bank outside of the United States (which expression, as used in this Condition 5, means the United States of America, including the State and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction), or by cheque drawn on a United States bank.

In no event will payment be made in respect of any Covered Bond, other than a Registered Covered Bond, by a cheque mailed to an address in the United States. Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment in these Conditions, the CB Trust Deed, the CB Agency Agreement and the Final Terms, but without prejudice to the provisions of Condition 7 (*Taxation*). References to Specified Currency will include any successor currency under applicable law.

(b) *Presentation of Bearer Definitive Covered Bonds, Receipts and Coupons*

Payments of principal in respect of Bearer Definitive Covered Bonds will (subject as provided below) be made in the manner provided in paragraph (a) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Bearer Definitive Covered Bonds, and payments of interest in respect of Bearer Definitive Covered Bonds will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any CB Paying Agent outside the United States.

Payments of instalments of principal in respect of Bearer Definitive Covered Bonds (if any), other than the final instalment, will (subject as provided below) be made in the manner provided in paragraph (a) above against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Receipt. Payment of the final instalment will be made in the manner provided in paragraph (a) above against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Bearer Covered Bond. Each Receipt must be presented for payment of the relevant instalment together with the Bearer Definitive Covered Bond to which it appertains. Receipts presented without the Bearer Definitive Covered Bonds to which they appertain do not constitute valid obligations of the Global Issuer. Upon the date on which any Bearer Definitive Covered Bond becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Bearer Definitive Covered Bonds which are Fixed Rate Covered Bonds (other than Dual Currency Interest Covered Bonds, Index Linked Covered Bonds, Share Linked Covered Bonds or Long Maturity Covered Bonds (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 7 (*Taxation*)) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 8 (*Prescription*) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Bearer Definitive Covered Bonds which is a Fixed Rate Covered Bond becoming due and repayable prior to its CB Final Maturity Date, all unmaturing Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Bearer Definitive Covered Bond which is a Floating Rate Covered Bond, Dual Currency Interest Covered Bond, Index Linked Covered Bond, Share Linked Covered Bond or Long Maturity Covered Bond becomes due and repayable in whole, unmaturing Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A “Long Maturity Covered Bond” is a Fixed Rate Covered Bond (other than a Fixed Rate Covered Bond which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Covered Bond shall cease to be a Long Maturity Covered Bond on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the Principal Amount Outstanding of such Covered Bond.

If the due date for redemption of any Bearer Definitive Covered Bond is not an Interest Payment Date, interest (if any) accrued in respect of such Covered Bond from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant Bearer Definitive Covered Bond.

(c) *Payments in respect of Global Covered Bonds*

Payments of principal and interest (if any) in respect of Covered Bonds represented by any Global Covered Bond will (subject as provided below) be made in the manner specified above in relation to Bearer Definitive Covered Bonds and otherwise in the manner specified in the relevant Bearer Global Covered Bond against presentation or surrender (as the case may be) of such Bearer Global Covered Bond at the specified office of any CB Paying Agent (which, in the case of any Bearer Global Covered Bond shall be located outside the United States). A record of each payment made against presentation or surrender of any Bearer Global Covered Bond, distinguishing between any payment of principal and any payment of interest, will be made on such Bearer Global Covered Bond by the CB Paying Agent to which it was presented and such record shall be *prima facie* evidence that the payment in question has been made. If a Bearer Global Covered Bond is in the form of a new global note, the Global Issuer shall procure that details of each payment of principal and interest (if any) made in respect of such Covered Bonds shall be entered *pro rata* in the records of the relevant clearing system and, in the case of payments of principal, the principal amount of such Covered Bonds recorded in the records of the relevant clearing system and represented by the Bearer Global Covered Bond in the form of a new global note will be reduced accordingly. Each payment so made will discharge the Global Issuer’s obligations in respect thereof. Any failure to make the entries in the records of the relevant clearing system shall not affect such discharge.

(d) *General provisions applicable to payments*

The holder of a Bearer Global Covered Bond shall be the only person entitled to receive payments in respect of Bearer Covered Bonds represented by such Bearer Global Covered Bond and the Global Issuer or the CBC and the CB Trustee will be discharged by payment to, or to the order of, the holder of such Bearer Global Covered Bond in respect of each amount so paid.

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg, Euroclear Netherlands or DTC as the beneficial holder of a particular nominal amount of Covered Bonds represented by a Global Covered Bond must look solely to Euroclear, Clearstream, Luxembourg, Euroclear Netherlands or DTC, as the case may be, for his share of each payment so made by the

Global Issuer or the CBC or the CB Trustee to, or to the order of, the holder of such Global Covered Bond.

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of Covered Bonds, that are not Registered Covered Bonds, is payable in U.S. Dollars, such U.S. Dollar payments of principal and/or interest in respect of such Covered Bonds will be made at the specified office of a CB Paying Agent in the United States if:

- (i) the Global Issuer has appointed CB Paying Agents with specified offices outside the United States with the reasonable expectation that such CB Paying Agents would be able to make payment in U.S. Dollars at such specified offices outside the United States of the full amount of principal and interest on the Covered Bonds in the manner provided above when due;
- (ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. Dollars; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Global Issuer and the CBC, adverse tax consequences to the Global Issuer or the CBC.

(e) *Payment Day*

If the date for payment of any amount in respect of any Covered Bond or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, "Payment Day" means any day which (subject to Condition 8 (*Prescription*)) is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
  - (A) the relevant place of presentation;
  - (B) Amsterdam;
  - (C) London; and
  - (D) any Additional Financial Centre specified in the applicable Final Terms; and
- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than the place of presentation, London, Amsterdam or any Additional Financial Centre and which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively) or (2) in relation to any sum payable in euro, a day on which TARGET2 System is open.

(f) *Interpretation of principal and interest*

Any reference in these Conditions to principal in respect of the Covered Bonds shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 7 (*Taxation*) or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the CB Trust Deed;
- (ii) the Final Redemption Amount of the Covered Bonds;

- (iii) the Early Redemption Amount of the Covered Bonds;
- (iv) the Optional Redemption Amount(s) (if any) of the Covered Bonds;
- (v) in relation to Zero Coupon Covered Bonds, the Amortised Face Amount (as defined in Condition 6(d) (*Redemption and Purchase - Early Redemption Amounts*));
- (vi) any premium and any other amounts (other than interest) which may be payable by the Global Issuer under or in respect of the Covered Bonds; and
- (vii) any Excess Proceeds which may be payable by the CB Trustee under or in respect of the Covered Bonds.

Any reference in these Conditions to interest in respect of the Covered Bonds shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 7 (*Taxation*) or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the CB Trust Deed.

(g) *Set-off*

Any payments under or pursuant to the Covered Bonds shall be made by the Global Issuer free of set-off and withholding if and to the extent so specified in the applicable Final Terms.

## 6 REDEMPTION AND PURCHASE

(a) *Redemption at maturity*

Unless previously redeemed or purchased and cancelled as specified below, each Covered Bond will be redeemed by the Global Issuer at its Final Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms in the relevant Specified Currency on the CB Final Maturity Date (the “Final Redemption Amount”).

(b) *Redemption for tax reasons*

The Covered Bonds may be redeemed at the option of the Global Issuer in whole, but not in part, at any time (if this Covered Bond is neither a Floating Rate Covered Bond, an Index Linked Interest Covered Bond, a Share Linked Interest Covered Bond nor a Dual Currency Interest Covered Bond) or on any Interest Payment Date (if this Covered Bond is either a Floating Rate Covered Bond, a Share Linked Interest Covered Bond, an Index Linked Interest Covered Bond or a Dual Currency Interest Covered Bond), on giving not less than 30 nor more than 60 days’ notice to the CB Trustee, the CB Registrar and the CB Principal Paying Agent and, in accordance with Condition 13 (*Notices*), the Covered Bondholders (which notice shall be irrevocable), if the Global Issuer satisfies the CB Trustee immediately before the giving of such notice that:

- (i) on the occasion of the next payment due under the Covered Bonds, the Global Issuer has or will become obliged to withhold or account for tax in respect of Covered Bonds as referred to in Condition 7 (*Taxation*) as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 7 (*Taxation*)) or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Covered Bonds; and
- (ii) such obligation cannot be avoided by the Global Issuer taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Global Issuer would be obliged to pay such additional amounts were a payment in respect of the Covered Bonds then due.

Prior to the publication of any notice of redemption pursuant to this Condition 6, the Global Issuer shall deliver to the CB Trustee a certificate signed by two authorised signatories of the Global Issuer stating that the Global Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Global Issuer so to redeem have occurred and the CB Trustee shall be entitled to accept the certificate as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on the Covered Bondholders, the Receiptholders and the Couponholders.

Covered Bonds redeemed pursuant to this Condition 6(b) will be redeemed at their Early Redemption Amount referred to in Condition 6(d) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(c) *Redemption at the option of the Global Issuer (Issuer Call)*

If Issuer Call is specified in the applicable Final Terms, the Global Issuer may, having given:

- (i) not less than 15 nor more than 30 days' notice to the Covered Bondholders in accordance with Condition 13 (*Notices*); and
- (ii) not less than 15 days before the giving of the notice referred to in (i), notice to the CB Trustee, the CB Principal Paying Agent and the CB Registrar,

(which notices shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Covered Bonds then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date, provided that no Global Issuer Event of Default has occurred and is continuing. Any such partial redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms. In the case of a partial redemption of Covered Bonds, the Covered Bonds to be redeemed (the "Redeemed Covered Bonds") will be selected individually by lot, in the case of Redeemed Covered Bonds represented by Definitive Covered Bonds, and where applicable in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) and/or Euroclear Netherlands and/or, as the case may be, DTC, in the case of Redeemed Covered Bonds represented by a Global Covered Bond, in each case, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the "Selection Date"). In the case of Redeemed Covered Bonds (i) represented by Definitive Covered Bonds, a list of the serial numbers and (ii) in the case of Registered Covered Bonds, the nominal amount drawn and the holders thereof, of such Redeemed Covered Bonds will be published in accordance with Condition 13 (*Notices*) not less than 15 days prior to the date fixed for redemption. The aggregate nominal amount of Redeemed Covered Bonds represented by Definitive Covered Bonds shall bear the same proportion to the aggregate nominal amount of all Redeemed Covered Bonds as the aggregate nominal amount of Definitive Covered Bonds outstanding bears to the aggregate nominal amount of the Covered Bonds outstanding, in each case on the Selection Date, provided that such first mentioned nominal amount shall, if necessary, be rounded downwards to the nearest integral multiple of the Specified Denomination, and the aggregate nominal amount of Redeemed Covered Bonds represented by a Global Covered Bond shall be equal to the balance of the Redeemed Covered Bonds. No

exchange of the relevant Global Covered Bond will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this paragraph (c) and notice to that effect shall be given by the Global Issuer to the Covered Bondholders in accordance with Condition 13 (*Notices*) at least five days prior to the Selection Date.

(d) *Early Redemption Amounts*

For the purpose of paragraph (b) above and Condition 9 (*Events of Default and Enforcement*), each Covered Bond will be redeemed at its Early Redemption Amount calculated as follows (each, the relevant “Early Redemption Amount”):

- (i) in the case of a Covered Bond with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof;
- (ii) in the case of a Covered Bond (other than a Zero Coupon Covered Bond) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Covered Bond is denominated, at the amount specified in, or determined in the manner specified in, the applicable Final Terms or, if no such amount or manner is so specified in the applicable Final Terms, at its nominal amount; or
- (iii) in the case of a Zero Coupon Covered Bond, at an amount (the “Amortised Face Amount”) calculated in accordance with the following formula:

$$\text{Amortised Face Amount} = \text{RP} \times (1 + \text{AY})^y$$

where:

“RP” means the Reference Price specified in the applicable Final Terms;

“AY” means the Accrual Yield specified in the applicable Final Terms, expressed as a decimal; and

“y” is a fraction the numerator of which is equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Covered Bonds to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Covered Bond becomes due and repayable and the denominator of which is 360,

or on such other calculation basis as may be specified in the applicable Final Terms.

Where such calculation is to be made for a period which is not a whole number of years, it shall be made (i) in the case of a Zero Coupon Covered Bond payable in a specified currency other than euro, on the basis of a 360-day year consisting of 12 months of 30 days each or (ii) in the case of a Zero Coupon Covered Bond payable in euro, on the basis of the actual number of days elapsed divided by 365 (or, if any of the days elapsed falls in a leap year, the sum of (x) the number of those days falling in a leap year divided by 366 and (y) the number of those days falling in a non-leap year divided by 365) or (iii) on such other calculation basis as may be specified in the applicable Final Terms.

(e) *Partly Paid Covered Bonds*

Partly Paid Covered Bonds will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition 6 and the applicable Final Terms.

(f) *Purchases*

The Global Issuer, the CBC and/or any member of the ING Group may at any time purchase Covered Bonds (provided that, in the case of Bearer Definitive Covered Bonds, all unmatured Receipts,

Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. If purchases are made by tender, tenders must be available to all Covered Bondholders alike. Such Covered Bonds may be held, reissued, resold or, at the option of the Global Issuer or the CBC and/or such member of the ING Group, surrendered to any CB Paying Agent for cancellation.

(g) *Cancellation*

All Bearer Covered Bonds which are redeemed will forthwith be cancelled (together with all unmatured Receipts, Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Bearer Covered Bonds so cancelled and any Bearer Covered Bonds purchased and cancelled pursuant to paragraph (f) above (together with all unmatured Receipts, Coupons and Talons cancelled therewith) shall be forwarded to the CB Principal Paying Agent and cannot be reissued or resold.

(h) *Late payment on Zero Coupon Covered Bonds*

If the amount payable in respect of any Zero Coupon Covered Bond upon redemption of such Zero Coupon Covered Bond pursuant to paragraph (a), (b) or (c) above or upon its becoming due and repayable as provided in Condition 9 (*Events of Default and Enforcement*) is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Covered Bond shall be the amount calculated as provided in paragraph (d)(iii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Covered Bond becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Covered Bond have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Covered Bonds has been received by the CB Principal Paying Agent or the CB Trustee and notice to that effect has been given to the Covered Bondholders in accordance with Condition 13 (*Notices*).

(i) *Legislative Exchange*

Following the coming into force in The Netherlands, at any time after the CB Programme Date, of (i) any legislation similar to covered bond legislation in force in any other European Union country or (ii) any rules, regulations or guidelines published by any governmental authority that provides for bonds issued by Dutch issuers to qualify for the same benefits available to covered bonds issued under covered bond legislation in force in any other European Union country, the Global Issuer may, at its option and without the consent of the CB Trustee or the Covered Bondholders, exchange all (but not some only) of the Covered Bonds of all Series then outstanding (the “Existing Covered Bonds”) for new Covered Bonds which qualify as covered bonds under such new legislation, rules, regulations or guidelines (the “New Covered Bonds”) on the same economic terms and conditions as the Existing Covered Bonds (the “Legislative Exchange”) if not more than 60 nor less than 30 days’ notice to the Covered Bondholders (in accordance with Condition 13 (*Notices*)), the CB Registrar and the CB Trustee is given and provided that:

- (i) on the date on which such notice expires the Global Issuer delivers to the CB Trustee a certificate signed by two authorised signatories of each of the Global Issuer and the CBC confirming that, in the case of the Global Issuer, no Global Issuer Event of Default or Potential Global Issuer Event of Default and, in the case of the CBC, no CBC Event of Default or Potential CBC Event of Default, has occurred which is continuing;

- (ii) each of the Rating Agencies then rating the Existing Covered Bonds has confirmed in writing that the New Covered Bonds will be assigned the same ratings as are then applicable to the Existing Covered Bonds; and
- (iii) if the Existing Covered Bonds are listed, quoted and/or traded on or by a competent and/or relevant listing authority, stock exchange and/or quotation system on or before the date on which such notice expires the Global Issuer delivers to the CB Trustee a certificate signed by two authorised signatories of the Global Issuer confirming that all applicable rules of such competent and/or relevant listing authority, stock exchange and/or quotation system have been or will be complied with.

The Existing Covered Bonds will be cancelled concurrently with the issue of the New Covered Bonds and with effect on and from the date of issue thereof all references herein to Covered Bonds shall be deemed to be references to the New Covered Bonds.

(j) *Redemption due to illegality*

The Covered Bonds of all Series may be redeemed at the option of the Global Issuer in whole, but not in part, at any time, on giving not less than 30 nor more than 60 days' notice to the CB Trustee, the CB Registrar and the CB Principal Paying Agent and, in accordance with Condition 13 (*Notices*), all Covered Bondholders (which notice shall be irrevocable), if the Global Issuer satisfies the CB Trustee immediately before the giving of such notice that it has, or will, before the next Interest Payment Date of any Covered Bond of any Series, become unlawful for the Global Issuer to make any payments under the Covered Bonds as a result of any change in, or amendment to, the applicable laws or regulations or any change in the application or official interpretation of such laws or regulations, which change or amendment has become or will become effective before the next such Interest Payment Date.

Covered Bonds redeemed pursuant to this Condition 6(j) will be redeemed at their Early Redemption Amount referred to in Condition 6(d) (*Redemption and Purchase - Early Redemption Amounts*) above together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(k) *Certificate*

Prior to the publication of any notice of redemption pursuant to this Condition 6 (*Redemption and Purchase*), the Global Issuer shall deliver to the CB Trustee a certificate signed by two authorised signatories of the Global Issuer stating that the Global Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Global Issuer so to redeem have occurred and the CB Trustee shall be entitled to accept the certificate as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on all Covered Bondholders.

## 7 TAXATION

All payments of principal and interest in respect of the Covered Bonds, Receipts and Coupons by the Global Issuer or the CBC, as the case may be, will be made without withholding or deduction of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of any Tax Jurisdiction unless such withholding or deduction is required by law. In the event of a withholding or deduction being made by the Global Issuer in respect of a payment made by it, the Global Issuer will not be obliged to pay any additional amounts as a consequence.

Should any payments made by the CBC under the CB Guarantee be made subject to any withholding or deduction on account of taxes or duties of whatever nature imposed or levied by or on account of any Tax Jurisdiction the CBC will not be obliged to pay any additional amounts as a consequence.

As used herein:

“Relevant Date” in relation to a payment means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the CB Trustee or the CB Principal Paying Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Covered Bondholders in accordance with Condition 13 (*Notices*); and

“Tax Jurisdiction” means The Netherlands or any political subdivision or any authority thereof or therein having power to tax.

## 8 PRESCRIPTION

The Covered Bonds, Receipts and Coupons will become void unless presented for payment within a period of five years after the Relevant Date therefor, subject in each case to the provisions of Condition 5(b) (*Payments – Presentation of Bearer Definitive Covered Bonds, Receipts and Coupons*).

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 8 or Condition 5(b) (*Payments – Presentation of Bearer Definitive Covered Bonds and Coupons*) or any Talon which would be void pursuant to Condition 5(b) (*Payments – Presentation of Bearer Definitive Covered Bonds and Coupons*).

## 9 EVENTS OF DEFAULT AND ENFORCEMENT

### (a) Global Issuer Events of Default

An “Issuer Acceleration Notice” means a notice from the CB Trustee in writing to the Global Issuer that as against the Global Issuer (but not against the CBC) each Covered Bond of each Series is, and each such Covered Bond shall thereupon immediately become, due and repayable at its Early Redemption Amount together with accrued interest as provided in the CB Trust Deed.

The CB Trustee at its discretion may, and:

- (1) in relation to the defaults set out in subparagraphs (i) and (v) below; or
- (2) if so directed by a CB Programme Resolution of the Covered Bonds,

shall give an Issuer Acceleration Notice (subject in each case to being indemnified and/or secured to its satisfaction), if any of the following events (each a “Global Issuer Event of Default”) shall occur and be continuing:

- (i) default is made by the Global Issuer for a period of 7 days or more in the payment of any principal or redemption amount, or for a period of 14 days or more in the payment of any interest of the Covered Bonds of any Series when due; or
- (ii) a default is made in the performance by the Global Issuer of any material obligation (other than any obligation for the payment of principal, redemption amount or interest in respect of the Covered Bonds of any Series) under the provisions of the Covered Bonds of any Series or the CB Trust Deed or any other CB Transaction Document to which the Global Issuer is a party which (unless certified by the CB Trustee, in its opinion, to be incapable of remedy) shall continue for more than 30 days after

written notification requiring such default to be remedied and indicating that this provision may be invoked if it is not so remedied, shall have been given to the Global Issuer by the CB Trustee in accordance with the CB Trust Deed; or

- (iii) an order is made or an effective resolution passed for the dissolution or winding up of the Global Issuer (except a dissolution or winding up for the purpose of (a) a merger, reconstruction, amalgamation, or following the transfer of all or substantially all of the assets of the Global Issuer, for which Rating Agency Confirmation has been obtained or (b) a demerger or split-off (*splitsing of afsplitsing*) for which Rating Agency Confirmation has been obtained); or
- (iv) a liquidator, receiver or other similar officer is appointed in relation to the Global Issuer or in relation to the whole of its assets; or the Global Issuer initiates or consents to judicial proceedings relating to its bankruptcy (*faillissement*) or equivalent or analogous proceedings under any applicable law, or shall make a conveyance, assignment or assignation for the benefit of, or shall enter into any composition (*akkoord*) with, its creditors generally; or
- (v) the Global Issuer is adjudged or found bankrupt (*failliet*) or emergency regulations (*noodregeling*) in the interest of all creditors as referred to in Chapter 3 of the Wft, or equivalent or analogous judgments or measures under any applicable law, are imposed on the Global Issuer,

in case an event described in paragraph (ii) above shall occur, the CB Trustee shall only deliver an Issuer Acceleration Notice if it shall have certified in writing to the Global Issuer that such event is, in its opinion, materially prejudicial to the interests of the Covered Bondholders of any Series.

Upon delivery of an Issuer Acceleration Notice pursuant to this Condition 9(a), the CB Trustee shall forthwith serve a notice to pay (the “Notice to Pay”) on the CBC pursuant to the CB Guarantee and the CBC shall be required to make payments of Guaranteed Amounts when the same shall become Due for Payment in accordance with the terms of the CB Guarantee.

Following the occurrence of a Global Issuer Event of Default and service of an Issuer Acceleration Notice, the CB Trustee may or shall take such proceedings against the Global Issuer in accordance with the first paragraph of Condition 9(c) (*Enforcement*).

The CB Trust Deed provides that all moneys received by the CB Trustee from the Global Issuer or any administrator, liquidator, trustee or other similar official appointed in relation to the Global Issuer following the occurrence of a Global Issuer Event of Default and service of an Issuer Acceleration Notice and a Notice to Pay (the “Excess Proceeds”), shall, unless a CBC Event of Default has occurred which is continuing, be paid by the CB Trustee on behalf of the Covered Bondholders of the relevant Series to the CBC for its own account, as soon as practicable, and shall be held by the CBC in the AIC Account and shall be used by the CBC in the same manner as all other moneys from time to time standing to the credit of the AIC Account. Any Excess Proceeds received by the CB Trustee shall discharge *pro tanto* the obligations of the Global Issuer in respect of the Covered Bonds, Receipts and Coupons for an amount equal to such Excess Proceeds. However, the receipt by the CB Trustee of any Excess Proceeds shall not reduce or discharge any of the obligations of the CBC under the CB Guarantee.

Each Covered Bondholder shall be deemed to have irrevocably directed the CB Trustee to pay the Excess Proceeds to the CBC in the manner as described above.

*(b) CBC Events of Default*

A “CBC Acceleration Notice” means a notice in writing to the CBC copied to the Global Issuer that each Covered Bond of each Series is, and each Covered Bond of each Series shall as against the Global Issuer (if not already due and repayable against it following a Global Issuer Event of Default) and, through the CB Guarantee, as against the CBC, thereupon immediately become, due and

repayable at its Early Redemption Amount together with accrued interest as provided in the CB Trust Deed and after delivery of such CBC Acceleration Notice, the Security shall become enforceable.

The CB Trustee at its discretion may, and, if so directed by a CB Programme Resolution, shall give a CBC Acceleration Notice (subject in each case to being indemnified and/or secured to its satisfaction), if any of the following events (each a “CBC Event of Default”) shall occur and be continuing:

- (i) default is made by the CBC under the CB Guarantee for a period of 7 days or more in the payment of any principal or redemption amount, or for a period of 14 days or more in the payment of any interest when due;
- (ii) a default is made in the performance or observance by the CBC of any material obligation binding upon it (other than any obligation for the payment of Guaranteed Amounts in respect of the Covered Bonds of any Series) under the CB Trust Deed, the Security Documents or any other CB Transaction Document to which the CBC is a party which (unless certified by the CB Trustee, in its opinion, to be incapable of remedy) shall continue for more than 30 days after written notification requiring such default to be remedied and indicating that this provision may be invoked if it is not so remedied shall have been given to the CBC by the CB Trustee in accordance with the CB Trust Deed;
- (iii) an order is made or an effective resolution passed for the dissolution or winding up of the CBC;
- (iv) the CBC ceases to carry on its business or substantially all its business;
- (v) a liquidator, receiver or other similar officer is appointed in relation to the CBC or in relation to the whole or any major part of its assets or a conservatory attachment (*conservatoir beslag*) or an executory attachment (*executoriaal beslag*) or other process is levied or enforced upon or sued out against the whole or any major part of its assets or the CBC initiates or consents to judicial proceedings relating to its bankruptcy (*faillissement*) or (preliminary) suspension of payments (*(voorlopige) surseance van betaling*), or equivalent or analogous proceedings under any applicable law, or makes a conveyance, assignment or equivalent or assignation for the benefit of, or shall enter into any composition (*akkoord*) with, its creditors generally;
- (vi) the CBC is adjudged or found bankrupt (*failliet*) or, if applicable, emergency regulations (*noodregeling*) in the interest of all creditors as referred to in Chapter 3 of the Wft, or equivalent or analogous judgments or measures under any applicable law, are imposed on the CBC;
- (vii) the CB Guarantee is not, or is claimed by the CBC not to be, in full force and effect; or
- (viii) the Amortisation Test (as set out in the Asset Monitor Agreement) is not satisfied on any Calculation Date following the service of a Notice to Pay on the CBC,

provided that in case an event described in paragraph (ii) above shall occur, the CB Trustee shall only deliver a CBC Acceleration Notice if it shall have certified in writing to the CBC that such event is, in its opinion, materially prejudicial to the interests of the Covered Bondholders of any Series.

Following the occurrence of a CBC Event of Default which is continuing and service of a CBC Acceleration Notice, the CB Trustee may or shall take proceedings or steps against the Global Issuer and the CBC in accordance with Condition 9(c) (*Events of Default and Enforcement - Enforcement*) and the Covered Bondholders shall have a claim against the CBC, under the CB Guarantee, for the Early Redemption Amount together with accrued interest as provided in the CB Trust Deed in respect of each Covered Bond.

In these Conditions:

“Calculation Date” means the date falling two Business Days before each CBC Payment Date. Notwithstanding the preceding paragraphs of this Condition 14 (*Meetings of Covered Bondholders, Modification and Waiver*), any resolution to direct the CB Trustee (i) to accelerate the Covered Bonds pursuant to Condition 9 (*Events of Default and Enforcement*); (ii) to take any enforcement action, or (iii) to remove or replace the CB Trustee's Director shall only be capable of being passed by a CB Programme Resolution. The CB Trustee may also agree, without the consent of the Covered Bondholders of any Series, and/or Receiptholders or Couponholders or any other Secured Creditor, to the waiver or authorisation of any breach or potential breach of any of the provisions of the Covered Bonds of any Series, or determine, without any such consent as aforesaid, that any Global Issuer Event of Default or CBC Event of Default or Potential Global Issuer Event of Default or Potential CBC Event of Default shall not be treated as such, where, in any such case, it is not, in the opinion of the CB Trustee, materially prejudicial to the interests of any of the Secured Creditors (in which respect the CB Trustee may (without further enquiry) rely upon the consent in writing of any other Secured Creditor as to the absence of material prejudice to the interests of such Secured Creditor) provided that the CB Trustee has not been informed by any Secured Creditor (other than any Covered Bondholder(s)) that such Secured Creditor will be materially prejudiced thereby (other than a Secured Creditor who has given its written consent as aforesaid).

Any such modification, waiver, authorisation or determination shall be binding on all Covered Bondholders of all Series for the time being outstanding, the related Receiptholders or Couponholders and the other Secured Creditors, and unless the CB Trustee otherwise agrees, any such modification shall be notified by the Global Issuer to the Covered Bondholders of all Series for the time being outstanding, the other Secured Creditors and the Rating Agencies in accordance with the relevant terms and conditions as soon as practicable thereafter.

The Global Issuer may, without the consent of the holders of the Covered Bonds of any Series or any Receipts or Coupons relating thereto, or any other Secured Creditor consolidate with, merge or amalgamate into or transfer all its assets or substantially all of its assets as an entirety to (whether pursuant to a demerger, split-off or otherwise), any corporation organised under the laws of The Netherlands, or any political subdivision thereof, provided that (i) a certificate of two authorised signatories of the Global Issuer and the CBC is delivered to the CB Trustee to the effect that immediately after giving effect to such transaction no Global Issuer Event of Default and no CBC Event of Default, respectively, and no Potential Global Issuer Event of Default and no Potential CBC Event of Default, respectively, will have happened and be continuing and (ii) unless the Global Issuer is the surviving entity, the Global Issuer shall procure that the surviving or transferee company assumes its obligations as Global Issuer under the CB Trust Deed, each other relevant CB Transaction Document and all of the outstanding Covered Bonds of all Series, in place of the Global Issuer and (iii) in the case of an assumption of the obligations of the Global Issuer by a successor or transferee company, the CB Guarantee of the CBC is fully effective on the same basis in relation to the obligations of such successor or transferee company and (iv) certain other conditions set out in the CB Trust Deed are met. Upon the assumption of the obligations of the Global Issuer by such surviving or transferee company, the predecessor Global Issuer shall (subject to the provisions of the CB Trust Deed) have no further liabilities

under or in respect of the CB Trust Deed or the outstanding Covered Bonds of each Series then outstanding or any Coupons appertaining thereto and the other CB Transaction Documents. Any such assumption shall be subject to the relevant provisions of the CB Trust Deed. The CB Trust Deed provides that any such assumption shall be notified to the holders of all Series in accordance with the relevant terms and conditions of such Covered Bonds and the other Secured Creditors.

## 15 CB TRUSTEE

If, in connection with the exercise of its powers, authorities or discretions, the CB Trustee is of the opinion that the interests of the holders of the Covered Bonds of any one or more Series would be materially prejudiced thereby, the CB Trustee shall not exercise such power, authority or discretion without the approval of such Covered Bondholders by Extraordinary Resolution or by a written resolution of such Covered Bondholders of not less than fifty per cent. of the aggregate Principal Amount Outstanding of Covered Bonds of the relevant Series then outstanding.

The CB Trust Deed contains provisions for the indemnification of the CB Trustee and for the CB Trustee’s relief from responsibility, including provisions relieving it from taking any action unless indemnified and/or secured to its satisfaction.

The CB Trustee will not be responsible for any loss, expense or liability, which may be suffered as a result of any Transferred Assets, or any deeds or documents of title thereto, being uninsured or inadequately insured or

being held by clearing organisations or their operators or by intermediaries such as banks, brokers or other similar persons on behalf of the CB Trustee. The CB Trustee will not be responsible for (i) supervising the performance by the Global Issuer or any other party to the CB Transaction Documents of their respective obligations under the CB Transaction Documents and will be entitled to assume, until it has written notice to the contrary, that all such persons are properly performing their duties; (ii) considering the basis on which approvals or consents are granted by the Global Issuer or any other party to the CB Transaction Documents under the CB Transaction Documents; (iii) monitoring the Transferred Assets, including, without limitation, whether the Transferred Assets are in compliance with the Asset Cover Test, any Pre-Maturity Test, any Portfolio Test or the Amortisation Test; or (iv) monitoring whether Transferred Receivables satisfy the applicable Eligibility Criteria or such other criteria as may be agreed with the Rating Agencies in relation to other Transferred Assets. The CB Trustee will not be liable to any Covered Bondholder or other Secured Creditor for any failure to make or to cause to be made on their behalf the searches, investigations and enquiries which would normally be made by a prudent pledgee in relation to the Security and have no responsibility in relation to the legality, validity, sufficiency and enforceability of the Security and the CB Transaction Documents.

The power of appointing a new director of the CB Trustee shall be vested in the board of directors of the CB Trustee. In case no CB Trustee director is in office, a director shall be appointed by the Covered Bondholders, Receiptholders and Couponholders of any Series then outstanding, by adopting a CB Programme Resolution to this effect. Any appointment of a new director of the CB Trustee shall as soon as practicable thereafter be notified by the Global Issuer to the CB Principal Paying Agent, the Rating Agencies and the holders of the Covered Bonds then outstanding. A CB Trustee director may resign (*vrijwillig aftreden*) at any time, provided that in case the resigning CB Trustee director was the sole director of the CB Trustee, such resignation will not become effective until a successor CB Trustee director has been appointed. The Covered Bondholders, Receiptholders and Couponholders of any Series then outstanding may, by adopting a CB Programme Resolution to this effect, remove any CB Trustee director, provided that (i) the other Secured Creditors have been notified and (ii) neither the CB Trustee nor the CB Trustee director so removed shall be responsible for any costs or expenses arising from any such removal.

## 16 FURTHER ISSUES

The Global Issuer shall be at liberty from time to time without the consent of the Covered Bondholders, Receiptholders or the Couponholders to create and issue further bonds having terms and conditions the same as the Covered Bonds of any Series or the same in all respects save for the amount and date of the first payment of interest thereon, issue date and/or purchase price and so that the same shall be consolidated and form a single Series with the outstanding Covered Bonds of such Series.

## 17 GOVERNING LAW AND SUBMISSION TO JURISDICTION

### (a) *Governing law*

The Covered Bonds and the CB Transaction Documents are governed by, and shall be construed in accordance with, the laws of The Netherlands unless specifically stated to the contrary.

### (b) *Submission to jurisdiction*

In relation to any legal action or proceedings arising out of or in connection with the Covered Bonds, the Receipts and the Coupons, the Global Issuer irrevocably submits to the jurisdiction of the court of first instance (*rechtbank*) in Amsterdam, The Netherlands. This submission is made for the exclusive benefit of the

Covered Bondholders and the CB Trustee and shall not affect their right to take such action or bring such proceedings in any other courts of competent jurisdiction.

## 18 ADDITIONAL OBLIGATIONS

For as long as the Covered Bonds are listed on Euronext Amsterdam, the Global Issuer will comply with all rules and regulations of Euronext Amsterdam or such other or further stock exchange(s) or markets as may be agreed as in force at the date of the issue of the Covered Bonds.

## 19 TERMS AND CONDITIONS OF REGISTERED COVERED BONDS

### (a) *Applicability of this Condition*

If in the applicable Final Terms it is specified that Registered Covered Bonds are issued, then the following terms and conditions shall apply in addition to the terms and conditions set out in Conditions 1 (*Form, Denomination and Title*) to and including 18 (*Additional Obligations*) above. In the event of any inconsistency between Conditions 1 to and including 18 and this Condition 19, this Condition 19 will prevail with regard to Registered Covered Bonds.

### (b) *Nature of Registered Covered Bonds*

Registered Covered Bonds are registered claims (*vorderingen op naam*) which will be issued to each holder by a Registered Covered Bonds Deed. The holder of a Registered Covered Bond is the creditor of the relevant registered claim and “Covered Bondholder” shall be construed accordingly, provided that if the provision at the end of Condition 19(c) (*Transfer of Registered Covered Bonds*) applies, the transferee shall, from the moment the transfer takes effect be treated as a Covered Bondholder for all purposes, without prejudice to any entitlement of the transferor pursuant to Condition 19(e) (*Discharge of payment obligations*).

### (c) *Transfer of Registered Covered Bonds*

Under Dutch law, the valid transfer of Covered Bonds requires, among other things, delivery (*levering*) thereof, which in the case of Registered Covered Bonds is effected by assignment (*cessie*) of both the rights under the Registered Covered Bonds and the corresponding rights under the CB Guarantee by execution of an assignment deed (*akte*) between the transferor and the transferee and, in the case of a notified assignment, notification (*mededeling*) thereof to the Global Issuer and the CBC. A form of deed of assignment and notification is attached to each Registered Covered Bonds Deed. Registered Covered Bonds may be transferred in whole, but not in part, provided that (i) the relevant transferor and transferee may otherwise agree in the relevant assignment deed in respect of amounts that have accrued but not yet been paid in respect of the period up to the relevant transfer and (ii) in the case of an exchange of an interest in a Registered Covered Bond for a Registered Global Definitive Covered Bond, such part of the relevant Registered Global Covered Bond shall be transferred as corresponds to the relevant Registered Definitive Covered Bond.

### (d) *Register of holders of Registered Covered Bonds*

The Global Issuer shall procure that a register be kept by the CB Registrar in accordance with the provisions of the CB Agency Agreement (the “CB Register”). The CB Registrar shall register details of any holder of Registered Covered Bonds in the CB Register and amend the CB Register to reflect any transfer and/or redemption of Registered Covered Bonds.

*(e) Discharge of payment obligations*

Payments of principal, interest (if any) and any other amounts in respect of Registered Covered Bonds will be made to the person shown on the CB Register as being entitled to the relevant amount of principal or interest or other amount at the opening of business on the second Business Day falling prior to the due date of such payments. If any Registered Covered Bond holder transfers any Registered Covered Bond in accordance with Condition 19(c) (*Transfer of Registered Covered Bonds*) and the CB Trust Deed and such transfer is notified to the Global Issuer and the CBC prior to the close of business on the fifteenth Business Day before the due date for payment (the “Record Date”), the Global Issuer, the CBC and the CB Trustee will in respect of the Registered Covered Bond so transferred, be discharged from their respective payment obligations only by payment to or to the order of the transferee. If the notification of transfer of the relevant Registered Covered Bond is made after the close of business on the Record Date, (i) the risk that the transfer is not timely recorded in the CB Register is borne by the transferee and (ii) the Global Issuer, the CBC, the CB Trustee, the CB Registrar and the relevant CB Paying Agent shall not be liable as a result of any payment being made to the person shown in the CB Register in accordance with this Condition.

*(f) Notices to holders of Registered Covered Bonds*

Notices to holders of Registered Definitive

Covered Bonds shall be mailed or faxed to them at their respective addresses as recorded in the CB Register and shall be deemed to have been given on the fourth Business Day (being a day other than a Saturday or a Sunday) after the date of mailing and if and for so long as the Registered Covered Bonds are listed on Euronext Amsterdam will be published in the Daily Official List of Euronext Amsterdam.

Until such time as any Registered Definitive Covered Bonds are issued, there may, so long as the Registered Covered Bond(s) is or are held in its or their entirety through DTC (or a nominee on its behalf), be substituted for such publication in any newspaper or website the delivery of the relevant notice to DTC (or a nominee on its behalf) for communication by them to the holders of the beneficial interests in Registered Covered Bonds and, in addition, for so long as any Registered Covered Bonds are listed on Euronext Amsterdam, such notice will be published in the Daily Official List of Euronext Amsterdam. Any such notice delivered on or prior to 4.00 p.m. (local time) on a Business Day in the city in which it is delivered will be deemed to have been given to the holders of the Registered Covered Bonds on such Business Day. A notice delivered after 4.00 p.m. (local time) on a Business Day in the city in which it is delivered will be deemed to have been given to the holders of the Registered Covered Bonds on the next following business day in such city.

*(g) DTC*

For so long as any of the Registered Covered Bonds are represented by a Registered Global Covered Bond registered in the name of The Depository Trust Company (“DTC”) (or a nominee on its behalf), each person (other than DTC (or a nominee on its behalf)) who is for the time being shown in the records of DTC as the holder of a particular nominal amount of such Registered Covered Bonds (in which regard any certificate or other document issued by DTC as to such nominal amount of such Registered Covered Bonds standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Global Issuer, the CBC, the CB Paying Agents and the CB Trustee as the holder of such nominal amount of such Registered Covered Bonds for all purposes other than with respect to the payment of principal or interest or other amounts on such nominal amount of such Registered Covered Bonds and voting rights, giving consents and making requests, for which purpose the registered holder of the relevant Registered Global Covered Bond shall be treated by the Global Issuer, the CBC, any CB Paying Agent and the CB Trustee as the

holder of such nominal amount of such Registered Covered Bonds in accordance with and subject to the terms of the relevant Registered Covered Bonds Deed and the expressions “Covered Bondholder” and “holder of Covered Bonds” and related expressions shall be construed accordingly. In determining whether a particular person is entitled to a particular nominal amount of Registered Covered Bonds as aforesaid, the CB Trustee may rely on such evidence and/or information and/or certification as it shall, in its absolute discretion, think fit and, if it does so rely, such evidence and/or information and/or certification shall, in the absence of manifest error or an error established as such to the satisfaction of the CB Trustee, be conclusive and binding on all concerned. Registered Covered Bonds which are represented by a Registered Global Covered Bond will be transferable only in accordance with the rules and procedures for the time being of DTC.

(h) *Payments in respect of Registered Global Covered Bonds*

All amounts payable to DTC (or a nominee on its behalf) as holder of a Registered Global Covered Bond in respect of Covered Bonds denominated in a Specified Currency other than U.S. Dollars shall be paid by transfer by the CB Registrar to an account in the relevant Specified Currency of one or more of the transfer agents (the “CB Transfer Agents”) on behalf of DTC (or a nominee on its behalf) for payment in such Specified Currency or conversion into U.S. Dollars in accordance with the provisions of the CB Agency Agreement.

(i) *Payment Days*

For the purpose of Condition 5(e) (*Payment Day*), “Payment Day” means any day which (subject to Condition 8 (*Prescription*)) is in the case of any payment in respect of a Restricted Global Covered Bond denominated in a Specified Currency other than U.S. Dollars and registered in the name of DTC (or a nominee on its behalf) and, in respect of which an accountholder of DTC (with an interest in such Restricted Global Covered Bond) has elected to receive any part of such payment in U.S. Dollars, not a day on which banking institutions are authorised or required by law or regulation to be closed in New York City.

(j) *Transfer and Exchange of Registered Global Covered Bonds*

Registered Covered Bonds of each Tranche sold outside the United States to non-U.S. persons in accordance with Regulation S under the United States Securities Act of 1933, as amended (the “Securities Act”) will be represented by a permanent global Covered Bond in registered form (the “Reg. S Global Covered Bond”) issued pursuant to a Registered Covered Bonds Deed and Registered Covered Bonds of each Tranche sold to qualified institutional buyers (“QIBs”) (within the meaning of Rule 144A under the Securities Act (“Rule 144A”)) in reliance on Rule 144A or to other U.S. persons in transactions exempt from the registration requirements of the Securities Act will be represented by a permanent restricted global Covered Bond in registered form (the “Restricted Global Covered Bond” and, together with the “Reg. S Global Covered Bond”, the “Registered Global Covered Bonds”) issued pursuant to a Registered Covered Bonds Deed. Only Covered Bonds (to be) sold in reliance on Rule 144A can be sold in the United States or to U.S. persons in accordance with Rule 144A. Beneficial interests in a Registered Global Covered Bond will be exchangeable and transferable only in accordance with the rules and operating procedures for the time being of DTC (the “Applicable Procedures”).

Owners of beneficial interests in the Reg. S Global Covered Bond may transfer such interests, or may exchange such interests for beneficial interests in the Restricted Global Covered Bond, and owners of beneficial interests in the Restricted Global Covered Bond may transfer such interests, or may exchange such interests for beneficial interests in the Reg. S Global Covered Bond, in each case

subject as provided below, to the provisions of the relevant Registered Covered Bonds Deed and to the Applicable Procedures.

In the case of Registered Definitive Covered Bonds issued in exchange for interests in the Restricted Global Covered Bond, the assignment deed pertaining to such exchange shall in relation to the relevant Registered Definitive Covered Bonds bear the legend set forth on the Registered Covered Bonds Deed pertaining to such Restricted Global Covered Bond (the “Legend”). Upon the transfer or exchange of Registered Covered Bonds whose Registered Covered Bonds Deed or assignment deed, as the case may be, is bearing the Legend or upon specific request for removal of the Legend, the Legend shall be maintained unless there is delivered to the Global Issuer such satisfactory evidence as may reasonably be required by the Global Issuer, which may include an opinion of U.S. counsel, that neither the Legend nor the restrictions on transfer set forth therein are required to ensure compliance with the provisions of the Securities Act.

Interests in a Registered Global Covered Bond will be exchangeable, in whole but not in part, for Registered Definitive Covered Bonds if (i) DTC notifies the Issuer that it is unwilling or unable to continue as depositary with respect to such Registered Global Covered Bond, (ii) DTC ceases to be a “Clearing Agency” registered under the Securities Exchange Act of 1934, as amended, or announces its intention permanently to cease business, and a successor depositary or alternative clearing system satisfactory to the Global Issuer and the CB Principal Paying Agent is not available or (iii) a Global Issuer Event of Default has occurred and is continuing with respect to such Covered Bonds. Upon the occurrence of any of the events described in the preceding sentence, the Global Issuer will cause the appropriate interests in the relevant Registered Global Covered Bond to be exchanged for Registered Definitive Covered Bonds in accordance with the CB Agency Agreement, the CB Trust Deed and the relevant Registered Covered Bonds Deed.

If a holder of a beneficial interest in a Reg. S Global Covered Bond wishes at any time to exchange its interest in such Reg. S Global Covered Bond for an equivalent interest in a Restricted Global Covered Bond, or to transfer its interest, in whole or in part, such holder may, subject to the rules and procedures of the CB Registrar and in accordance with the CB Agency Agreement, the CB Trust Deed and the relevant Registered Covered Bonds Deed, exchange or transfer, as the case may be, such interest upon certification to the effect that (i) the exchange or transfer of such interest has been made in compliance with the transfer restrictions applicable to the Registered Covered Bond under U.S. law and pursuant to and in accordance with Regulation S, where applicable, and (ii) if applicable, such exchange has been made in compliance with the requirements of Rule 144A.

Transfers between participants in DTC will be effected in the ordinary way in accordance with the Applicable Procedures and will be settled in same-day funds.

Transfers by the owner of a beneficial interest in a Restricted Global Covered Bond to a transferee who takes delivery of such interest through the Reg. S Global Covered Bond will be made only upon receipt by the CB Registrar of a written certification from the transferor to the effect that such transfer is being made in accordance with Regulation S or, if applicable, that the interest in the Covered Bond being transferred is not a “restricted security” within the meaning of Rule 144A. Investors holding a beneficial interest in a Restricted Global Covered Bond who propose any such transfer must notify the CB Registrar and, subject to compliance with the provisions of the CB Agency Agreement, the CB Trust Deed and the relevant Registered Covered Bonds Deed, the CB Registrar shall take such action as appropriate to register the transfer of such beneficial interest in the Covered Bonds to or for the account of the purchaser. The Global Issuer shall not permit any such transfers unless there is delivered to the Global Issuer such satisfactory evidence as may reasonably be required by the Global Issuer, which may include an opinion of U.S. counsel that such transfer is in compliance with the Securities

Act; provided however, that the restriction in this sentence shall not apply to any transfers of an interest in a Covered Bond pursuant to Regulation S or of an interest in a Covered Bond which does not constitute a restricted security, within the meaning of Rule 144A.

Upon the terms and subject to the conditions set forth in the CB Agency Agreement, a Registered Definitive Covered Bond initially represented by a Registered Global Covered Bond may be transferred in whole or in part upon the CB Registrar, after due and careful enquiry, being satisfied with the documents of title and the identity of the person making the request and subject to such reasonable regulations as the Global Issuer and the CB Registrar may prescribe, including any restrictions imposed by the Global Issuer on transfers of Registered Covered Bonds originally sold to a U.S. person. In addition, if the Registered Definitive Covered Bond being transferred is the object of a Registered Covered Bonds Deed or an assignment deed, as the case may be, containing a Legend, additional certificates, to the effect that such exchange or transfer is in compliance with the restrictions contained in such Legend, may be required.

The costs and expenses of effecting any exchange or registration of transfer pursuant to the foregoing provisions (except for the expenses of delivery by other than regular mail (if any) and, if the Global Issuer shall so require, for the payment of a sum sufficient to cover any tax or other governmental charge or insurance charges that may be imposed in relation thereto which will be borne by the Covered Bondholder) will be borne by the Global Issuer.

## CHAPTER 23: SPRINTER CERTIFICATES ISSUED BY ING BANK N.V.

### PART 1: TERMS AND CONDITIONS OF THE SPRINTER CERTIFICATES

*The following are the Terms and Conditions of the Sprinter Certificates issued by the Global Issuer (the “General Sprinter Conditions”) which will be subject to completion and/or amendment in the applicable Final Terms. In the event of any inconsistency between the terms and conditions below and the Final Terms, the Final Terms shall prevail.*

ING Bank N.V. (the “Issuer”) may from time to time issue exercisable certificates (such exercisable certificates being hereinafter referred to as the “Sprinter Certificates”) issued pursuant to a Master Certificate Agreement dated as of 15 September 2008 (as modified, supplemented and/or restated as at the issue date of the Sprinter Certificates, the “Certificate Agreement”) between ING Bank N.V. (the “Issuer”), ING Bank N.V. as principal certificate agent (the “Principal Certificate Agent”, which expression shall include any additional or successor principal certificate agent) and the other certificate agents named therein (together with the Principal Certificate Agent, the “Certificate Agents”, which expression shall include any additional or successor certificate agents).

The Issuer shall undertake the duties of calculation agent (the “Calculation Agent”) in respect of the Sprinter Certificates as set out below and in the applicable Final Terms.

No Sprinter Certificates in definitive form will be issued. The Sprinter Certificates will be registered in uncertificated book entry form with the Nederlands Centraal Instituut voor Giraal Effectenverkeer B.V. (“Euroclear Netherlands”). No physical global certificates or certificates will be issued in respect of Sprinter Certificates. The Sprinter Certificates are issued subject to and in accordance with the Terms and Conditions herein, and are further subject to the Securities Giro Act (*Wet giraal effectenverkeer*) and the Rules for Book-Entry Deposits (*Reglement Girodepots*) and the Guidelines Euroclear Nederland (*Richtlijnen Euroclear Nederland*) issued by Euroclear Netherlands and from time to time amended (together the “Regulations”). The right to request delivery (*uitlevering*) of Sprinter Certificates is excluded.

All Sprinter Certificates will be distributed by the Issuer on a non-syndicated basis.

The applicable Final Terms for the Sprinter Certificates supplement these General Sprinter Conditions and may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with these General Sprinter Conditions, supplement, replace or modify these General Sprinter Conditions for the purposes of the Sprinter Certificates.

References herein to the “applicable Final Terms” are to the Final Terms registered with Euroclear Netherlands.

Copies of the Certificate Agreement and the applicable Final Terms may be obtained during normal office hours from the specified office of the Issuer.

Words and expressions defined in the Certificate Agreement or used in the applicable Final Terms shall have the same meanings where used in these General Sprinter Conditions unless the context otherwise requires or unless otherwise stated.

The Certificateholders (as defined in General Sprinter Condition 1(C)) are entitled to the benefit of and are deemed to have notice of and are bound by all the provisions of the Certificate Agreement (insofar as they relate to the Sprinter Certificates) and the applicable Final Terms, which are binding on them.

## 1 Type, Title and Transfer

### (A) Type

The Sprinter Certificates are Index Sprinter Certificates, Share Sprinter Certificates, Currency Sprinter Certificates, Commodity Sprinter Certificates, Fund Sprinter Certificates or Government Bond Sprinter Certificates. Certain terms which will, unless otherwise varied in the applicable Final Terms, apply to Index Sprinter Certificates, Share Sprinter Certificates, Commodity Sprinter Certificates, Currency Sprinter Certificates, Fund Sprinter Certificates and Government Bond Sprinter Certificates are set out in parts 2(A) to 2(F) of the Terms and Conditions of the Sprinter Certificates of this Chapter 23 as applicable.

### (B) Title to Sprinter Certificates

Title to the Sprinter Certificates shall pass by book-entry in accordance with the Securities Giro Act and the Regulations. Rights in respect of the Sprinter Certificates shall belong to a community to be subdivided into as many equal denominations (in the Regulations referred to as *coupures*) as there are Sprinter Certificates in the relevant series.

### (C) Transfers of Sprinter Certificates

Transfer and delivery of denominations shall take place solely between or through the intermediary of admitted institutions (“Admitted Institutions”, as defined in the Regulations as *aangesloten instellingen*) of Euroclear Netherlands. A holder of a co-ownership right in respect of the community of denominations is referred to as a “Certificateholder” or “holder of Certificates”.

### (D) Payments in respect of Sprinter Certificates

All payments in respect of the Sprinter Certificates shall be made in accordance with the Regulations. In particular, payment of principal or any other payments on or in respect of the Sprinter Certificates to the Certificateholders will be effected through Admitted Institutions (*aangesloten*) of Euroclear Netherlands. The Issuer shall deposit or cause to be deposited the funds intended for payment on the Sprinter Certificates to an account of Euroclear Netherlands. The Issuer will by such deposit be discharged of its obligations towards the Certificateholders. Euroclear Netherlands will be discharged of its obligation to pay by paying the relevant funds to the Admitted Institutions which according to Euroclear Netherlands’ record hold a share in the *girodepot* (as referred to in the Securities Giro Act) with respect to such Sprinter Certificates, the relevant payment to be made in proportion with the share in such *girodepot* held by each of such Admitted Institutions in accordance with the relevant provisions of the Rules for Book-Entry Deposits. Euroclear Netherlands shall not be obliged to make any payment in excess of funds it actually received as funds free of charges of any kind whatsoever.

Transfers of Sprinter Certificates may not be effected after (i) the exercise of such Sprinter Certificates pursuant to General Sprinter Condition 4, (ii) the date upon which the Issuer gives notice to the Certificateholders of] the occurrence of a Stop Loss Event; or (iii) the date upon which the Issuer gives notice to the Certificateholders of its intention to terminate the Sprinter Certificates as a result of an Issuer Call.

Any reference herein to Euroclear Netherlands shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system approved by the Issuer and the Principal Certificate Agent from time to time and notified to the Certificateholders in accordance with General Sprinter Condition 8.

*(E) Delivery of Sprinter Certificates*

Delivery of any Sprinter Certificates shall be effected by delivery against payment.

**2 Status of the Sprinter Certificates**

The Sprinter Certificates constitute direct, unsubordinated and unsecured obligations of the Issuer and rank *pari passu* among themselves and (save for certain debts required to be preferred by law) equally with all other unsecured obligations (other than subordinated obligations, if any) of the Issuer from time to time outstanding.

**3 Exercise and Termination; Cash Settlement***(A) Exercise*

Provided no Stop Loss Event has occurred, and notwithstanding notice of an Issuer Call, the Sprinter Certificates are exercisable on any Exercise Date by delivery of a Notice prior to the Exercise Time on an Exercise Date.

*(B) Stop Loss Event*

Following a Stop Loss Event, the Sprinter Certificates will terminate automatically. A Stop Loss Event will override an Issuer Call and/or due Exercise if the Stop Loss Event occurs prior to or on an Issuer Call Date or Valuation Date as the case may be.

*(C) Issuer Call*

The Issuer may terminate, subject to a valid Exercise or a Stop Loss Event, the Sprinter Certificates, in whole but not in part, on any Business Day by giving Certificateholders at least the Issuer Call Notice Period notice of its intention to terminate the Sprinter Certificates, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with General Sprinter Condition 8, and shall specify the Issuer Call Date and Settlement Date.

*(D) Cash Settlement*

Each Sprinter Certificate entitles its holder, upon due Exercise, termination pursuant to an Issuer Call or following a Stop Loss Event, to receive from the Issuer on the Settlement Date either:

- (i) the Exercise Cash Settlement Amount, following a valid Exercise;
- (ii) the Issuer Call Cash Settlement Amount, following a valid Issuer Call; or
- (iii) the Stop Loss Cash Settlement Amount, following a Stop Loss Event.

Each of the Exercise Cash Settlement Amount, the Issuer Call Cash Settlement Amount and the Stop Loss Cash Settlement Amount is hereinafter referred to as a “Cash Settlement Amount”.

The Cash Settlement Amount will be subject to deduction of Expenses.

The Issuer shall on the Settlement Date pay or cause to be paid the Cash Settlement Amount (if any) for each Sprinter Certificate to the Certificateholder’s account for value on the Settlement Date less any Expenses.

*(E) General*

The Calculation Agent shall give notice to the holders of the Sprinter Certificates, in accordance with General Sprinter Condition 8, of the occurrence of a Disrupted Day if it results in the postponement of any payment or delivery in respect of the Sprinter Certificates.

**4 Exercise Procedure***(A) Notice*

Sprinter Certificates may only be exercised by the delivery, or the sending by tested telex (confirmed in writing), of a duly completed notice (a “Notice”) in the form set out in the Certificate Agreement (copies of which form may be obtained from Euroclear Netherlands and the Certificate Agents during normal office hours) to Euroclear Netherlands with a copy to the Principal Certificate Agent in accordance with the provisions set out in General Sprinter Condition 3 and this General Sprinter Condition.

The Notice shall (among other things):

- (i) specify the series number of the Sprinter Certificates and the number of Sprinter Certificates being exercised;
- (ii) specify the number of the Certificateholder’s account at Euroclear Netherlands to be debited with the Sprinter Certificates being exercised;
- (iii) irrevocably instruct Euroclear Netherlands to debit on or before the Settlement Date the Certificateholder’s account with the Sprinter Certificates being exercised;
- (iv) specify the number of the Certificateholder’s account at Euroclear Netherlands to be credited with the Cash Settlement Amount (if any) for each Sprinter Certificate being exercised;
- (v) include an undertaking to pay all taxes, duties and/or expenses, including any applicable depository charges, transaction or exercise charges, stamp duty, stamp duty reserve tax, issue, registration, securities transfer and/or other taxes or duties arising in connection with the exercise of such Sprinter Certificates and an authority to Euroclear Netherlands to deduct an amount in respect thereof from any Cash Settlement Amount due to such Certificateholder and/or to debit a specified account of the Certificateholder at Euroclear Netherlands in respect thereof and to pay such Expenses; and
- (vi) authorise the production of such certification in any applicable administrative or legal proceedings,

all as provided in the Certificate Agreement.

*(B) Verification of the Certificateholder*

Upon receipt of a Notice, Euroclear Netherlands shall verify that the person exercising the Sprinter Certificates is the holder thereof according to the books of Euroclear Netherlands. Subject thereto, Euroclear Netherlands will confirm to the Principal Certificate Agent the series number and number of Sprinter Certificates being exercised and the account details, if applicable, for the payment of the Cash Settlement Amount. Upon receipt of such confirmation, the Principal Certificate Agent will inform the Issuer thereof. Euroclear Netherlands will on or before the Settlement Date debit the account of the relevant Certificateholder with the Sprinter Certificates being exercised. Upon exercise of less than all

the Sprinter Certificates, a depositary or common depositary for the relevant clearing system(s) will, on the instructions of, and on behalf of, the Principal Certificate Agent, note such exercise and the number of Sprinter Certificates so constituted shall be reduced by the cancellation *pro tanto* of the Sprinter Certificates so exercised.

(C) *Determinations*

Any determination as to whether a Notice is duly completed and in proper form shall be made by Euroclear Netherlands in consultation with the Principal Certificate Agent, and shall be conclusive and binding on the Issuer, the Certificate Agents and the relevant Certificateholder.

**Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Certificate Agent immediately after being delivered or sent to Euroclear Netherlands as provided in paragraph (A) above, shall be null and void.**

If such Notice is subsequently corrected to the satisfaction of Euroclear Netherlands in consultation with the Principal Certificate Agent, it shall be deemed to be a new Notice submitted at the time such correction was delivered to or Euroclear Netherlands and the Principal Certificate Agent.

**Any Sprinter Certificate with respect to which the Notice has not been duly completed and delivered in the manner set out above by the cut-off time specified in General Sprinter Condition 3(A) shall become void.**

Neither the Issuer nor the Certificate Agents shall be liable to any person with respect to any action taken or omitted to be taken by them in connection with any determination as to whether a Notice is complete or in proper form or the notification of such determination to a Certificateholder.

(D) *Delivery of a Notice*

Delivery of a Notice shall constitute an irrevocable election by the relevant Certificateholder to exercise the Sprinter Certificates specified. After the delivery of such Notice, such exercising Certificateholder may not transfer such Sprinter Certificates.

(E) *Exercise Risk*

Exercise of the Sprinter Certificates is subject to all applicable laws, regulations and practices in force on the relevant exercise date and none of the Issuer or any Certificate Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. None of the Issuer or the Certificate Agents shall under any circumstances be liable for any acts or defaults of Euroclear Netherlands in relation to the performance of its duties in relation to the Sprinter Certificates.

(F) *Minimum and Maximum Number of Sprinter Certificates Exercisable*

The number of Sprinter Certificates exercisable by any Certificateholder on the Exercise Date, as determined by the Issuer, must not be less than one. Any Notice which purports to exercise Sprinter Certificates in breach of this provision shall be void and of no effect. There is no maximum subscription amount unless otherwise stated in the relevant Final Terms.

## 5 Illegality

If the Issuer determines that the performance of its obligations under the Sprinter Certificates or any arrangement made to hedge its obligations thereunder has become illegal or otherwise prohibited in whole or

in part for any reason, the Issuer may cancel the Sprinter Certificates by giving notice to Certificateholders in accordance with General Sprinter Condition 8.

Should any one or more of the provisions contained in these General Sprinter Conditions be or become invalid, the validity of the remaining provisions shall not in any way be affected thereby.

If the Issuer cancels the Sprinter Certificates then the Issuer will, if and to the extent permitted by applicable law, pay an amount to each Certificateholder in respect of each Sprinter Certificate held by such holder, which amount shall be the fair market value of a Sprinter Certificate notwithstanding such illegality or prohibition less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Sprinter Certificate, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions all as determined by the Calculation Agent. Payment will be made in such manner as shall be notified to the Certificateholders in accordance with General Sprinter Condition 8.

## **6 Purchases**

The Issuer may, but is not obliged to, at any time purchase Sprinter Certificates at any price in the open market or by tender or private treaty. Any Sprinter Certificates so purchased may be held or resold or surrendered for cancellation.

## **7 Agents, Determinations and Modifications**

### *(A) Certificate Agents*

The specified offices of the Certificate Agents are as set out at the end of these General Sprinter Conditions.

The Issuer reserves the right at any time to vary or terminate the appointment of any Certificate Agent and to appoint further or additional Certificate Agents, provided that no termination of appointment of the Principal Certificate Agent shall become effective until a replacement Principal Certificate Agent shall have been appointed and provided that, so long as any of the Sprinter Certificates are listed or admitted to trading on a stock exchange, there shall be a Certificate Agent having a specified office in each location (if any) required by the rules and regulations of the relevant stock exchange. Notice of any termination of appointment and of any changes in the specified office of any Certificate Agent will be given to Certificateholders in accordance with General Sprinter Condition 8. In acting under the Certificate Agreement, each Certificate Agent acts solely as agent of the Issuer and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Certificateholders and any determinations and calculations made in respect of the Sprinter Certificates by any Certificate Agent shall (save in the case of manifest error) be final, conclusive and binding on the Issuer and the Certificateholders.

### *(B) Calculation Agent/Issuer*

In relation to each issue of Sprinter Certificates, the Calculation Agent (whether it be the Issuer or another entity) acts solely as agent of the Issuer and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Certificateholders. For the purposes of the Sprinter Certificates, any determinations, calculations or other decisions made by the Calculation Agent and/or the Issuer under or pursuant to the terms of the Sprinter Certificates shall be made in its/their sole and absolute discretion. All such determinations, calculations or other decisions of the Calculation Agent and/or the Issuer shall (save in the case of manifest error) be final, conclusive and binding on all parties, and neither the Calculation Agent nor the Issuer shall have any liability to any person therefor.

The Calculation Agent may, with the consent of the Issuer, delegate any of its obligations and functions to a third party as it deems appropriate.

*(C) Modifications*

The Issuer may modify these General Sprinter Conditions and/or the Certificate Agreement without the consent of the Certificateholders in any manner which the Issuer may deem necessary or desirable provided that such modification is not materially prejudicial to the interests of the Certificateholders or such modification is of a formal, minor or technical nature or to correct a manifest error or to cure, correct or supplement any defective provision contained herein and/or therein. Notice of any such modification will be given to the Certificateholders in accordance with General Sprinter Condition 8 but failure to give, or non-receipt of, such notice will not affect the validity of any such modification.

## **8 Notices**

All notices to Certificateholders shall be valid if delivered to Euroclear Netherlands for communication by them to the holders of the Sprinter Certificates and, in addition, for so long as any Sprinter Certificates are listed or admitted to trading on a stock exchange and the rules of that stock exchange (or any other relevant authority) so require, such notice will be published in the manner required by the rules of that stock exchange (or other relevant authority). Notice shall be deemed to have been given to the holders of the Sprinter Certificates on the first day after the day on which the said notice was given to Euroclear Netherlands.

## **9 Expenses and Taxation**

- (A) A holder of Sprinter Certificates must pay all Expenses relating to such Sprinter Certificates as provided above.
- (B) The Issuer shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer, exercise or enforcement of any Sprinter Certificate and all payments made by the Issuer shall be made subject to any such tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted.

## **10 Further Issues**

The Issuer shall be at liberty from time to time without the consent of Certificateholders to create and issue further Sprinter Certificates so as to be consolidated with and form a single series with the outstanding Sprinter Certificates.

## **11 Substitution of the Issuer**

- (A) The Issuer may, without any further consent of the Certificateholders being required, when no payment or delivery obligation on any of the Sprinter Certificates is in default, be replaced and substituted by any directly or indirectly wholly owned subsidiary of the Issuer (the “Substituted Obligor”) as principal obligor in respect of the Sprinter Certificates provided that:
  - (i) such documents shall be executed by the Substituted Obligor and the Issuer as may be necessary to give full effect to the substitution (together the “Documents”) and (without limiting the generality of the foregoing) pursuant to which the Substituted Obligor shall undertake in favour of each Certificateholder to be bound by the General Sprinter Conditions of the Sprinter Certificates and the provisions of the Certificate Agreement as fully as if the Substituted Obligor had been named in the Sprinter Certificates and the Certificate Agreement

as the principal obligor in respect of the Sprinter Certificates in place of the Issuer and pursuant to which the Issuer shall guarantee, which guarantee shall be unconditional and irrevocable, (the “Guarantee”) in favour of each Certificateholder the performance by the Substituted Obligor of all obligations under the Sprinter Certificates;

- (ii) the Documents shall contain a covenant by the Substituted Obligor and the Issuer to indemnify and hold harmless each Certificateholder against all liabilities, costs, charges and expenses (provided that insofar as the liabilities, costs, charges and expenses are taxes or duties, the same arise by reason of a law or regulation having legal effect or being in reasonable contemplation on the date such substitution becomes effective) which may be incurred by or levied against such holder as a result of any substitution pursuant to this General Sprinter Condition and which would not have been so incurred or levied had such substitution not been made (and, without limiting the foregoing, such liabilities, costs, charges and expenses shall include any and all taxes or duties which are imposed on any such Certificateholder by any political subdivision or taxing authority of any country in which such Certificateholder resides or is subject to any such tax or duty and which would not have been so imposed had such substitution not been made);
- (iii) the Documents shall contain a warranty and representation by the Substituted Obligor and the Issuer (a) that each of the Substituted Obligor and the Issuer has obtained all necessary governmental and regulatory approvals and consents for such substitution and the performance of its obligations under the Documents, and that all such approvals and consents are in full force and effect and (b) that the obligations assumed by each of the Substituted Obligor and the Issuer under the Documents are all valid and binding in accordance with their respective terms and enforceable by each Certificateholder;
- (iv) each stock exchange which has Sprinter Certificates listed or admitted to trading thereon shall have confirmed that following the proposed substitution of the Substituted Obligor such Sprinter Certificates would continue to be listed or admitted to trading (as the case may be) on such stock exchange;
- (v) the Substituted Obligor shall have delivered to the Principal Certificate Agent or procured the delivery to the Principal Certificate Agent of a legal opinion from a leading firm of local lawyers acting for the Substituted Obligor to the effect that the Documents constitute legal, valid and binding obligations of the Substituted Obligor, such opinion to be dated not more than three days prior to the date of substitution of the Substituted Obligor for the Issuer and to be available for inspection by Certificateholders at the specified office of the Principal Certificate Agent;
- (vi) the Issuer shall have delivered to the Principal Certificate Agent or procured the delivery to the Principal Certificate Agent of a legal opinion from the internal legal adviser to the Issuer to the effect that the Documents (including the Guarantee) constitute legal, valid and binding obligations of the Issuer, such opinion to be dated not more than three days prior to the date of substitution of the Substituted Obligor for the Issuer and to be available for inspection by Certificateholders at the specified office of the Principal Certificate Agent;
- (vii) the Issuer shall have delivered to the Principal Certificate Agent or procured the delivery to the Principal Certificate Agent of a legal opinion from a leading firm of English lawyers to the effect that the Documents (including the Guarantee) constitute legal, valid and binding obligations of the Substituted Obligor and the Issuer under English law, such opinion to be dated not more than three days prior to the date of substitution of the Substituted Obligor for the

Issuer and to be available for inspection by Certificateholders at the specified office of the Principal Certificate Agent; and

- (viii) the Substituted Obligor (if not incorporated in England) shall have appointed a process agent as its agent in England to receive service of process on its behalf in relation to any legal action or proceedings arising out of or in connection with the Certificates or the Documents.
- (B) In connection with any substitution effected pursuant to this General Sprinter Condition, neither the Issuer nor the Substituted Obligor need have any regard to the consequences of any such substitution for individual Certificateholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory and no Certificateholder, except as provided in General Sprinter Condition 11(A)(ii), shall be entitled to claim from the Issuer or any Substituted Obligor under the Certificates any indemnification or payment in respect of any tax or other consequences arising from such substitution.
- (C) Upon the execution of the Documents as referred to in paragraph (A) above, and subject to the notification as referred to in paragraph (E) below having been given, the Substituted Obligor shall be deemed to be named in the Sprinter Certificates as the principal obligor in place of the Issuer and the Sprinter Certificates shall thereupon be deemed to be amended to give effect to the substitution. - (D) The Documents shall be deposited with and held by the Principal Certificate Agent for so long as any Sprinter Certificates remain outstanding and for so long as any claim made against the Substituted Obligor by any Certificateholder in relation to the Sprinter Certificates or the Documents shall not have been finally adjudicated, settled or discharged. ## **12 Contracts (Rights of Third Parties) Act 1999**

The Sprinter Certificates do not confer on a third party any right under the Contracts (Rights of Third Parties) Act 1999 (the “Act”) to enforce any term of the Sprinter Certificates but this does not affect any right or remedy of a third party which exists or is available apart from the Act.

## **13 Governing Law and Jurisdiction**

The Sprinter Certificates and the Certificate Agreement are governed by, and shall be construed in accordance with, English law.

The Courts of England are to have jurisdiction to settle any disputes that may arise out of or in connection with any Sprinter Certificates or the Certificate Agreement and accordingly any legal action or proceedings arising out of or in connection with any Sprinter Certificates or the Certificate Agreement (“Proceedings”) may be brought in such courts. The Issuer irrevocably submits to the jurisdiction of the courts of England and waives any objection to Proceedings in such courts on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum. This submission is made for the benefit of each of the holders of the Sprinter Certificates and shall not affect the right of any of them to take Proceedings

in any other court of competent jurisdiction nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not).

The Issuer irrevocably appoints the General Manager for the time being of its London Branch, currently at 60 London Wall, London EC2M 5TQ as its agent in England to receive, for it and on its behalf, service of process in any Proceedings in England. Such service shall be deemed completed on delivery to such process agent (whether or not it is forwarded to and received by the Issuer). If for any reason such process agent ceases to be able to act as such or no longer has an address in London, the Issuer irrevocably agrees to appoint a substitute process agent and shall immediately notify Certificateholders of such appointment in accordance with General Sprinter Condition 8. Nothing shall affect the right to serve process in any manner permitted by law.

## 2 Adjustments, Consequences of Certain Events and Currency

### (A) *Market Disruption Events*

The Issuer shall, as soon as reasonably practicable under the circumstances notify the Certificateholders in accordance with General Sprinter Condition 8 if the Calculation Agent determines that a Market Disruption Event has occurred. The Issuer may make adjustments to the terms and conditions of the Sprinter Certificates in order to account for any Market Disruption Event if it considers it appropriate to do so. The Issuer shall give notice to the holders of the Sprinter Certificates of any such adjustment in accordance with General Sprinter Condition 8.

*(B) Adjustments*

If the Calculation Agent determines that a Potential Adjustment Event has occurred in respect of the Share or that there has been an adjustment to the settlement terms of listed contracts on the Share traded on a Related Exchange, the Calculation Agent will determine whether such Potential Adjustment Event or adjustment has a diluting or concentrative effect on the theoretical value of the Share and, if so, will (a) request the Issuer to make the corresponding adjustment(s), if any, to any of the terms and conditions of the Sprinter Certificates as the Calculation Agent determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividend, stock loan rate or liquidity) and (b) determine the effective date(s) of the adjustment(s). The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event or adjustment to settlement terms made by an options exchange to options on the Share traded on that options exchange.

*(C) Consequences of a Merger Event*

If the Calculation Agent determines that a Merger Event has occurred in respect of the Share, the Issuer may:

- (i) cancel the Sprinter Certificates by giving notice to Certificateholders in accordance with General Sprinter Condition 8. If the Sprinter Certificates are so cancelled the Issuer will pay an amount to each Certificateholder in respect of each Sprinter Certificate held by it which amount shall be the fair market value of a Sprinter Certificate taking into account the Merger Event less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Sprinter Certificate, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions all as determined by the Calculation Agent. Payments will be made in such manner as shall be notified to the Certificateholders in accordance with General Sprinter Condition 8;
- (ii) make such adjustment to the exercise, settlement, payment or any other term or condition of the Sprinter Certificates as the Calculation Agent determines appropriate to account for the economic effect on the Sprinter Certificates of such Merger Event (provided that no adjustments will be made solely to account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Share or to the Sprinter Certificates), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Merger Event by an options exchange to options on the Share traded on such options exchange and determine the effective date of that adjustment; and/or
- (iii) save in respect of a Reverse Merger, on or after the relevant Merger Date, deem the New Shares and/or the amount of Other Consideration, if applicable (as subsequently modified in accordance with any relevant terms and including the proceeds of any redemption, if applicable), and their issuer (if any) to be the relevant “Shares” and the relevant “Share Issuer”, respectively, and if the Calculation Agent determines to be appropriate, the Issuer will adjust any relevant terms and conditions of the Certificates as it may determine.

The Issuer shall give notice of such cancellation, adjustment or deemed change to Certificateholders in accordance with General Sprinter Condition 8.

### 3 Consequences of a Tender Offer

If the Calculation Agent determines that a Tender Offer has occurred in respect of the Share, then on or after the relevant Tender Offer Date the Issuer may:

- (i) cancel the Sprinter Certificates by giving notice to Certificateholders in accordance with General Sprinter Condition 8. If the Sprinter Certificates are so cancelled the Issuer will pay an amount to each Certificateholder in respect of each Sprinter Certificate held by it which amount shall be the fair market value of a Sprinter Certificate taking into account the Tender Offer less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Sprinter Certificate, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions all as determined by the Calculation Agent. Payments will be made in such manner as shall be notified to the Certificateholders in accordance with General Sprinter Condition 8; or
- (ii) make such adjustment to the exercise, settlement, payment or any other term or condition of the Sprinter Certificates as the Calculation Agent determines appropriate to account for the economic effect on the Sprinter Certificates of such Tender Offer (provided that no adjustments will be made to account solely for changes in volatility or liquidity relevant to the Shares or to the Sprinter Certificates), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Tender Offer by an options exchange to options on the Share traded on such options exchange and determine the effective date of that adjustment.

The Calculation Agent shall give notice of such cancellation or adjustment to Certificateholders in accordance with General Sprinter Condition 8.

### 4 Nationalisation, Insolvency or De-listing

If in respect of the Share or a Share Issuer the Calculation Agent determines that there has been a Nationalisation, an Insolvency or a De-listing, the Issuer may (i) request the Calculation Agent to determine the appropriate adjustment, if any, to be made to any of the terms and conditions of the Sprinter Certificates to account for the Nationalisation, Insolvency or Delisting, as the case may be, and determine the effective date of that adjustment or (ii) cancel the Sprinter Certificates. If the Sprinter Certificates are so cancelled the Issuer will pay an amount to each Certificateholder in respect of each Sprinter Certificate held by it which amount shall be the fair market value of a Sprinter Certificate taking into account the Nationalisation, Insolvency or De-listing (as the case may be), less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Sprinter Certificate, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions all as determined by the Calculation Agent. Payments will be made in such manner as shall be notified to the Certificateholders in accordance with General Sprinter Condition 8. Notice of any cancellation of the Sprinter Certificates or determination pursuant to this paragraph shall be given to Certificateholders in accordance with General Sprinter Condition 8.

### 5 Change of Exchange

If an Exchange is changed, the Issuer may make such consequential modifications to the Entitlement and such other terms and conditions of the Sprinter Certificates as it may deem necessary.

## **6 Price Correction**

In the event that any price or level published on the Exchange and which is utilised for any calculation or determination made under the Sprinter Certificates is subsequently corrected and the correction is published by the Exchange within three Business Days (or such other period as may be specified in the Final Terms) after the original publication, the Calculation Agent has the right, but not the obligation, to determine the amount (if any) that is payable following that correction, and, to the extent necessary, the Issuer may adjust the terms and conditions of the Sprinter Certificates to account for such correction.

## **7 Currency**

If the Calculation Agent determines that any event occurs affecting a currency (whether relating to the convertibility of any such currency into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to any terms and conditions of the Sprinter Certificates (including the date on which any amount is payable by the Issuer), the Issuer may make such adjustment or adjustments to the terms and conditions of the Sprinter Certificates as it deems necessary. The Issuer shall give notice to the Certificateholders of any such adjustment in accordance with General Sprinter Condition 8.

## **8 Additional Market Disruption Events**

If the Calculation Agent determines that an Additional Market Disruption Event has occurred, the Issuer may, if and to the extent permitted by applicable law, pay an amount to each Certificateholder in respect of each Sprinter Certificate held by such holder which amount shall be the fair market value (as determined by the Calculation Agent) as at the date of payment taking into account the Additional Market Disruption Event, less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Sprinter Certificate, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions. Notice of any determination pursuant to this paragraph shall be given to Certificateholders in accordance with General Sprinter Condition 8.

## **9 Change in currencies**

If, at any time after the Issue Date of the Sprinter Certificates, there is any change in the currency in which the Share is quoted, listed and/or dealt on the Exchange, then the Issuer will adjust such of the terms and conditions of the Sprinter Certificates as the Calculation Agent determines appropriate to preserve the economic terms of the Sprinter Certificates. The Calculation Agent will make any conversion necessary for purposes of any such adjustment as of the Valuation Time at an appropriate mid-market spot rate of exchange determined by the Calculation Agent prevailing as of the Valuation Time. No adjustments under this section will affect the currency denomination of any payment obligation arising out of the Sprinter Certificates.

**“Settlement Currency”** means the currency specified as such in the applicable Final Terms.

**“Settlement Date”** means, unless otherwise specified in the applicable Final Terms, (i) in relation to Exercise, the fourth Business Day following the Valuation Date, (ii) in relation to the Issuer Call, the date specified as such in the notice delivered in accordance with General Sprinter Condition 3, or (iii) in relation to a Stop Loss Event, the fourth Business Day following the Stop Loss Termination Valuation Date.

**“Short Government Bond Sprinter Certificate”** means a Sprinter Certificate designated as such in the applicable Final Terms.

**“Stop Loss Event”** occurs if, unless otherwise specified in the applicable Final Terms, subject to any adjustment in accordance with Government Bond Sprinter Certificate Condition 2, the Reference Asset Price (which shall be deemed to be a monetary value in the Financing Level Currency) on the Exchange on any Scheduled Trading Day, from and including the Trade Date, other than at a time at which there is, in the determination of the Calculation Agent, a Market Disruption Event, (1) in the case of a Long Government Bond Sprinter Certificate, less than or equal to the Stop Loss Price; or (2) in the case of a Short Government Bond Sprinter Certificate, greater than or equal to the Stop Loss Price. If no such price is available the price will be determined by the Calculation Agent in its absolute discretion.

**“Stop Loss Price”** means an amount calculated on each Reset Date (which shall be deemed to be a monetary value in the Financing Level Currency), subject to adjustment in accordance with Government Bond Sprinter Certificate Condition 2, determined by the Calculation Agent in its sole and absolute discretion, as:

(1) in the case of a Long Government Bond Sprinter Certificate:

- (a) the Current Financing Level; plus
- (b) the Current Stop Loss Premium.

(2) in the case of a Short Government Bond Sprinter Certificate:

- (a) the Current Financing Level; minus
- (b) the Current Stop Loss Premium.

The Stop Loss Price will be rounded in the manner specified in the applicable Final Terms as **“Stop Loss Price Rounding”**. The Stop Loss Price on the Trade Date shall be the amount specified as such in the applicable Final Terms.

**“Stop Loss Termination Date”** means the first Scheduled Trading Day on which the Stop Loss Event occurs.

**“Stop Loss Termination Reference Price”** means, unless otherwise specified in the relevant Final Terms, subject to adjustment in accordance with Government Bond Sprinter Certificate Condition 2, an amount (which shall be deemed to be a monetary value in the Financing Level Currency) determined by the Calculation Agent in its sole and absolute discretion to be the fair value price for the Reference Asset as determined by the Calculation Agent by reference to unwinding of the hedging position on a best efforts basis.

(1) in the case of a Long Government Bond Sprinter Certificate the Stop Loss Termination Reference Price will be at most the lowest level of the Reference Asset Price on the Stop Loss Termination Valuation Date; or

(2) in the case of a Short Government Bond Sprinter Certificate the Stop Loss Termination Reference Price will be at most the highest level of the Reference Asset Price on the Stop Loss Termination Valuation Date.

**“Stop Loss Termination Valuation Date”** means the last Scheduled Trading Day during the Stop Loss Termination Valuation Period.

**“Stop Loss Termination Valuation Period”** means a reasonable period following the Stop Loss Event, as determined by the Calculation Agent in its sole and absolute discretion, which period shall be determined by the liquidity in the underlying market and shall not be greater than 2 days (and excluding for this purpose any period during which a Market Disruption Event is continuing). **“Tax Disruption”** means the imposition of, change in or removal of an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to the Reference Asset (other than a tax on, or measured by reference to, overall gross or net income) by any government or taxation authority after the Issue Date, if the direct effect of such imposition, change or removal is to raise or lower the Reference Asset Price on the Valuation Date and/or on each of the three Scheduled Trading Days following the Valuation Date and/or during the Stop Loss Termination Valuation Period from what it would have been without that imposition, change or removal.

**“Termination Reference Price”** means an amount (which shall be deemed to be a monetary value in the Financing Level Currency) equal to the Reference Asset Price on the Exchange at the Valuation Time adjusted for any reasonable market-making spreads, on the Issuer Call Date as determined by or on behalf of the Calculation Agent. **“Trade Date”** means the date specified as such in the applicable Final Terms.

**“Trading Disruption”** means, in respect of the Reference Asset, the material suspension of, or the material limitation imposed on, trading in the Reference Asset on the Exchange or Related Exchange.

**“Trading Hours”** means as regards each Exchange its regular scheduled opening hours on each Scheduled Trading Day.

**“Valuation Date”** means the date or dates specified as such in the applicable Final Terms, unless, in the determination of the Calculation Agent, such day is a Disrupted Day. If the Calculation Agent determines that such day is a Disrupted Day, then the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the Relevant Number of Scheduled Trading Days immediately following the original date that, but for the determination by the Calculation Agent of the occurrence of a Disrupted Day, would have been the Valuation Date is a Disrupted Day. In that case, (i) the last day of the Relevant Number of Scheduled Trading Days shall be deemed to be the Valuation Date notwithstanding the fact that such day is a Disrupted Day and (ii) the Calculation Agent shall determine the Final Reference Price having regard to the then prevailing market conditions, the last reported Reference Asset Price and such other factors as the Calculation Agent determines to be relevant.

“**Valuation Time**” means the close of trading on the Exchange, or such other time as the Issuer may determine in its absolute discretion and notify to Certificateholders in accordance with General Sprinter Condition 8.

## 2 Adjustments

### (A) *Market Disruption Event*

The Issuer shall, as soon as reasonably practicable under the circumstances notify the Certificateholders in accordance with General Sprinter Condition 8 if the Calculation Agent determines that a Market Disruption Event has occurred. The Issuer may make adjustments to the terms and conditions of the Sprinter Certificates in order to account for any Market Disruption Event if it considers it appropriate to do so. The Issuer shall give notice to the holders of the Sprinter Certificates of any such adjustment in accordance with General Sprinter Condition 8. Corrections

If the Calculation Agent determines in respect of any Reference Asset Price, that the price published or announced and used or to be used by the Calculation Agent in any calculation or determination made or to be made in respect of the Sprinter Certificates is subsequently corrected and the correction is published or announced by the person responsible for that publication or announcement within three Business Days (or such other period specified in the Final Terms) after the original publication or announcement, the Calculation Agent has the right, but not the obligation, to determine, in its sole and absolute discretion, the amount (if any) that is payable following that correction, and, whether any adjustment to the terms and conditions of the Sprinter Certificates is required to account for such correction. If the Calculation Agent determines that an adjustment to the terms and conditions is required, the Issuer may as soon as reasonably practicable adjust the terms and conditions of the Sprinter Certificates to account for such correction. Currency

If the Calculation Agent determines that any event occurs affecting a currency (whether relating to the convertibility of any such currency into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to the terms and conditions of the Sprinter Certificates (including the date on which any amount is payable by the Issuer), the Issuer may make such adjustment or adjustments to the terms and conditions of the Sprinter Certificates as it deems necessary. The Issuer shall give notice to the holders of the Sprinter Certificates of any such adjustment in accordance with General Sprinter Condition 8.

### (B) *Additional Market Disruption Events*

If the Calculation Agent determines that an Additional Market Disruption Event has occurred, the Issuer may, if and to the extent permitted by applicable law, pay an amount to each Certificateholder in respect of each Sprinter Certificate held by such holder, which shall be the fair market value (as determined by the Calculation Agent) as at the date of such payment taking into account the Additional Market Disruption Event less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Sprinter Certificate, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions. Notice of any determination pursuant to this paragraph shall be given to Certificateholders in accordance with General Sprinter Condition 8.

### (C) *Change in Currency*

If, at any time after the Issue Date, there is any change in the currency in which the Reference Asset is quoted, listed and/or dealt on the relevant Price Source and/or Exchange, then the Issuer will adjust such

of the terms and conditions of the Sprinter Certificates as the Calculation Agent determines appropriate to preserve the economic terms of the Sprinter Certificates. The Calculation Agent will make any conversion necessary for the purposes of any such adjustment as of the Valuation Time at an appropriate mid-market spot rate of exchange determined by the Calculation Agent prevailing as of the Valuation Time. No adjustments under this section will affect the currency denomination of any payment obligation arising out of the Sprinter Certificates.
